**Section I. Instructions to Bidders**

<b>A. General</b>		
<b>1. Scope of Bid</b>		
1.1	The Purchaser, as indicated in the Bid Data Sheet (BDS), issues these Bidding Documents for the supply of Goods and Services incidental thereto as specified in Section V, Schedule of Supply. Tender number and tender description, lot numbers and lot description are provided in the BDS.	
1.2	All bids are to be completed and returned to the Purchaser in accordance with these instructions to the bidders.	
1.3	Throughout this Bidding Document :	
	a.	the term “in writing” means communicated in written form with proof of receipt;
	b.	if the context so requires, singular means plural and vice versa; and
	c.	“day” means calendar day
<b>2. Fraud and Corruption</b>		
2.1	It is Corporation policy to require that Purchasers, Bidders and Suppliers observe the highest standards of ethics during the procurement and execution of contracts. <sup>1</sup> In pursuance of this policy, the Corporation:	
	a.	defines, for the purposes of this provision, the terms set forth below as follows:
	i.	“Corrupt practice” <sup>2</sup> is the offering, giving, receiving or soliciting, directly or indirectly, of anything of value <sup>3</sup> to influence improperly the actions of another party;
	ii.	“Fraudulent practice” <sup>4</sup> is any intentional act or omission, including a misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain a financial or other benefit or to avoid an obligation;

<sup>1</sup> In this context, any action taken by a Bidder, and Supplier to influence the procurement process or contract execution for undue advantage is improper.

<sup>2</sup> “another party” refers to a Corporation official acting in relation to the procurement process or contract execution. In this context, “Corporation official” includes employees of BPC taking or reviewing procurement decisions.

<sup>3</sup> “anything of value” includes, but is not limited to, any gift, loan, fee, commission, valuable security or other asset or interest in an asset, any office, employment or contract; any payment, discharge or liquidation of any loan, obligation or other liability whatsoever, whether in whole or in part; any other services, favour or advantage, including protection from any penalty or disability incurred or apprehended or from any action or proceeding of a disciplinary or penal nature, whether or not already instituted and including the exercise or the forbearance from the exercise of any right or any official power or duty.

<sup>4</sup> a “party” refers to a Corporation official; the terms “benefit” and “obligation” relate to the procurement process or contract execution; and the “act or omission” is intended to influence the procurement process or contract execution.

## Section I-Instructions to Bidders

		iii.	"Collusive practice" <sup>5</sup> is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;
		iv.	"Coercive practice" <sup>6</sup> is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;
		v.	"Obstructive practice" is
		aa.	deliberately destroying, falsifying, altering or concealing of evidence material to the investigation or making false statements to investigators in order to impede any investigation into allegations of a corrupt, fraudulent, coercive or collusive practice; and/or threatening, harassing or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation; or
		bb.	acts intended materially to impede the exercise of the inspection and audit rights of the Purchaser or any person appointed by the Purchaser and/or any relevant agency provided for under ITB Sub-Clause 2.1 (d) below.
	b.	will reject a proposal for award if it determines that the Bidder recommended for award has, directly or through an agent, engaged in corrupt, fraudulent, collusive, coercive or obstructive practices in competing for the contract in question;	
	c.	will sanction a firm or individual, including declaring them ineligible, either indefinitely or for a stated period of time, to be awarded contract if it at any time determines that they have, directly or through an agent, engaged in corrupt, fraudulent, collusive, coercive or obstructive practices in competing for, or in executing contract;	
	d.	will have the right requiring Bidders and Suppliers to permit the Purchaser, any agency or person appointed by the Purchaser to inspect their accounts and records and other documents relating to their Bid submission and contract performance and to have them audited by auditors appointed by the Purchaser;	
	e.	requires that Bidders, as a condition of admission to eligibility, execute and attach to their bids an Integrity Pact Statement in the form provided in Section IV, Bidding Forms. Failure to provide a duly executed Integrity Pact Statement shall result in disqualification of the Bid; and	
	f.	will report any case of corrupt, fraudulent, collusive, coercive or obstructive practice to the relevant RGoB agencies, including but not limited to the Anti-	

<sup>5</sup> "parties" refers to participants in the procurement process (including corporation officials) and an "improper purpose" includes attempting to establish bid prices at artificial, non competitive levels.

<sup>6</sup> a "party" refers to a participant in the procurement process or contract execution.

## Section I-Instructions to Bidders

		corruption Commission (ACC) of Bhutan, for necessary action in accordance with the statutes and provisions of the relevant agency.
<b>3. Eligible Bidders</b>		
3.1	The Invitation for bids is open to all Manufacturers/Export House/Authorized Dealers from outside Bhutan and to Manufacturers/Authorized Dealers/National Suppliers licensed under the Ministry of Economic Affairs of Royal Government of Bhutan (Supporting evidence to corroborate the claim must be enclosed).	
3.2	A Bidder shall not be eligible who have a conflict of interest. All Bidders found to have a conflict of interest shall be disqualified. Bidders are considered to have a conflict of interest in this bidding process if they:	
	a.	are associated, or have been associated in the past, with a firm or any of its affiliates which has been engaged by the Purchaser to provide consulting services for the preparation of the design, specifications and/or other documents to be used for the procurement of the Goods to be purchased pursuant to these Bidding Documents, or
	b.	employ or otherwise engage, either directly or through any of their affiliates, a family member of a Corporation who either is employed by the Purchaser or has an authority over it. For the purposes of this Sub-Clause a family member is defined as parents, spouse and children as mentioned in the Service Record of the employee.
<b>4. Exclusion of Bidders</b>		
4.1	A bidder shall be excluded from participating in a procurement procedure under the following circumstances who:	
	a.	is suspended/debarred by any Statutory Agencies in Bhutan or in the region to Corporation's knowledge;
	b.	has been declared bankrupt, judgment or pending legal action that could impair operating as a going concern;
	c.	has been found guilty of professional misconduct by a recognised tribunal;
	d.	has not fulfilled his obligations with regard to any statutory dues;
	e.	is or has been guilty of serious misrepresentation in supplying information required under this Section.
	f.	is debarred from participation in any public procurement by any Competent Authority as per law;
	g.	does not qualify under the performance assessed through the Vendor Central War

## Section I-Instructions to Bidders

		Performance Management System of the Corporation;
	h.	as a matter of law or official regulation, Royal Government of Bhutan prohibits commercial relations with the country in which the Bidder is constituted, incorporated or registered.
<b>5. Vendor Performance Management System (VPMS)</b>		
5.1		The performance of the vendor shall be assessed as per the guidelines contained in the Vendor Performance Management System available in BPC website ( <a href="http://www.bpc.bt">www.bpc.bt</a> ) for the purpose of determining the eligibility in participating in subsequent tenders.
5.2		The VPMS acceptance form is provided in the Section IV, Bidding Forms of the bidding documents. The bidders are required to sign VPMS Acceptance Form agreeing to the applicability of VPMS. In case the VPMS Acceptance Form is not signed, the bid for that bidder shall be liable for rejection.
<b>6. Joint Ventures (JV)</b>		
6.1		Bids submitted by a Joint Venture of two or more Companies as partners shall comply with the following requirements:
	a.	the Bid, and in case of successful Bid, the Contract form, shall be signed so as to be legally binding on all partners;
	b.	one of the partners shall be authorized to be in charge; and this authority shall be evidenced by submitting a power of attorney signed by legally authorized signatories of all the partners;
	c.	the partner in charge shall be authorized to incur liabilities, receive payments and receive instructions for and on behalf of any or all partners of the joint venture;
	d.	all partners of the joint venture shall be liable jointly and severally for the execution of the Contract in accordance with the Contract terms, and a relevant statement to this effect shall be included in the authorization mentioned under (b) above as well as in the Bid Form and the Form of Agreement (in case of a successful Bid); and
	e.	a copy of the registration certificate/license of joint venture shall be submitted with the Bid;

## B. Contents of Bidding Documents

### 7. Sections of Bidding Documents

7.1	The Bidding Document consist of Parts 1, 2, and 3, which include all the
-----	--

## Section I-Instructions to Bidders

	Sections indicated below, and should be read in conjunction with any Addenda issued in accordance with ITB 9.
	<p><b>PART 1 Bidding Procedures</b></p> <ul style="list-style-type: none"> <li>• Section I. Instructions to Bidders (ITB)</li> <li>• Section II. Bid Data Sheet (BDS)</li> <li>• Section III. Evaluation and Qualification Criteria</li> <li>• Section IV. Bidding Forms</li> </ul> <p><b>PART 2 Supply Requirements</b></p> <ul style="list-style-type: none"> <li>• Section V. Schedule of Supply</li> </ul> <p><b>PART 3 Conditions of Contract and Contract Forms</b></p> <ul style="list-style-type: none"> <li>• Section VI. General Conditions of Contract (GCC)</li> <li>• Section VII. Special Conditions of Contract (SCC)</li> <li>• Section VIII. Contract Forms</li> </ul>
7.2	The Purchaser is not responsible for the completeness of the Bidding Document and its addenda, if they were not obtained directly from the Purchaser.
7.3	The bidder is expected to examine the bidding documents, including all instructions, forms, terms and specifications. Failure to furnish all information required by the bidding documents or submission of a bid not substantially responsive to the Bidding Documents in every respect would result in the rejection of that Bid.
<b>8. Clarification of Bidding Documents</b>	
8.1	The bidders shall not be allowed to seek any clarifications on the bidding documents in person or through any verbal communications.
8.2	Prospective bidders requiring any further information or clarification of the bidding documents may notify the Purchaser in writing at the Purchaser's mailing address indicated in the BDS. The Purchaser will respond in writing to any request for information or clarification of the bidding documents, which it receives no later than 10 (ten) days prior to the deadline for the submission of Bids prescribed by the Purchaser. The Purchaser's response (including an explanation of the query) will be sent in writing to all prospective bidders who have purchased the Bidding Documents.
8.3.	Pre bid meeting shall be conducted if necessary to clarify doubts and concerns of the bidders prior to submission of bids. Minutes of the pre bid meeting shall be circulated to all bidders that have purchased bidding documents and shall form an integral part of the bidding document.

## 9. Amendment of Bidding Documents

- |     |  |
|-----|--|
| 9.1 | At any time prior to the deadline for submission of bids, the Purchaser may, for any reason, whether at its own initiative or in response to a clarification requested by a prospective bidder, modify the Bidding Documents by addendum.  |
| 9.2 | The addendum shall be part of the Bidding Documents and shall be notified in writing to all prospective bidders who have purchased the Bidding Documents. Such addendum shall be binding and shall require that prospective Bidders confirm receipt of it before the time established for the opening of Bids.   |
| 9.3 | In order to afford prospective bidders reasonable time in which to take the addendum into account in preparing their Bids, the Purchaser may, at its discretion, extend the deadline for the submission of Bids.   |
| 9.4 | Prospective bidders who may have downloaded the bidding documents from the website, the corrigendum to the bidding documents will also be published on the web site. It will be the responsibility of such bidders to regularly visit the website for any addendum to the bidding documents until the last date of bid submission. Purchaser shall in no way be responsible for any ignorance of the bidder about the addendum to the bidding documents. |

## C. Preparation of Bids

### 10. Cost of Bidding Documents

- |      |  |
|------|--|
| 10.1 | The bidder shall bear all costs associated with the preparation and delivery of its bid and the Purchaser will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process. |
| 10.2 | Prospective bidders who may have downloaded the bidding documents from the web site should register with Purchaser on or before the closing of Bid Sale Date and make payment for the cost of the bid documents.                 |

### 11. Language of Bid

- |      |   |
|------|---|
| 11.1 | The Bid and all correspondence and documents relating to the Bid exchanged by the bidder and the Purchaser shall be written in the language specified in the BDS. Supporting documents and printed literature that are part of the Bid may be in another language provided they are accompanied by an accurate translation of the relevant passages in language specified in BDS, in which case, for purposes of interpretation of the Bid, <i>such</i> translation shall govern. |
|------|---|

### 12. Documents Comprising the Bid

- |      |   |
|------|---|
| 12.1 | The Bid shall comprise the following:                                   |
| a.   | Bid Form and Price Schedules completed in accordance with ITB13, 14, 16 |

## Section I-Instructions to Bidders

		and 17;
	b.	Documentary evidence establishing in accordance with ITB 18, that the bidder is eligible to bid.
	c.	Documentary evidence establishing in accordance with ITB 19, that the bidder is qualified to perform the Contract if its Bid is accepted;
	d.	Documentary evidence establishing in accordance with ITB 20, that the goods to be supplied by the bidder conform to the Bidding Documents;
	e.	Bid security furnished in accordance with ITB 22;
	f.	Written confirmation authorizing the signatory of the Bid to commit the Bidder, in accordance with ITB 23;
	g.	Alternative bids, if permissible, in accordance with ITB 15;
	h.	Integrity Pact Statement, in accordance with ITB 2.1(e);
	i.	VPMS acceptance form, in accordance with ITB 5; and
	j.	Any other document required as per the bidding documents.

### 13. Bid form

- 13.1 The bidder shall complete the Bid Form furnished in Section IV, Bidding Forms. This form must be completed without any alterations to its format, and no substitutes shall be accepted. All blank spaces shall be filled in with the information requested. A bid in which the bid form is not duly filled, signed and sealed by the bidder shall be rejected.

### 14. Price Schedules

- 14.1 The bidder shall complete the appropriate Price Schedule included herein, stating the unit prices, total price per item, the total amount and the expected countries of origin of the Goods to be supplied under the Contract. This Price Schedules form must be completed without any alterations to its format, and no substitutes shall be accepted.

### 15. Alternative Bids

- 15.1 Unless otherwise indicated in the **BDS**, alternative bids shall not be considered.

### 16. Bid Prices and Discounts

- 16.1 The prices and discounts quoted by the Bidder in the Bid Form and in the Price Schedules shall conform to the requirements specified below.
- 16.2 All lots and items must be listed and priced separately in the Price Schedules.

## Section I-Instructions to Bidders

16.3	The price to be quoted in the Bid Form shall be the total price of the Bid excluding any discounts offered.		
16.4	The Bidder shall quote any unconditional discounts and the methodology for their application in the Bid Form. The discount letter offer shall be accepted only when enclosed inside the main envelope of the bidding document.		
16.5	The terms EXW, CIF, CIP, DDP and other similar terms shall be governed by the rules prescribed in the current edition of Incoterms, published by The International Chamber of Commerce, at the date of the Invitation for Bids or as specified in the <b>BDS</b> .		
16.6	Prices shall be quoted as specified in each Price Schedule included in Section IV, Bidding Forms. The disaggregation of price components shall be solely for the purpose of facilitating the comparison of Bids by the Purchaser. This shall not in any way limit the Purchaser's right to contract on any of the terms offered:		
	a.	For Goods manufactured in Bhutan:	
		i.	the price of the Goods, quoted ex works, ex-factory, ex-warehouse, ex showroom or off-the-shelf, as applicable, including all Customs duties and sales and other taxes already paid or payable on the components and raw material used to manufacturer or assembly of Goods, if specified in BDS;
		ii.	any Bhutan sales and other similar taxes which will be payable on the Goods if the contract is awarded to the Bidder, if specified in BDS; and
		iii.	the total price for the item.
	b.	For Goods to be offered from outside Bhutan:	
		i.	the price of the Goods, quoted CIP/DDP place of entry in Bhutan, as specified in BDS;
		ii.	custom duties and any other taxes which will be payable on the Goods in Bhutan, if specified in BDS;
		iii.	the cost of inland transportation, insurance and other local costs incidental to delivery of the Goods from the port of entry to their final destination, if specified in BDS; and
		iv.	the total price for the item.
	c.	For Related Services, other than inland transportation and other services required to convey the Goods to their final destination, whenever such Related Services are specified in Section V, Schedule of Supply:	

## Section I-Instructions to Bidders

	i.	the price of each item comprising the Related Services (inclusive of any applicable taxes).
16.7	Prices quoted by the Bidder shall be fixed during the Bidder's performance of the Contract and not subject to variation on any account, unless otherwise specified in the BDS. A bid submitted with an adjustable price quotation shall be treated as non-responsive and shall be rejected pursuant to ITB 33 unless adjustable price quotations are permitted by the BDS. If, in accordance to BDS, prices quoted by the Bidder shall be subject to adjustments during the performance of the Contract, a Bid submitted with a fixed price quotation shall not be rejected, but price adjustment shall be treated as zero.	
16.8	<p>If so indicated pursuant to ITB 1.1, Bids are based on Lots/Packages, for which all goods are grouped in lots for easy identification.</p> <p>For the purpose of bidding and inventory management, related SKUS shall be grouped under specific lots like transformers, conductors, cables and fabrication items or in the manner most advantageous to the BPC for a particular tender.</p> <p>Bidders shall have the option of submitting a proposal on any or all LOTS. Each lot consists of items grouped in packages. Unless otherwise indicated in the BDS, prices quoted shall correspond to one hundred percent (100%) of the items specified for each lot and to one hundred percent (100%) of the quantities for each item of a lot. Bidders can offer any price reduction (discount) for any or all Lots and shall specify in their Bid the price reductions applicable to each Lot, or for all the Lots. Price reductions or discounts shall be submitted in accordance with ITB 16.4.</p>	
<b>17.</b>	<b>Bid Currencies</b>	
17.1	<p>Bid Prices shall be quoted in Ngultrum for goods offered from Bhutan, in Indian Rupees for goods offered from India; and in US dollar/major foreign currencies for goods offered from other Countries.</p> <p>Bid Prices expressed in Indian currency and US Dollars/ major foreign currencies shall be accepted and evaluated in accordance to ITB 37. For bid evaluation purpose the exchange rate will be based on the Telegraphic Transfer (TT) selling rate published by the Royal Monetary Authority of Bhutan on the day of bid opening. For bid expressed in Indian currency and US Dollars/major foreign currencies, payments shall be made in equivalent Ngultrum through banking channel and the responsibilities of payment transfer and transfer charges lie on the Suppliers.</p>	
<b>18.</b>	<b>Documents Establishing Eligibility of the Bidder</b>	
18.1	The bidder shall furnish, as part of its Bid, certification establishing the bidder's eligibility to bid pursuant to ITB 3.	
18.2	The necessary documents and literatures viz. ISO Certificate, Type Test Certificates and Lists of Past Performance Certificates from the users must be submitted for new	

## Section I-Instructions to Bidders

	makes/brands introduced in Bhutan.
18.3	If the Bidder is JV in accordance with ITB 6, a copy of the registration certificate/license shall be submitted.
<b>19.</b>	<b>Documents Establishing Qualifications of the Bidder.</b>
<b>19.1</b>	The documentary evidence of the Bidder's Qualification to Perform the Contract, if its bid is accepted, shall establish to the purchaser's satisfaction:
	a. That, if required by the BDS, a Bidder is not a manufacturer or otherwise produce the goods it offers to supply, shall submit the Manufacturer's Authorization using the form included in Section IV, Bidding Forms to demonstrate that it has been duly authorized by the manufacturer or producer of the Goods to supply these Goods in Bhutan;
	b. That, if required by the BDS, in the case of a bidder not doing business in Bhutan, the Bidder is, or will be (if the contract is awarded to it), represented by authorised representative in Bhutan equipped and able to carry out the Supplier's maintenance, repair and spare parts-stocking obligations prescribed in the Conditions of Contracts and/or Technical Specifications.
	c. That the Bidder meets each of the qualification criteria specified in Section III, Evaluation and Qualification Criteria.
<b>20.</b>	<b>Documents Establishing the Goods' Conformity to the Bidding Documents.</b>
20.1	To establish the conformity of the Goods to the Bidding Documents, the Bidder shall furnish as a part of its Bid, the documentary evidence that the Goods conform to the technical specifications and standards specified in Section V, Schedule of Supply.
20.2	The documentary evidence may be in the form of literature, drawings or data, and shall consists of a detailed item by item description of the essential technical and performance characteristics of Goods. If required by the BDS, the bidders are required to confirm and sign on the guaranteed technical particulars of the goods (GTPS) that is indicated in the Section V, Schedule of Supply. Any deviations from the indicated specifications must be clearly indicated in the deviation schedule, Section IV, Bidding Form.
20.3	If required, the Bidder shall also furnish a list giving full particulars, including available sources and current prices, of all spare parts, special tools, etc., necessary for the proper and continuing functioning of the Goods.
20.4	Standards for workmanship, material and equipment, and references to brand names or catalogue numbers, specified by the Purchaser in Section V, Schedule of Supply, are intended to be descriptive only and not restrictive. The bidder may offer other standards of quality, brand names and/or catalogue numbers in its Bid, provided that it demonstrates to the Purchaser's satisfaction that the substitutions are equivalent or superior to those designated in Section V, Schedule of Supply with the exception in

## Section I-Instructions to Bidders

	strategic critical and strategic security items category.
20.5	In order to prove that the Goods offered are of acceptable quality and standard, the bidders shall furnish the documentary evidence that the Goods offered have been in production and all relevant catalogues, test certificates, ISO certificates, list of previous clients, value of business and company or manufacturer profile for all new brands are submitted.
<b>21.</b>	<b>Period of Validity of Bids</b>
21.1	Bids shall remain valid for the period specified in the BDS days from the date of bid opening prescribed by the Purchaser, pursuant to ITB 28. A bid valid for a shorter period shall be rejected by the Purchaser as non-responsive.
21.2	In exceptional circumstances, prior to the expiration of the bid validity period, the Purchaser may solicit bidder's consent to an extension of the period of bid validity. The request and the responses thereto shall be made in writing. If the bidder agrees to the extension request, the validity of the bid security provided under ITB 22 shall also be suitably extended. In the event the Bidder refuses the request, the bid shall be disqualified without forfeiting the bid security. Bidders granting the request shall not be required or permitted to modify its Bid.
<b>22.</b>	<b>Bid Security</b>
22.1	The bidder shall furnish, as part of its Bid, a Bid Security in original form, denominated in Ngultrum or a freely convertible currency and in amount specified in the BDS.
22.2	The Bid Security shall be in one of the following forms acceptable to the purchasers:
	a. Unconditional bank guarantee issued by a reputed Financial Institution acceptable to the Purchaser in the Bid Security Form included in Section IV Bidding Form or another form acceptable to the Purchaser.
	b. Banker's cheque/ cash warrant.
	c. Demand draft.
	d. If the institution issuing the Bid Security furnished by the Bidder is located outside the Purchaser's country, the Bid Security shall be counter guaranteed by a correspondent financial institution located in the Purchaser's country to make it enforceable,
22.3	The Bid Security shall be valid for period of thirty (30) days beyond the validity period of the Bids as specified in BDS.
22.4	Any Bid not secured in accordance with ITB 22.1, 22.2 and 22.3 above shall be rejected by the Purchaser as non-responsive.

## Section I-Instructions to Bidders

22.5	An unsuccessful bidder's bid security will be discharged/returned within fifteen (15) days after signing of the Contract with the successful Bidder.	
22.6	The successful bidder's bid security will be discharged/returned upon furnishing the performance security, pursuant to ITB 46 and the bidder's executing the Contract, pursuant to ITB 47 .	
22.7	The bid security may be forfeited:	
	a.	If a bidder withdraws its Bid during the period of bid validity specified by the bidder on the Bid Form, except as provided in ITB 21.2;
	b.	If a bidder does not accept arithmetical corrections of its bid price;
	c.	In the case of a successful bidder, if the bidder fails
	i.	To sign the Contract in accordance with ITB 47; or
	ii.	To furnish the performance security in accordance with ITB 48.
22.8	The Bid Security of a JV must be from the JV that submits the Bid.	

### 23. Formats and Signing of Bid

23.1	The Bidder shall prepare one original of the documents comprising the Bid as described in ITB 12 and clearly mark it as "Original ". In addition, the Bidder shall submit copies of the Bid, in the number specified in the BDS and clearly mark them "COPY". In the event of any discrepancy between the original and the copies, the original shall prevail.
23.2	The original and all copies of the Bid shall be typed or written in indelible ink and shall be signed by the bidder or a person(s) duly authorized to sign on behalf of the bidder. Written power-of-attorney shall indicate such authorization and shall be attached to the Bid. The name and position held by each person signing must be typed or printed below the signature.
23.3	The Bid shall contain no interlineations, erasures or overwriting except as necessary to correct errors made by the bidder, in which case such correction shall be initialled by the person or persons signing the Bid.

## D. Submission and Opening of Bids

### 24. Submission, Sealing and Marking of Bids

24.1	Bids shall be delivered by hand, courier or registered post. The Bidder shall seal the original of the Bid and the number of copies stipulated in the BDS, including alternative Bids if permitted in accordance with ITB 15 in separate inner envelopes
------	--

## Section I-Instructions to Bidders

	contained within one outer envelope. All envelopes shall be sealed with adhesive or other sealant to prevent reopening.
24.2	The inner envelopes shall:
	a. Be sealed and bear the name of the Bidder.
	b. Be marked "ORIGINAL", "ALTERNATIVE" (if any) and "COPY".
24.3	The outer envelope shall:
	a. Be marked "Confidential";
	b. Bear the name and address of the Bidder;
	c. Be addressed to the Purchaser in accordance with ITB 25.1;
	d. Bear the identification number pursuant to ITB 1.1 and any additional identification marks as specified in the BDS; and
	e. Bear a warning not to open before the time and date for bid opening, in accordance with ITB 29.1.
24.4	If the outer envelope is not sealed and marked as required by ITB 24.3, the Purchaser will assume no responsibility for the bid misplacement or premature opening.
<b>25.</b>	<b>Deadline for submission of Bids</b>
25.1	Bids shall be delivered by hand, courier or registered post to the Purchaser at the address and no later than the date and time indicated in BDS.
25.2	The Purchaser may, at its discretion, extend the deadline for the submission of Bids by amending the Bidding Documents in accordance with ITB 9, in which case all right and obligations of the Purchaser and bidders previously subject to the deadline will thereafter be subject to the deadline as extended.
<b>26.</b>	<b>One Bid per Bidder</b>
26.1	Each bidder shall submit only one Bid either by itself, or as a partner in a joint venture or as a responsible officer in the management of the company. A bidder who submits or participates in more than one Bid (except alternative Bids if allowed, pursuant to ITB 15) shall be disqualified.
<b>27.</b>	<b>Late Bids</b>
27.1	Any Bid received by the Purchaser after the deadline for Submission of Bids prescribed by the Purchaser, pursuant to ITB 25, shall be declared "Late" and rejected and returned unopened to the bidder.

<b>28. Modification, Substitution and withdrawal of Bids</b>		
28.1	The bidder may modify or substitute its Bid after it has been submitted by sending a written notice in accordance with the ITB 24, duly signed by an authorized representative, and shall include a copy of authorization in accordance with ITB 23.2. The corresponding substitution or modification of the Bid must accompany the respective written notice. All notices must be:	
	a.	Submitted in accordance with ITB 23 and 24, and in addition, the respective envelops shall be clearly marked “SUBSTITUTION” or “MODIFICATION;” and
	b.	Received by the Purchaser prior to the deadline prescribed for the submission of Bids, in accordance with ITB 25.
28.2	The bidder may withdraw its Bid after it has been submitted by sending a written notice prior to the deadline prescribed for the submission of Bids, in accordance with ITB 25, duly signed by an authorized representative, and shall include a copy of authorization in accordance with ITB 23.2.  The Purchaser then shall mark the envelope as “WITHDRAWN”.	
28.3	No Bid may be modified, substituted or withdrawn in the interval between the deadline for submission of Bids and the expiration of the period of bid validity specified by the bidder on the Bid Form or any extension thereof, neither any modification shall be accepted.	
<b>29. Bid Opening</b>		
29.1	The Purchaser shall conduct the bid opening in the place at the address, date and time specified in the BDS in the presence of bidders or bidders' authorized representatives who choose to attend.	
29.2	The bidder’s authorized representatives attending the bid opening shall have an Authorization Letter from the bidder. Only the authorized representative shall attend the bid opening.	
29.3	The bidders or bidder’s authorized representatives shall not be permitted to approach the members of the Bid Opening Committee or any of the officials.	
29.4	The bidders or bidder’s authorized representatives who are present shall sign a bidder’s attendance sheet evidencing their attendance.	
29.5	First, envelopes marked as “WITHDRAWN” shall be read out and returned unopened to the Bidder. Next, envelopes marked “SUBSTITUTION” shall be opened and read out and exchanged with the corresponding Bid being substituted. The substituted Bid shall not be opened, but shall be returned to the Bidder. Envelopes marked “MODIFICATION” shall be opened and read out with the corresponding Bid. Only envelopes that are opened, read out and recorded at Bid Opening shall be considered.	

29.6	All other envelopes shall be opened one at a time, and the following read out and recorded: the name of the Bidder and whether there is a modification; the Bid Prices (per lot if applicable), any discounts and alternative offers; the presence of a Bid Security, if required; and any other details as the Purchaser may consider appropriate. Only discounts and alternative offers read out and recorded at bid opening shall be considered for evaluation. No Bid shall be rejected at bid opening except for late bids, in accordance with ITB 27.1.
29.7	The Purchaser shall prepare a record of the Bid Opening, which shall include the information disclosed to those present in accordance with ITB 29.6. The minutes shall include, as a minimum:
a.	The Tender Number and Description;
b.	The name of the Bidder, Bid number and whether there is a withdrawal, substitution or modification;
c.	The Bid deadline date and time;
d.	The date, time and place of Bid Opening;
e.	Bid prices, per lot if applicable, offered by the Bidders, including any discounts and alternative offers;
f.	The presence or absence of Bid Security and, if present, its amount;
g.	The names of Bidders at the Bid Opening, and of the Bidders authorized representatives (if any);
h.	Details of any feedbacks or other comments made by Bidders/Bidders authorized representatives attending the Bid Opening, including the names and signatures of the Bidders/Bidders authorized representatives making the feedback(s) and/or comment(s); and
i.	The names, designations and signatures of the members of the Bid Opening Committee.
	The Bidders/Bidders authorized representatives who are present shall sign the record. The omission of a Bidders/Bidders authorized representative's signature on the record shall not invalidate the contents and effect of the record.
<b>E. Evaluation and Comparison of Bids</b>	
<b>30. Confidentiality</b>	
30.1	Information relating to the examination, clarification, evaluation and comparison of Bids and recommendations for the award of a contract shall not be disclosed to Bidders or any other persons not officially concerned with such process.

30.2	Any effort by a Bidder to influence the Purchaser's processing of Bids or award decisions may result in the rejection of the bidder's Bid.	
31.	<b>Clarification of Bids</b>	
31.1	To assist in the examination, evaluation and comparison of Bids, the Purchaser may, at its discretion, ask the bidder for a clarification of its Bid. Any clarification submitted by a Bidder with regard to its Bid and that is not in response to a request by the Purchaser shall not be considered. The Purchaser's requests for clarification and the response shall be in writing. No change in the price or substances of the Bid shall be sought, offered or permitted, except to confirm the correction of arithmetic errors discovered by the Purchaser in the evaluation of the Bids, in accordance with ITB 34.	
32.	<b>Deviations, Reservations, and Omissions</b>	
32.1	During the evaluation of bids, the following definitions shall apply:	
	a.	"Deviation" is a departure from the requirements specified in the Bidding Document. Any comments, remarks, observations and feedbacks will constitute as deviation and shall be indicated in the deviation sheet;
	b.	"Reservation" is the setting of limiting conditions or withholding from complete acceptance of the requirements specified in the Bidding Document; and
	c.	"Omission" is the failure to submit part or all of the information or documentation required in the Bidding Document.
33.	<b>Responsiveness of Bids</b>	
33.1	The Purchaser's determination of a Bid's responsiveness shall be based on the contents of the Bid itself, and is to determine which of the Bids received are responsive and thereafter to compare the responsive Bids against each other to select the lowest evaluated Bid.	
33.2	A substantially responsive Bid is one that conforms to all the terms, conditions and specifications of the Bidding Documents without material deviation, reservation or omission. A material deviation, reservation or omission is one that:	
	a.	Effects in any substantial way the scope, quality or performance of the supplies; or
	b.	Limits or is inconsistent with the bidding documents in a substantial way, the Purchaser's rights or the bidder's obligations under the Contract; or
	c.	Whose rectification would affect unfairly the competitive position of other Bidders presenting substantially responsive Bids.

## Section I-Instructions to Bidders

33.3	If a Bid is not substantially responsive to the Bidding Documents, it shall be rejected by the Purchaser and may not subsequently be made responsive by the bidder by correction of the material deviation, reservation or omission.	
<b>34. Nonconformities, Errors and Omissions</b>		
34.1	Provided that a Bid is substantially responsive, the Purchaser may waive any non-conformities or omissions in the Bid that do not constitute a material deviation.	
34.2	Provided that a Bid is substantially responsive, the Purchaser may request that the Bidder submit the necessary information or documentation within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Bid related to documentation requirements. Such omission shall not be related to any aspect of the price of the Bid. Failure of the Bidder to comply with the request may result in the rejection of its Bid.	
34.3	Provided that the Bid is substantially responsive, the Purchaser shall correct arithmetical errors on the following basis:	
	a.	If there is a discrepancy between the unit price and the total price per item that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price per item will be corrected unless in the opinion of the Purchaser there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected.
	b.	If there is a discrepancy between the Total Amount and the sum of the Total price per item, the sum of the total price per item shall prevail and the Total Amount will be corrected.
34.4	If the Bidder that submitted the lowest evaluated Bid does not accept the correction of errors, its Bid shall be disqualified and its Bid Security shall be forfeited.	
<b>35. Preliminary Examination of Bids</b>		
35.2	The Purchaser shall examine and confirm that the following documents and information have been provided in the Bid. If any of these documents or information is missing, the Bid shall be rejected.	
	a.	Bid Form, in accordance with ITB 12.1 (a);
	b.	Price Schedules, in accordance with ITB 12.1 (a);
	c.	Bid Security, in accordance with ITB 22.
<b>36. Examination of Terms and Conditions; Technical Evaluation</b>		
36.1	The Purchaser shall examine the Bid to confirm that all terms and conditions	

	specified in the GCC and the SCC have been accepted by the Bidder without any material deviation or reservation.
36.2	The Purchaser shall evaluate the technical features of the Bid submitted in accordance with ITB 20, to confirm that all requirements specified in Section V, Schedule of Supply of the Bidding Documents have been met without any material deviation or reservation.
36.3	If, after the examination of the terms and conditions and the technical evaluation, the Purchaser determines that the Bid is not substantially responsive in accordance with ITB 33, the Bid shall be rejected.
36.4	No conditional offer(s) shall be allowed. A bid with conditional offers shall be rejected
<b>37.</b>	<b>Conversion to Single Currency</b>
37.1	For evaluation and comparison purposes, the Purchaser shall convert all bid prices, expressed in amounts in various currencies into a single currency and use the exchange rates specified in the BDS.
<b>38.</b>	<b>Margin of Preference</b>
38.1	A margin of preference may apply to domestic goods manufactured in Bhutan as provided for in the BDS. To avail a margin of preference, the Bidder shall provide a value addition certificate from the Ministry of Economic Affairs.
<b>39.</b>	<b>Detail Evaluation of Bids</b>
39.1	The Purchaser shall evaluate each Bid that has been determined, up to this stage of evaluation, to be substantially responsive.
39.2	To evaluate a Bid, the Purchaser shall only use all the factors, methodologies and criteria defined in this ITB 39. No other criteria or methodology shall be permitted.
39.3	To evaluate a Bid, the Purchaser shall consider the following:
a.	Evaluation shall be done for Items or Lots, as specified in the BDS;
b.	The Bid Price, as quoted in accordance with ITB Clause 16;
c.	Price adjustment for correction of arithmetic errors in accordance with ITB Clause 34.3;
d.	Price adjustment due to discounts offered in accordance with ITB Clause 16.4;
e.	Adjustments due to the application of the evaluation criteria specified in the BDS from amongst those set out in Section III, Evaluation and Qualification Criteria; and

## Section I-Instructions to Bidders

	f.	Adjustments due to the application of a margin of preference, in accordance with ITB Clause 38, if applicable.
39.4		The Purchaser's evaluation of a Bid shall exclude and not take into account any allowance for price adjustment during the period of execution of the contract, if provided in the bid.
39.5		The Purchaser's evaluation of a Bid may require the consideration of other factors in addition to the Bid Price quoted in accordance with ITB Clause 16. These factors may be related to the characteristics, performance, and terms and conditions of purchase of the Goods and Related Services. The effect of the factors selected, if any, shall be expressed in monetary terms to facilitate comparison of Bids, unless otherwise specified in Section III, Evaluation and Qualification Criteria. The factors, criteria and the methodology of application shall be as specified in ITB 39.3 (e).
39.6		If so specified in BDS, Goods are grouped in two or more lots, the Purchaser will evaluate Bids on the basis of LOT WISE or a combination of Lots and the Purchaser shall award one or multiple lots to more than one Bidder.
<b>40.</b>	<b>Comparison of Bids</b>	
40.1		The Purchaser shall compare all substantially responsive Bids to determine the lowest evaluated Bid, in accordance with ITB 39.
40.2		If the Bid price of the lowest evaluated Bid appears abnormally low, high and/or seriously unbalanced price as compared to other Bidders or past rates, then the Purchaser may require the Bidder to produce written explanations of, justifications and detailed price analyses for any or all items offered. Such explanations may include, but are not limited to, details of the method by which the Goods and Related Services are to be provided, the technical solutions chosen, exceptionally favourable conditions available to the Bidder for the execution of the Contract, and the originality of the Goods proposed by the Bidder. After objective evaluation of the explanations, justifications and price analyses, if the Purchaser decides to accept the Bid with an abnormally low and/or seriously unbalanced price, the Purchaser shall require that the amount of the Performance Security stipulated in ITB 48 be increased at the expense of the Bidder to a level sufficient to protect the Purchaser against financial loss in the event of default of the successful Bidder under the Contract.
<b>41.</b>	<b>Post qualification of the Bidder</b>	
41.1		The Purchaser will determine to its satisfaction whether the bidder selected as having submitted the lowest-evaluated and substantially responsive Bid is qualified to satisfactorily perform the Contract.
41.2		The Purchaser will determine the reasonability of the Bid Prices based on the past purchase rate and the prevailing market rate during the evaluation.
41.3		The determination based upon an examination of the documentary evidence of the bidder's qualifications submitted by the bidder, pursuant to ITB 19, as well as such

	other information as the Purchaser deems necessary and appropriate.
41.4	If required, the Purchase may carry out the inspections of the Bidder's factories to assess the production, technical, financial, and manpower capacity of the Bidder to perform the Contract. The Purchaser shall notify in advance of the date in writing on which the inspection will be made. If the Bidder does not meet the required capacity as assessed by the inspection team, the bid shall be rejected
41.5	An affirmative determination shall be a prerequisite for award of the Contract to the bidder. A negative determination will result in rejection of the bidder's Bid, in which event the Purchaser shall proceed to the next lowest evaluated Bid to make a similar determination of that Bidder's capabilities to perform satisfactorily.
<b>42.</b>	<b>Contacting the Purchaser</b>
42.1	Subject to ITB 31, no bidder shall contact the Purchaser on any matter relating to its Bid, from the time of bid opening to the time the Contract is awarded.
42.2	Any effort by a Bidder to influence the Purchaser in the Purchaser's decisions in respect of bid evaluation, bid comparison or Contract awards will result in the rejection of the bidder's Bid.
<b>43.</b>	<b>Purchaser's Right to Accept Any Bid and to Reject Any or All Bids</b>
43.1	The Purchaser reserves the right to accept or reject any Bid and to annul the bidding process and reject all Bids at any time prior to award of Contract, without thereby incurring any liability to the affected bidder or bidders or any obligation to inform the affected bidder or bidders of the ground for the Purchaser's action.
<b>F. Award of Contract</b>	
<b>44.</b>	<b>Award Criteria</b>
44.1	The Purchaser will award the Contract to the successful bidder whose Bid has been determined to be the lowest-evaluated responsive Bid, provided further that the bidder is determined to be qualified to satisfactorily perform the Contract.
<b>45.</b>	<b>Purchasers Right to Vary Quantities at Time of Award</b>
45.1	At the time the Contract is awarded, the Purchaser reserves the right to increase or decrease the quantity of Goods and Related Services specified in Section V, Schedule of Supply, provided this does not exceed the percentages indicated in the BDS, and without any change in the unit prices or other terms and conditions of the Bid.
<b>46.</b>	<b>Notification of Award</b>
46.1	The Purchaser will notify the successful bidder in writing that its Bid has been accepted.

## Section I-Instructions to Bidders

46.2	Until a formal Contract is prepared and executed, the notification of award shall be binding on the Supplier.
<b>47.</b>	<b>Signing of Contract</b>
47.1	Within 15 (Fifteen) days from the date of issue of the notification of award of contract, the successful bidder are required to come and sign, date and seal the contract agreement at the office as specified in BDS.
47.2	Where the contract is not signed by both parties simultaneously:
a.	The Purchaser shall send to the successful bidder two original copies of (1) the full agreed contract and (2) the letter of acceptance, each copy to be signed by the bidder or its duly authorized representative, together with the date of signature;
b.	The letter of acceptance shall indicate the deadline by which it must be accepted as specified in BDS;
c.	The successful bidder, if agrees to conclude the contract, must sign and date all original copies of the contract and letter of acceptance and return one copy of each to the Purchaser before the expiry of the deadline indicated in the letter of acceptance;
d.	Failure of the successful bidder to accept the award/ sign the contract shall constitute sufficient grounds for the annulment of the award and forfeiture of the bid security.
47.3	Notwithstanding ITB 47.1 above, in case signing of the Contract Agreement is prevented by any export restrictions attributable to the Purchaser, to Bhutan, or to the use of the products/Goods, systems or services to be supplied, where such export restrictions arise from trade regulations from a country supplying those products/Goods, systems or services, the Bidder shall not be bound by its Bid, always provided, however, that the Bidder can demonstrate to the satisfaction of the Purchaser that signing of the Contract Agreement has not been prevented by any lack of diligence on the part of the Bidder in completing any formalities, including applying for permits, authorizations and/or licenses necessary for the export of the products/Goods, systems or services under the terms of the Contract.
<b>48.</b>	<b>Performance Security</b>
48.1	Within 15 (Fifteen) working days of the receipt of notification of award of contract, the successful bidder shall furnish the performance security, in accordance with the Conditions of Contract.
48.2	The Performance Security @10% of the supply contract value shall be furnished by the successful bidder in one of the following forms:

	a.	Unconditional bank guarantee issued by the reputed Financial Institution in the form provided for in Section VIII, Contract Forms or another form acceptable to the Purchaser; or
	b.	Banker's Cheque/Cash Warrant, or
	c.	Demand Draft.
48.3	If the institution issuing the Performance Security furnished by the Bidder is located outside the Purchaser's country, the Performance Security shall be counter guaranteed by a correspondent Financial Institutions located in the Purchaser's country to make it enforceable.	
48.4	Failure by the successful Bidder to submit the above-mentioned Performance Security shall constitute sufficient grounds for the annulment of the award and forfeiture of the Bid Security. In that event the Purchaser may award the Contract to the next lowest evaluated Bidder whose offer is substantially responsive and is determined by the Purchaser to be qualified to perform the Contract satisfactorily. Such a failure shall be considered as default and all relevant clauses shall apply.	

## Section II. Bid Data Sheet (BDS)

A. Introduction											
ITB 1.1	The Tender No. : <i>BPC/CMDPO/2020 Materials/2020/01</i> dated <i>16<sup>th</sup> September, 2020</i> .										
ITB 1.1	The Tender Name is: <i>Supply and Delivery of Machineries, tools, testing equipment, spares and consumables.</i>										
ITB 1.1	The Purchaser is: <i>Central Maintenance Division Project Office, Bhutan Power Corporation Limited, Yarden Lam, Post Box No. 580, Thimphu, Bhutan.</i>										
ITB 1.1	The number and identification of Lots comprising this tender are: <table border="1" data-bbox="422 745 1254 1032"> <thead> <tr> <th>Lot No</th> <th>Description</th> </tr> </thead> <tbody> <tr> <td><i>Lot 1</i></td> <td><i>Machineries</i></td> </tr> <tr> <td><i>Lot 2</i></td> <td><i>Tools</i></td> </tr> <tr> <td><i>Lot 3</i></td> <td><i>Testing equipment</i></td> </tr> <tr> <td><i>Lot 3</i></td> <td><i>Spares and Consumables</i></td> </tr> </tbody> </table>	Lot No	Description	<i>Lot 1</i>	<i>Machineries</i>	<i>Lot 2</i>	<i>Tools</i>	<i>Lot 3</i>	<i>Testing equipment</i>	<i>Lot 3</i>	<i>Spares and Consumables</i>

Lot 1: Machineries	YES (except item no. 6 and 9)										
Lot 2: Tools	YES (only item no. 7,8 and 9)										
Lot 3: Testing equipment	YES										

## Section II- Bid Data Sheet (BDS)

	Lot 4: Spares and Consumables	No										
	<p>a) The minimum technical specification (where ever required) are detailed out under respective lot. Any technical deviation shall be brought out in the GTP forms for the items where GTP forms are provided and for the items where GTP forms are not required, the deviation shall be brought out in the deviation sheet provided. If the deviations are not mentioned in GTP and deviation sheet provided, the specification shall be considered as complied with the requirement.</p> <p>b) The bid for that item(s)/Lot(s) shall be rejected if the GTP is not submitted as specified in Section V, Schedule of Supply where GTP Forms are provided for bidders to fill up. The bidders are required to duly fill up the GTP forms provided in the bidding document. The catalogue/brochures of the items shall not be considered as GTP of the item. Further, if there are discrepancies between the item catalogue/brochures and the offered GTP, then GTP shall prevail.</p> <p>c) For the item(s)/Lot(s) of which GTP forms are not provided in Section V, Schedule of Supply of the bidding document, the bidders are requested to submit the catalogue or drawings for individual items. The offered items shall be clearly indicated in the catalogue and deviation brought out in deviation sheet provided.</p>											
ITB 21.1	The Bid validity period shall be valid till 15 <sup>th</sup> January, 2021.											
ITB 22.1	<p>The amount and currency of the Bid Security are as follows:</p> <table border="1"> <thead> <tr> <th>Lot Description</th><th>Amount (Nu.)</th></tr> </thead> <tbody> <tr> <td>Lot 1: Machineries</td><td>3,846,950.00</td></tr> <tr> <td>Lot 2: Tools</td><td>493,570.00</td></tr> <tr> <td>Lot 3: Testing equipment</td><td>1,846,252.00</td></tr> <tr> <td>Lot 4: Spares and Consumables</td><td>2,671,018.00</td></tr> </tbody> </table> <p>Preferably Bid Security should be submitted for the individual lots. Combined Bid Security would be also accepted. However, if the combined Bid Security is not sufficient in terms of total amount, the offer for the entire quoted lots would be treated as non-responsive as per ITB 22.4 and not considered for further evaluation.</p>		Lot Description	Amount (Nu.)	Lot 1: Machineries	3,846,950.00	Lot 2: Tools	493,570.00	Lot 3: Testing equipment	1,846,252.00	Lot 4: Spares and Consumables	2,671,018.00
Lot Description	Amount (Nu.)											
Lot 1: Machineries	3,846,950.00											
Lot 2: Tools	493,570.00											
Lot 3: Testing equipment	1,846,252.00											
Lot 4: Spares and Consumables	2,671,018.00											
ITB 22.3	The Bid Security validity period shall be valid till 14 <sup>th</sup> February, 2021.											
<b>D. Submission and Opening of Bids</b>												
ITB 23.1	In addition to the original of the Bid, the number of copies is: One copy.											

## Section II- Bid Data Sheet (BDS)

and 24.1	
ITB 24.3 (d)	The identification of this bidding process is: <i>BPC/CMDPO/2020 Equipment/2020/01 dated 15<sup>th</sup> September, 2020.</i>
ITB 25.1	For <b><u>Bid submission purposes</u></b> only, the Purchaser's address is: Attention: <i>The Project Director</i> Address: <i>Central Maintenance Division Project Office, Bhutan Power Corporation Limited, Yarden Lam, Post Box No. 580, Thimphu, Bhutan.</i>
ITB 25.1	The deadline for Bid submission is:  <i>Date: 15<sup>th</sup> October, 2020</i> <i>Time: 13:00 hours</i>
ITB 29.1	The Bid opening shall take place at: Address: <i>BPC Conference Hall, Bhutan Power Corporation Limited, Yarden Lam, Post Box No. 580, Thimphu, Bhutan.</i>  <i>Date: 15<sup>th</sup> October, 2020.</i> <i>Time: 14:30 hours</i>
<b>E. Evaluation and Comparison of Bids</b>	
ITB 37.1	Bid prices expressed in different currencies shall be converted into Ngultrum (BTN). The source of exchange rates shall be as published by the Royal Monetary Authority of Bhutan.  The date for the exchange rates shall be the date of Bid Opening, as prescribed in ITB 29.1 and the exchange rate shall be TT selling rate.
ITB 38.1	A margin of five percent (5%) Domestic Preference " <i>shall not</i> " apply.
ITB 39.3 (a)	Bids will be evaluated as follows:  <b><i>Bid evaluation shall be done on items wise basis.</i></b>  Actual order shall however be done based on the lowest rate that has been quoted in that bid for that items.
ITB 39.3 (e)	The adjustments shall be determined using the following criteria from amongst those set out in Section III, Evaluation and Qualification Criteria: (a) Deviation in Delivery schedule: <i>Yes. [Clause 2.2 of Evaluation Criteria (ITB 39.3 (e))]</i> (b) Deviation in payment schedule: <i>No [Clause 2.3 of Evaluation Criteria (ITB 39.3 (e))]</i> (c) The cost of major replacement components, mandatory spare parts, and service: <i>No. The cost of spare components, mandatory spares and services if submitted by the Bidder shall not be taken into consideration during the evaluation.</i> (d) The availability in Bhutan of spare parts and after-sales services for the equipment offered in the Bid: <i>No</i>

## Section II- Bid Data Sheet (BDS)

	<p>(e) The projected operating and maintenance costs during the life of the equipment: <i>No.</i></p> <p>(f) The performance and productivity of the equipment offered: <i>Yes. The performance warranty period for the equipment offered will be 12 months from the date of receipt at the place of destination.</i></p>
ITB 39.6	Bidders " <i>shall not</i> " be allowed to quote separate prices for one or more items/lots. [ <i>refer to Section III, Evaluation and Qualification Criteria for the evaluation methodology, if appropriate</i> ]
<b>F. Award of Contract</b>	
ITB 45.1	The maximum percentage by which quantities may be increased is <i>20% percentage of the contract value</i> . The maximum percentage by which quantities may be decreased is <i>20% percentage of the contract value</i> .
ITB 47.1	<p>The signing of Contract Agreement will take place at:</p> <p>Address: <i>Central Maintenance Division Project Office, BPC, Yarden Lam, Post Box No. 580, Thimphu, Bhutan.</i></p>
ITB 47.2	The letter of acceptance must be accepted on or before: <i>10 (ten) days after the notification of award.</i>

**Section III. Evaluation and Qualification Criteria**

**Table of Contents**

Domestic Preference (ITB 38).....	2
Evaluation Criteria (ITB 39.3 (e)).....	2
Multiple Contracts (ITB 39.6) .....	3
Postqualification Requirements (ITB 41.2).....	3

<b>Domestic Preference (ITB 38)</b>	
1.1	If the Bidding Data Sheet (BDS) so specifies, in comparing Bids, a margin of preference will be granted to Goods of Bhutanese Origin.
1.2	For application of domestic preference, all responsive Bids will first be classified into the following three categories:
a.	<i>Category I:</i> Goods shall be considered to be of Bhutanese Origin based on the percentage of value addition as prescribed by the Ministry of Economic Affairs, Bhutan;
b.	<i>Category II:</i> All other bids offering Goods manufactured in Bhutan;
c.	<i>Category III:</i> Bids offering Goods manufactured outside Bhutan that have been already imported or that will be imported.
1.3	In the first step, all evaluated bids in each group shall be compared to determine the lowest bid in each group. Such lowest evaluated bids shall be compared with each other and if, as a result of this comparison, a bid from Category I or Category II is the lowest, it shall be selected for the award.
1.4	If as a result of preceding comparison, the lowest evaluated bid is a bid from Category III, for the purpose of further comparison only, an upward five percent (5%) price adjustment will be made to the CIF/CIP/DDP bid prices of Category III bidders. The lowest evaluated bid determined from this last comparison shall be selected for the award.
1.5	Bidders applying for the preference shall provide all supporting documents to prove that the Goods offered by them are from Category I and Category II respectively.
<b>Evaluation Criteria (ITB 39.3 (e))</b>	
The Purchaser's evaluation of a Bid may take into account, in addition to the Bid Price quoted in accordance with ITB 16.6, one or more of the following factors as specified in ITB 39.3(e) and in the BDS referring to ITB 39.3(e), using the following criteria and methodologies.	
2.1	Brand Name
	BPC has adopted the policy of restricting certain Strategic Critical Items (SC SKU's) as per the provision of the BPC Procurement Manual to ensure high quality, reduce inventory and to sustain long-term smooth operation and maintenance services. Bidders must ensure that for these lots, only the listed brand names are quoted and effort must be made to source this equipment directly from the manufacturers and or their authorized dealers. Preferred Brands/Restricted Brands are specified in Price Schedule.

2.2	<p><b>Delivery Schedule (<i>as per Incoterms specified in BDS</i>)</b></p> <p>The Goods are required to be delivered in accordance with and completed as specified in the Section V, Schedule of Supply. No credit will be given to earlier completion. Bids offering late delivery schedules (LDS) will be accepted but the Bids shall be adjusted for the purpose of the bid evaluation only adding at the rate of @one (1) per cent of the bid price for each week of delay to the bid price. Bids offering delivery schedules beyond 1 (one) month of the date specified in Section V, Schedule of Supply shall be rejected.</p>
2.3	<p><b>Adjustment for Deviations from the Terms of Payments</b></p> <p>Deviation from terms of payment as specified in special condition of contract shall not be permitted. All bids deviating from specified terms of payment will be treated as non-responsive.</p>
2.4	<p><b>Contractual and Commercial Deviations</b></p> <p>The cost of all quantifiable deviations and omissions from the contractual and commercial conditions shall be evaluated. The Purchaser will make its own assessment of the cost of any deviations for the purpose of ensuring fair comparison of Bids.</p>
<b>3. Multiple Contracts (ITB 39.6)</b>	
3.1	The Purchaser shall award multiple contracts to the Bidder that offers the lowest evaluated combination of Bids (one contract per Bid) and meets the post qualification criteria (this Section III, Sub-Section ITB 39.2, Post qualification Requirements)
3.2	The Purchaser shall:
a.	Evaluate only items/lots that include at least the percentages of items per lot and quantity per item as specified in ITB 16.8.
b.	Take into account:
i.	the lowest-evaluated Bid for each lot; and
ii.	the price reduction per lot and the methodology for its application as offered by the Bidder in its Bid.
<b>4. Post qualification Requirements (ITB 41.2)</b>	
4.1	After determining the lowest-evaluated Bid in accordance with ITB 40.1, If required, the Purchaser shall carry out the post qualification of the Bidder*in

### Section III- Evaluation and Qualification Criteria

	accordance with ITB 41, using only the requirements specified. Requirements not included in the text below shall not be used in the evaluation of the Bidder's qualifications.	
	a.	<p>Financial Capability</p> <p>The Bidder shall furnish documentary evidence that it meets the following financial requirement(s): <i>Not Applicable</i>.</p>
	b.	<p>Experience and Technical Capacity</p> <p>The Bidder shall furnish documentary evidence to demonstrate that it meets the following experience requirement(s): <i>ISO Certificate; list of previous clients, relevant catalogues, test certificates, list of past performance certificates and manufacturer's profile for all new brands that are introduced in BPC.</i></p>
	c.	<p>The Bidder shall furnish documentary evidence to demonstrate that the Goods it offers meet the following usage requirement(s): <i>Not Applicable</i></p>

## PART 2- Supply Requirement

**Section V. Schedule of Supply**

Table of Contents

1. Delivery and Completion Schedule.....	3
2. Technical Specifications .....	4

<b>28. Modification, Substitution and withdrawal of Bids</b>		
28.1	The bidder may modify or substitute its Bid after it has been submitted by sending a written notice in accordance with the ITB 24, duly signed by an authorized representative, and shall include a copy of authorization in accordance with ITB 23.2. The corresponding substitution or modification of the Bid must accompany the respective written notice. All notices must be:	
	a.	Submitted in accordance with ITB 23 and 24, and in addition, the respective envelops shall be clearly marked “SUBSTITUTION” or “MODIFICATION;” and
	b.	Received by the Purchaser prior to the deadline prescribed for the submission of Bids, in accordance with ITB 25.
28.2	The bidder may withdraw its Bid after it has been submitted by sending a written notice prior to the deadline prescribed for the submission of Bids, in accordance with ITB 25, duly signed by an authorized representative, and shall include a copy of authorization in accordance with ITB 23.2.  The Purchaser then shall mark the envelope as “WITHDRAWN”.	
28.3	No Bid may be modified, substituted or withdrawn in the interval between the deadline for submission of Bids and the expiration of the period of bid validity specified by the bidder on the Bid Form or any extension thereof, neither any modification shall be accepted.	
<b>29. Bid Opening</b>		
29.1	The Purchaser shall conduct the bid opening in the place at the address, date and time specified in the BDS in the presence of bidders or bidders' authorized representatives who choose to attend.	
29.2	The bidder’s authorized representatives attending the bid opening shall have an Authorization Letter from the bidder. Only the authorized representative shall attend the bid opening.	
29.3	The bidders or bidder’s authorized representatives shall not be permitted to approach the members of the Bid Opening Committee or any of the officials.	
29.4	The bidders or bidder’s authorized representatives who are present shall sign a bidder’s attendance sheet evidencing their attendance.	
29.5	First, envelopes marked as “WITHDRAWN” shall be read out and returned unopened to the Bidder. Next, envelopes marked “SUBSTITUTION” shall be opened and read out and exchanged with the corresponding Bid being substituted. The substituted Bid shall not be opened, but shall be returned to the Bidder. Envelopes marked “MODIFICATION” shall be opened and read out with the corresponding Bid. Only envelopes that are opened, read out and recorded at Bid Opening shall be considered.	

29.6	All other envelopes shall be opened one at a time, and the following read out and recorded: the name of the Bidder and whether there is a modification; the Bid Prices (per lot if applicable), any discounts and alternative offers; the presence of a Bid Security, if required; and any other details as the Purchaser may consider appropriate. Only discounts and alternative offers read out and recorded at bid opening shall be considered for evaluation. No Bid shall be rejected at bid opening except for late bids, in accordance with ITB 27.1.
29.7	The Purchaser shall prepare a record of the Bid Opening, which shall include the information disclosed to those present in accordance with ITB 29.6. The minutes shall include, as a minimum:
a.	The Tender Number and Description;
b.	The name of the Bidder, Bid number and whether there is a withdrawal, substitution or modification;
c.	The Bid deadline date and time;
d.	The date, time and place of Bid Opening;
e.	Bid prices, per lot if applicable, offered by the Bidders, including any discounts and alternative offers;
f.	The presence or absence of Bid Security and, if present, its amount;
g.	The names of Bidders at the Bid Opening, and of the Bidders authorized representatives (if any);
h.	Details of any feedbacks or other comments made by Bidders/Bidders authorized representatives attending the Bid Opening, including the names and signatures of the Bidders/Bidders authorized representatives making the feedback(s) and/or comment(s); and
i.	The names, designations and signatures of the members of the Bid Opening Committee.
	The Bidders/Bidders authorized representatives who are present shall sign the record. The omission of a Bidders/Bidders authorized representative's signature on the record shall not invalidate the contents and effect of the record.
<b>E. Evaluation and Comparison of Bids</b>	
<b>30. Confidentiality</b>	
30.1	Information relating to the examination, clarification, evaluation and comparison of Bids and recommendations for the award of a contract shall not be disclosed to Bidders or any other persons not officially concerned with such process.

30.2	Any effort by a Bidder to influence the Purchaser's processing of Bids or award decisions may result in the rejection of the bidder's Bid.	
31.	<b>Clarification of Bids</b>	
31.1	To assist in the examination, evaluation and comparison of Bids, the Purchaser may, at its discretion, ask the bidder for a clarification of its Bid. Any clarification submitted by a Bidder with regard to its Bid and that is not in response to a request by the Purchaser shall not be considered. The Purchaser's requests for clarification and the response shall be in writing. No change in the price or substances of the Bid shall be sought, offered or permitted, except to confirm the correction of arithmetic errors discovered by the Purchaser in the evaluation of the Bids, in accordance with ITB 34.	
32.	<b>Deviations, Reservations, and Omissions</b>	
32.1	During the evaluation of bids, the following definitions shall apply:	
	a.	"Deviation" is a departure from the requirements specified in the Bidding Document. Any comments, remarks, observations and feedbacks will constitute as deviation and shall be indicated in the deviation sheet;
	b.	"Reservation" is the setting of limiting conditions or withholding from complete acceptance of the requirements specified in the Bidding Document; and
	c.	"Omission" is the failure to submit part or all of the information or documentation required in the Bidding Document.
33.	<b>Responsiveness of Bids</b>	
33.1	The Purchaser's determination of a Bid's responsiveness shall be based on the contents of the Bid itself, and is to determine which of the Bids received are responsive and thereafter to compare the responsive Bids against each other to select the lowest evaluated Bid.	
33.2	A substantially responsive Bid is one that conforms to all the terms, conditions and specifications of the Bidding Documents without material deviation, reservation or omission. A material deviation, reservation or omission is one that:	
	a.	Effects in any substantial way the scope, quality or performance of the supplies; or
	b.	Limits or is inconsistent with the bidding documents in a substantial way, the Purchaser's rights or the bidder's obligations under the Contract; or
	c.	Whose rectification would affect unfairly the competitive position of other Bidders presenting substantially responsive Bids.

33.3	If a Bid is not substantially responsive to the Bidding Documents, it shall be rejected by the Purchaser and may not subsequently be made responsive by the bidder by correction of the material deviation, reservation or omission.	
<b>34. Nonconformities, Errors and Omissions</b>		
34.1	Provided that a Bid is substantially responsive, the Purchaser may waive any non-conformities or omissions in the Bid that do not constitute a material deviation.	
34.2	Provided that a Bid is substantially responsive, the Purchaser may request that the Bidder submit the necessary information or documentation within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Bid related to documentation requirements. Such omission shall not be related to any aspect of the price of the Bid. Failure of the Bidder to comply with the request may result in the rejection of its Bid.	
34.3	Provided that the Bid is substantially responsive, the Purchaser shall correct arithmetical errors on the following basis:	
	a.	If there is a discrepancy between the unit price and the total price per item that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price per item will be corrected unless in the opinion of the Purchaser there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected.
	b.	If there is a discrepancy between the Total Amount and the sum of the Total price per item, the sum of the total price per item shall prevail and the Total Amount will be corrected.
34.4	If the Bidder that submitted the lowest evaluated Bid does not accept the correction of errors, its Bid shall be disqualified and its Bid Security shall be forfeited.	
<b>35. Preliminary Examination of Bids</b>		
35.2	The Purchaser shall examine and confirm that the following documents and information have been provided in the Bid. If any of these documents or information is missing, the Bid shall be rejected.	
	a.	Bid Form, in accordance with ITB 12.1 (a);
	b.	Price Schedules, in accordance with ITB 12.1 (a);
	c.	Bid Security, in accordance with ITB 22.
<b>36. Examination of Terms and Conditions; Technical Evaluation</b>		
36.1	The Purchaser shall examine the Bid to confirm that all terms and conditions	

	specified in the GCC and the SCC have been accepted by the Bidder without any material deviation or reservation.
36.2	The Purchaser shall evaluate the technical features of the Bid submitted in accordance with ITB 20, to confirm that all requirements specified in Section V, Schedule of Supply of the Bidding Documents have been met without any material deviation or reservation.
36.3	If, after the examination of the terms and conditions and the technical evaluation, the Purchaser determines that the Bid is not substantially responsive in accordance with ITB 33, the Bid shall be rejected.
36.4	No conditional offer(s) shall be allowed. A bid with conditional offers shall be rejected
<b>37.</b>	<b>Conversion to Single Currency</b>
37.1	For evaluation and comparison purposes, the Purchaser shall convert all bid prices, expressed in amounts in various currencies into a single currency and use the exchange rates specified in the BDS.
<b>38.</b>	<b>Margin of Preference</b>
38.1	A margin of preference may apply to domestic goods manufactured in Bhutan as provided for in the BDS. To avail a margin of preference, the Bidder shall provide a value addition certificate from the Ministry of Economic Affairs.
<b>39.</b>	<b>Detail Evaluation of Bids</b>
39.1	The Purchaser shall evaluate each Bid that has been determined, up to this stage of evaluation, to be substantially responsive.
39.2	To evaluate a Bid, the Purchaser shall only use all the factors, methodologies and criteria defined in this ITB 39. No other criteria or methodology shall be permitted.
39.3	To evaluate a Bid, the Purchaser shall consider the following:
a.	Evaluation shall be done for Items or Lots, as specified in the BDS;
b.	The Bid Price, as quoted in accordance with ITB Clause 16;
c.	Price adjustment for correction of arithmetic errors in accordance with ITB Clause 34.3;
d.	Price adjustment due to discounts offered in accordance with ITB Clause 16.4;
e.	Adjustments due to the application of the evaluation criteria specified in the BDS from amongst those set out in Section III, Evaluation and Qualification Criteria; and

## Section I-Instructions to Bidders

	f.	Adjustments due to the application of a margin of preference, in accordance with ITB Clause 38, if applicable.
39.4		The Purchaser's evaluation of a Bid shall exclude and not take into account any allowance for price adjustment during the period of execution of the contract, if provided in the bid.
39.5		The Purchaser's evaluation of a Bid may require the consideration of other factors in addition to the Bid Price quoted in accordance with ITB Clause 16. These factors may be related to the characteristics, performance, and terms and conditions of purchase of the Goods and Related Services. The effect of the factors selected, if any, shall be expressed in monetary terms to facilitate comparison of Bids, unless otherwise specified in Section III, Evaluation and Qualification Criteria. The factors, criteria and the methodology of application shall be as specified in ITB 39.3 (e).
39.6		If so specified in BDS, Goods are grouped in two or more lots, the Purchaser will evaluate Bids on the basis of LOT WISE or a combination of Lots and the Purchaser shall award one or multiple lots to more than one Bidder.
<b>40.</b>	<b>Comparison of Bids</b>	
40.1		The Purchaser shall compare all substantially responsive Bids to determine the lowest evaluated Bid, in accordance with ITB 39.
40.2		If the Bid price of the lowest evaluated Bid appears abnormally low, high and/or seriously unbalanced price as compared to other Bidders or past rates, then the Purchaser may require the Bidder to produce written explanations of, justifications and detailed price analyses for any or all items offered. Such explanations may include, but are not limited to, details of the method by which the Goods and Related Services are to be provided, the technical solutions chosen, exceptionally favourable conditions available to the Bidder for the execution of the Contract, and the originality of the Goods proposed by the Bidder. After objective evaluation of the explanations, justifications and price analyses, if the Purchaser decides to accept the Bid with an abnormally low and/or seriously unbalanced price, the Purchaser shall require that the amount of the Performance Security stipulated in ITB 48 be increased at the expense of the Bidder to a level sufficient to protect the Purchaser against financial loss in the event of default of the successful Bidder under the Contract.
<b>41.</b>	<b>Post qualification of the Bidder</b>	
41.1		The Purchaser will determine to its satisfaction whether the bidder selected as having submitted the lowest-evaluated and substantially responsive Bid is qualified to satisfactorily perform the Contract.
41.2		The Purchaser will determine the reasonability of the Bid Prices based on the past purchase rate and the prevailing market rate during the evaluation.
41.3		The determination based upon an examination of the documentary evidence of the bidder's qualifications submitted by the bidder, pursuant to ITB 19, as well as such

	other information as the Purchaser deems necessary and appropriate.
41.4	If required, the Purchase may carry out the inspections of the Bidder's factories to assess the production, technical, financial, and manpower capacity of the Bidder to perform the Contract. The Purchaser shall notify in advance of the date in writing on which the inspection will be made. If the Bidder does not meet the required capacity as assessed by the inspection team, the bid shall be rejected
41.5	An affirmative determination shall be a prerequisite for award of the Contract to the bidder. A negative determination will result in rejection of the bidder's Bid, in which event the Purchaser shall proceed to the next lowest evaluated Bid to make a similar determination of that Bidder's capabilities to perform satisfactorily.
<b>42.</b>	<b>Contacting the Purchaser</b>
42.1	Subject to ITB 31, no bidder shall contact the Purchaser on any matter relating to its Bid, from the time of bid opening to the time the Contract is awarded.
42.2	Any effort by a Bidder to influence the Purchaser in the Purchaser's decisions in respect of bid evaluation, bid comparison or Contract awards will result in the rejection of the bidder's Bid.
<b>43.</b>	<b>Purchaser's Right to Accept Any Bid and to Reject Any or All Bids</b>
43.1	The Purchaser reserves the right to accept or reject any Bid and to annul the bidding process and reject all Bids at any time prior to award of Contract, without thereby incurring any liability to the affected bidder or bidders or any obligation to inform the affected bidder or bidders of the ground for the Purchaser's action.
<b>F. Award of Contract</b>	
<b>44.</b>	<b>Award Criteria</b>
44.1	The Purchaser will award the Contract to the successful bidder whose Bid has been determined to be the lowest-evaluated responsive Bid, provided further that the bidder is determined to be qualified to satisfactorily perform the Contract.
<b>45.</b>	<b>Purchasers Right to Vary Quantities at Time of Award</b>
45.1	At the time the Contract is awarded, the Purchaser reserves the right to increase or decrease the quantity of Goods and Related Services specified in Section V, Schedule of Supply, provided this does not exceed the percentages indicated in the BDS, and without any change in the unit prices or other terms and conditions of the Bid.
<b>46.</b>	<b>Notification of Award</b>
46.1	The Purchaser will notify the successful bidder in writing that its Bid has been accepted.

## Section I-Instructions to Bidders

46.2	Until a formal Contract is prepared and executed, the notification of award shall be binding on the Supplier.
<b>47.</b>	<b>Signing of Contract</b>
47.1	Within 15 (Fifteen) days from the date of issue of the notification of award of contract, the successful bidder are required to come and sign, date and seal the contract agreement at the office as specified in BDS.
47.2	Where the contract is not signed by both parties simultaneously:
a.	The Purchaser shall send to the successful bidder two original copies of (1) the full agreed contract and (2) the letter of acceptance, each copy to be signed by the bidder or its duly authorized representative, together with the date of signature;
b.	The letter of acceptance shall indicate the deadline by which it must be accepted as specified in BDS;
c.	The successful bidder, if agrees to conclude the contract, must sign and date all original copies of the contract and letter of acceptance and return one copy of each to the Purchaser before the expiry of the deadline indicated in the letter of acceptance;
d.	Failure of the successful bidder to accept the award/ sign the contract shall constitute sufficient grounds for the annulment of the award and forfeiture of the bid security.
47.3	Notwithstanding ITB 47.1 above, in case signing of the Contract Agreement is prevented by any export restrictions attributable to the Purchaser, to Bhutan, or to the use of the products/Goods, systems or services to be supplied, where such export restrictions arise from trade regulations from a country supplying those products/Goods, systems or services, the Bidder shall not be bound by its Bid, always provided, however, that the Bidder can demonstrate to the satisfaction of the Purchaser that signing of the Contract Agreement has not been prevented by any lack of diligence on the part of the Bidder in completing any formalities, including applying for permits, authorizations and/or licenses necessary for the export of the products/Goods, systems or services under the terms of the Contract.
<b>48.</b>	<b>Performance Security</b>
48.1	Within 15 (Fifteen) working days of the receipt of notification of award of contract, the successful bidder shall furnish the performance security, in accordance with the Conditions of Contract.
48.2	The Performance Security @10% of the supply contract value shall be furnished by the successful bidder in one of the following forms:

	a.	Unconditional bank guarantee issued by the reputed Financial Institution in the form provided for in Section VIII, Contract Forms or another form acceptable to the Purchaser; or
	b.	Banker's Cheque/Cash Warrant, or
	c.	Demand Draft.
48.3	If the institution issuing the Performance Security furnished by the Bidder is located outside the Purchaser's country, the Performance Security shall be counter guaranteed by a correspondent Financial Institutions located in the Purchaser's country to make it enforceable.	
48.4	Failure by the successful Bidder to submit the above-mentioned Performance Security shall constitute sufficient grounds for the annulment of the award and forfeiture of the Bid Security. In that event the Purchaser may award the Contract to the next lowest evaluated Bidder whose offer is substantially responsive and is determined by the Purchaser to be qualified to perform the Contract satisfactorily. Such a failure shall be considered as default and all relevant clauses shall apply.	

## Section II. Bid Data Sheet (BDS)

A. Introduction											
ITB 1.1	The Tender No. : <i>BPC/CMDPO/2020 Materials/2020/01</i> dated <i>16<sup>th</sup> September, 2020</i> .										
ITB 1.1	The Tender Name is: <i>Supply and Delivery of Machineries, tools, testing equipment, spares and consumables.</i>										
ITB 1.1	The Purchaser is: <i>Central Maintenance Division Project Office, Bhutan Power Corporation Limited, Yarden Lam, Post Box No. 580, Thimphu, Bhutan.</i>										
ITB 1.1	The number and identification of Lots comprising this tender are: <table border="1" data-bbox="422 745 1254 1032"> <thead> <tr> <th>Lot No</th> <th>Description</th> </tr> </thead> <tbody> <tr> <td><i>Lot 1</i></td> <td><i>Machineries</i></td> </tr> <tr> <td><i>Lot 2</i></td> <td><i>Tools</i></td> </tr> <tr> <td><i>Lot 3</i></td> <td><i>Testing equipment</i></td> </tr> <tr> <td><i>Lot 3</i></td> <td><i>Spares and Consumables</i></td> </tr> </tbody> </table>	Lot No	Description	<i>Lot 1</i>	<i>Machineries</i>	<i>Lot 2</i>	<i>Tools</i>	<i>Lot 3</i>	<i>Testing equipment</i>	<i>Lot 3</i>	<i>Spares and Consumables</i>
Lot No	Description										
<i>Lot 1</i>	<i>Machineries</i>										
<i>Lot 2</i>	<i>Tools</i>										
<i>Lot 3</i>	<i>Testing equipment</i>										
<i>Lot 3</i>	<i>Spares and Consumables</i>										
B. Bidding Documents											
ITB 8.2	<p>For <b>clarification of Bid purposes</b> only, the Purchaser's address is:</p> <p>Attention: <i>The Project Director.</i></p> <p>Address: <i>Central Maintenance Division Project Office, Bhutan Power Corporation Limited, Yarden Lam, Post Box No. 580, Thimphu, Bhutan.</i></p> <p>Telephone number: <i>+975-2-330684</i></p> <p>Mail address: <i>herukazangpo@bpc.bt</i></p> <p>copy to: <i>mahendrasubedi@bpc.bt</i></p>										
C. Preparation of Bids											
ITB 11.1	The language of the Bid is: <i>English</i>										
ITB 12.1(h)	The bidders shall submit a signed Integrity Pact: <i>Yes</i>										
ITB 12.1(j)	The Bidder shall submit with its Bid the following additional documents: <i>None</i>										
ITB 15.1	Alternative Bids " <i>shall not be</i> " permitted.										
ITB 16.5	The Incoterms edition is: <i>2010 edition.</i>										
ITB 16.6	The price shall be inclusive of all taxes and duties that are applicable both inside and outside the purchaser's country.										

## Section II- Bid Data Sheet (BDS)

(ii)											
ITB 16.6(b)(i)	The price of the goods quoted shall be DDP (Delivery duty paid), RSD, Gelephu (Place of destination) for all the lots as per incoterm 2010. Notwithstanding any possible misinterpretation/ambiguity in interpretation, it is explicitly clarified that the offered prices shall be all inclusive covering all costs including but not limited to transportation, insurance, taxes and duties and any other costs for delivery of the materials to the Purchaser at the designated place of delivery/destination.										
ITB 16.6(b)(ii)	Add "The Price quoted shall be inclusive of all the taxes and duties that are payable inside as well as outside purchaser country".										
ITB 16.6(b)(iii)	Final destination (Project Site) if relevant: Not Applicable.										
ITB 16.7	The prices quoted by the Bidder " <i>shall not</i> " be adjustable.										
ITB 19(a)	<p>Manufacturer's Authorization (MA) "<i>is</i>" required</p> <table border="1"> <thead> <tr> <th>Lot Description</th> <th>Remarks</th> </tr> </thead> <tbody> <tr> <td>Lot 1: Machineries</td> <td>No</td> </tr> <tr> <td>Lot 2: Tools</td> <td>No</td> </tr> <tr> <td>Lot 3: Testing equipment</td> <td>No</td> </tr> <tr> <td>Lot 4: Spares and Consumables</td> <td>No</td> </tr> </tbody> </table> <p>a) The bid for that item(s)/Lot(s) shall be rejected if the Manufacturer's Authorization is not submitted for which the Manufacturer's Authorization is required.</p> <p>b) The Bidders are to mention the model, brand and origin of goods in the price schedule and submit the Manufacturer's Authorization accordingly.</p>	Lot Description	Remarks	Lot 1: Machineries	No	Lot 2: Tools	No	Lot 3: Testing equipment	No	Lot 4: Spares and Consumables	No
Lot Description	Remarks										
Lot 1: Machineries	No										
Lot 2: Tools	No										
Lot 3: Testing equipment	No										
Lot 4: Spares and Consumables	No										
ITB 19(b)	After sales maintenance, repair, spare parts stocking and related services " <i>are not</i> " required, and the Bidder therefore " <i>is not</i> " required to be represented by a suitably equipped and able agent in Bhutan.										
ITB 20.2	<p>Guaranteed Technical Particulars (GTP) "<i>is</i>" required.</p> <table border="1"> <thead> <tr> <th>Lot Description</th> <th>Remarks</th> </tr> </thead> <tbody> <tr> <td>Lot 1: Machineries</td> <td>YES (except item no. 6 and 9)</td> </tr> <tr> <td>Lot 2: Tools</td> <td>YES (only item no. 7,8 and 9)</td> </tr> <tr> <td>Lot 3: Testing equipment</td> <td>YES</td> </tr> </tbody> </table>	Lot Description	Remarks	Lot 1: Machineries	YES (except item no. 6 and 9)	Lot 2: Tools	YES (only item no. 7,8 and 9)	Lot 3: Testing equipment	YES		
Lot Description	Remarks										
Lot 1: Machineries	YES (except item no. 6 and 9)										
Lot 2: Tools	YES (only item no. 7,8 and 9)										
Lot 3: Testing equipment	YES										

## Section II- Bid Data Sheet (BDS)

	<table border="1"> <tr> <td>Lot 4: Spares and Consumables</td><td>No</td></tr> </table>	Lot 4: Spares and Consumables	No								
Lot 4: Spares and Consumables	No										
	<p>a) <i>The minimum technical specification (where ever required) are detailed out under respective lot. Any technical deviation shall be brought out in the GTP forms for the items where GTP forms are provided and for the items where GTP forms are not required, the deviation shall be brought out in the deviation sheet provided. If the deviations are not mentioned in GTP and deviation sheet provided, the specification shall be considered as complied with the requirement.</i></p> <p>b) <i>The bid for that item(s)/Lot(s) shall be rejected if the GTP is not submitted as specified in Section V, Schedule of Supply where GTP Forms are provided for bidders to fill up. The bidders are required to duly fill up the GTP forms provided in the bidding document. The catalogue/brochures of the items shall not be considered as GTP of the item. Further, if there are discrepancies between the item catalogue/brochures and the offered GTP, then GTP shall prevail.</i></p> <p>c) <i>For the item(s)/Lot(s) of which GTP forms are not provided in Section V, Schedule of Supply of the bidding document, the bidders are requested to submit the catalogue or drawings for individual items. The offered items shall be clearly indicated in the catalogue and deviation brought out in deviation sheet provided.</i></p>										
ITB 21.1	The Bid validity period shall be valid till <b>15<sup>th</sup> January, 2021.</b>										
ITB 22.1	<p>The amount and currency of the Bid Security are as follows:</p> <table border="1"> <thead> <tr> <th>Lot Description</th><th>Amount (Nu.)</th></tr> </thead> <tbody> <tr> <td>Lot 1: Machineries</td><td>76,939.00</td></tr> <tr> <td>Lot 2: Tools</td><td>9,871.40</td></tr> <tr> <td>Lot 3: Testing equipment</td><td>36,925.04</td></tr> <tr> <td>Lot 4: Spares and Consumables</td><td>53,420.36</td></tr> </tbody> </table> <p>Preferably Bid Security should be submitted for the individual lots. Combined Bid Security would be also accepted. However, if the combined Bid Security is not sufficient in terms of total amount, the offer for the entire quoted lots would be treated as non-responsive as per ITB 22.4 and not considered for further evaluation.</p>	Lot Description	Amount (Nu.)	Lot 1: Machineries	76,939.00	Lot 2: Tools	9,871.40	Lot 3: Testing equipment	36,925.04	Lot 4: Spares and Consumables	53,420.36
Lot Description	Amount (Nu.)										
Lot 1: Machineries	76,939.00										
Lot 2: Tools	9,871.40										
Lot 3: Testing equipment	36,925.04										
Lot 4: Spares and Consumables	53,420.36										
ITB 22.3	<b>The Bid Security validity period shall be valid till 14<sup>th</sup> February, 2021.</b>										
<b>D. Submission and Opening of Bids</b>											
ITB 23.1	In addition to the original of the Bid, the number of copies is: <i>One copy.</i>										

## Section II- Bid Data Sheet (BDS)

and 24.1	
ITB 24.3 (d)	The identification of this bidding process is: <i>BPC/CMDPO/2020 Equipment/2020/01 dated 15<sup>th</sup> September, 2020.</i>
ITB 25.1	For <b><u>Bid submission purposes</u></b> only, the Purchaser's address is: Attention: <i>The Project Director</i> Address: <i>Central Maintenance Division Project Office, Bhutan Power Corporation Limited, Yarden Lam, Post Box No. 580, Thimphu, Bhutan.</i>
ITB 25.1	The deadline for Bid submission is:  <i>Date: 15<sup>th</sup> October, 2020</i> <i>Time: 13:00 hours</i>
ITB 29.1	The Bid opening shall take place at: Address: <i>BPC Conference Hall, Bhutan Power Corporation Limited, Yarden Lam, Post Box No. 580, Thimphu, Bhutan.</i>  <i>Date: 15<sup>th</sup> October, 2020.</i> <i>Time: 14:30 hours</i>
<b>E. Evaluation and Comparison of Bids</b>	
ITB 37.1	Bid prices expressed in different currencies shall be converted into Ngultrum (BTN). The source of exchange rates shall be as published by the Royal Monetary Authority of Bhutan.  The date for the exchange rates shall be the date of Bid Opening, as prescribed in ITB 29.1 and the exchange rate shall be TT selling rate.
ITB 38.1	A margin of five percent (5%) Domestic Preference " <i>shall not</i> " apply.
ITB 39.3 (a)	Bids will be evaluated as follows:  <b><i>Bid evaluation shall be done on items wise basis.</i></b>  Actual order shall however be done based on the lowest rate that has been quoted in that bid for that items.
ITB 39.3 (e)	The adjustments shall be determined using the following criteria from amongst those set out in Section III, Evaluation and Qualification Criteria:  (a) Deviation in Delivery schedule: <i>Yes. [Clause 2.2 of Evaluation Criteria (ITB 39.3 (e))]</i>  (b) Deviation in payment schedule: <i>No [Clause 2.3 of Evaluation Criteria (ITB 39.3 (e))]</i>  (c) The cost of major replacement components, mandatory spare parts, and service: <i>No. The cost of spare components, mandatory spares and services if submitted by the Bidder shall not be taken into consideration during the evaluation.</i>  (d) The availability in Bhutan of spare parts and after-sales services for the equipment offered in the Bid: <i>No</i>

## Section II- Bid Data Sheet (BDS)

	<p>(e) The projected operating and maintenance costs during the life of the equipment: <i>No.</i></p> <p>(f) The performance and productivity of the equipment offered: <i>Yes. The performance warranty period for the equipment offered will be 12 months from the date of receipt at the place of destination.</i></p>
ITB 39.6	Bidders " <i>shall not</i> " be allowed to quote separate prices for one or more items/lots. [ <i>refer to Section III, Evaluation and Qualification Criteria for the evaluation methodology, if appropriate</i> ]
<b>F. Award of Contract</b>	
ITB 45.1	The maximum percentage by which quantities may be increased is <i>20% percentage of the contract value</i> . The maximum percentage by which quantities may be decreased is <i>20% percentage of the contract value</i> .
ITB 47.1	<p>The signing of Contract Agreement will take place at:</p> <p>Address: <i>Central Maintenance Division Project Office, BPC, Yarden Lam, Post Box No. 580, Thimphu, Bhutan.</i></p>
ITB 47.2	The letter of acceptance must be accepted on or before: <i>10 (ten) days after the notification of award.</i>

**Section III. Evaluation and Qualification Criteria**

**Table of Contents**

Domestic Preference (ITB 38).....	2
Evaluation Criteria (ITB 39.3 (e)).....	2
Multiple Contracts (ITB 39.6) .....	3
Postqualification Requirements (ITB 41.2).....	3

<b>Domestic Preference (ITB 38)</b>	
1.1	If the Bidding Data Sheet (BDS) so specifies, in comparing Bids, a margin of preference will be granted to Goods of Bhutanese Origin.
1.2	For application of domestic preference, all responsive Bids will first be classified into the following three categories:
a.	<i>Category I:</i> Goods shall be considered to be of Bhutanese Origin based on the percentage of value addition as prescribed by the Ministry of Economic Affairs, Bhutan;
b.	<i>Category II:</i> All other bids offering Goods manufactured in Bhutan;
c.	<i>Category III:</i> Bids offering Goods manufactured outside Bhutan that have been already imported or that will be imported.
1.3	In the first step, all evaluated bids in each group shall be compared to determine the lowest bid in each group. Such lowest evaluated bids shall be compared with each other and if, as a result of this comparison, a bid from Category I or Category II is the lowest, it shall be selected for the award.
1.4	If as a result of preceding comparison, the lowest evaluated bid is a bid from Category III, for the purpose of further comparison only, an upward five percent (5%) price adjustment will be made to the CIF/CIP/DDP bid prices of Category III bidders. The lowest evaluated bid determined from this last comparison shall be selected for the award.
1.5	Bidders applying for the preference shall provide all supporting documents to prove that the Goods offered by them are from Category I and Category II respectively.
<b>Evaluation Criteria (ITB 39.3 (e))</b>	
The Purchaser's evaluation of a Bid may take into account, in addition to the Bid Price quoted in accordance with ITB 16.6, one or more of the following factors as specified in ITB 39.3(e) and in the BDS referring to ITB 39.3(e), using the following criteria and methodologies.	
2.1	Brand Name
	BPC has adopted the policy of restricting certain Strategic Critical Items (SC SKU's) as per the provision of the BPC Procurement Manual to ensure high quality, reduce inventory and to sustain long-term smooth operation and maintenance services. Bidders must ensure that for these lots, only the listed brand names are quoted and effort must be made to source this equipment directly from the manufacturers and or their authorized dealers. Preferred Brands/Restricted Brands are specified in Price Schedule.

2.2	<p><b>Delivery Schedule (<i>as per Incoterms specified in BDS</i>)</b></p> <p>The Goods are required to be delivered in accordance with and completed as specified in the Section V, Schedule of Supply. No credit will be given to earlier completion. Bids offering late delivery schedules (LDS) will be accepted but the Bids shall be adjusted for the purpose of the bid evaluation only adding at the rate of @one (1) per cent of the bid price for each week of delay to the bid price. Bids offering delivery schedules beyond 1 (one) month of the date specified in Section V, Schedule of Supply shall be rejected.</p>
2.3	<p><b>Adjustment for Deviations from the Terms of Payments</b></p> <p>Deviation from terms of payment as specified in special condition of contract shall not be permitted. All bids deviating from specified terms of payment will be treated as non-responsive.</p>
2.4	<p><b>Contractual and Commercial Deviations</b></p> <p>The cost of all quantifiable deviations and omissions from the contractual and commercial conditions shall be evaluated. The Purchaser will make its own assessment of the cost of any deviations for the purpose of ensuring fair comparison of Bids.</p>
<b>3. Multiple Contracts (ITB 39.6)</b>	
3.1	The Purchaser shall award multiple contracts to the Bidder that offers the lowest evaluated combination of Bids (one contract per Bid) and meets the post qualification criteria (this Section III, Sub-Section ITB 39.2, Post qualification Requirements)
3.2	The Purchaser shall:
a.	Evaluate only items/lots that include at least the percentages of items per lot and quantity per item as specified in ITB 16.8.
b.	Take into account:
i.	the lowest-evaluated Bid for each lot; and
ii.	the price reduction per lot and the methodology for its application as offered by the Bidder in its Bid.
<b>4. Post qualification Requirements (ITB 41.2)</b>	
4.1	After determining the lowest-evaluated Bid in accordance with ITB 40.1, If required, the Purchaser shall carry out the post qualification of the Bidder*in

### Section III- Evaluation and Qualification Criteria

	accordance with ITB 41, using only the requirements specified. Requirements not included in the text below shall not be used in the evaluation of the Bidder's qualifications.	
	a.	<p>Financial Capability</p> <p>The Bidder shall furnish documentary evidence that it meets the following financial requirement(s): <i>Not Applicable</i>.</p>
	b.	<p>Experience and Technical Capacity</p> <p>The Bidder shall furnish documentary evidence to demonstrate that it meets the following experience requirement(s): <i>ISO Certificate; list of previous clients, relevant catalogues, test certificates, list of past performance certificates and manufacturer's profile for all new brands that are introduced in BPC.</i></p>
	c.	<p>The Bidder shall furnish documentary evidence to demonstrate that the Goods it offers meet the following usage requirement(s): <i>Not Applicable</i></p>

## PART 2- Supply Requirement

**Section V. Schedule of Supply**

Table of Contents

1. Delivery and Completion Schedule.....	3
2. Technical Specifications .....	4

## 1. Delivery and Completion Schedule

- a. The delivery period shall commence from the date of signing contract.

Lot No.	Lot Description	Required Arrival Date of Goods or Completion Date for Related Services
Lot 1	<i>Machineries</i>	120 days from the signing of contract
Lot 2	<i>Tools</i>	90 days from the signing of contract
Lot 3	<i>Testing equipment</i>	120 days from the signing of contract
Lot 3	<i>Spares and Consumables</i>	90 days from the signing of contract

Location / Destination as specified in BDS –Shall be RSD, Stores at Gelephu, Sarpang.

**2. Technical Specifications****Table of Content**

<b>SI #</b>	<b>Technical Specification</b>	<b>Page No.</b>
1	Section I- Common Technical Requirements	5-25
2	Technical Specification for Lot 1(Machineries) and Lot 2 (Tools)	1-25
3	Technical Specification for Lot 3 (Testing equipment) and 4 (Spares and Consumables)	1-18
4	Table of guaranteed technical particulars (GTP Forms)- bidders to fill up	
5	Price schedule	

**Note: Serial no. 5 (Table of guaranteed technical particulars -Bidders to fill up), and serial no 6 (Price Schedule) are enclosed at the end of the bidding document for convenience.**

## **Section I - Common Technical Requirements**

### **1.1 General**

In the following sections, this document describes equipment required for the tender. The common technical specifications are to mainly state the general requirements commonly applied for all the Packages. If there is any discrepancy in the requirements between the General Specifications and the Technical Specifications in this Section, the requirements mentioned in Technical Specifications shall prevail.

### **1.2 Scope of Work**

The supply contract includes the design, manufacture, testing, insurance, delivery, installation and commissioning in complete form (assembly at warehouse if required) unloading and proper handing over the supplies to the Purchaser's Warehouse at RSD, Gelephu, Sarpang, Bhutan, of the Equipment as specified in the Price Schedule.

All necessary foundation bolts, rag bolts, nuts and washers, grouting packing and the like required for mounting and securing the equipment/assemblies should be included in the supply.

Bidders shall furnish guaranteed particulars in the Schedules enclosed. Drawings of all components shall be provided together with the equipment type and reference number to ensure their identification.

The unloading of the goods (items) in the purchaser's warehouse shall be in the scope of the suppliers.

### **1.3 Units of Measurement**

Metric units of measurement (System International) shall be used on all Contract documentation. Angular measurement shall be in degrees with 90 degrees comprising one right angle.

### **1.4 Standards**

The design material, construction, manufacture, inspection and testing of all equipment supplied under this Specification shall conform to the latest editions of the International Electro-technical Commission (IEC) Specifications and other international standards where the material is not covered by IEC. Other national or international standards are accepted if they promise to confer equal or superior quality and performance than IEC or the specified standards.

The Supplier shall provide to the Purchaser, English language copies of any Standards and Codes of Practice, which the Supplier wishes to use. The Supplier shall provide English language translations of any Standards and Codes of Practice which the Supplier wishes to use and which are in a language other than English.

## 1.5 Language

The English language shall be used on all Contract documents, drawings and calculations and in all correspondence between the Supplier and the Purchaser. Any documents and drawings submitted by the Supplier in the language other than English to the Purchaser will be returned to the Supplier without review by the Purchaser.

## 1.6 Site Conditions

1.6.1 The conditions for the design of the equipment are as follow:

Basic Design Parameters	Basic Design Value
Altitude	2400 metres
Ambient Air Temperature : minimum	-10°C
Maximum	+40°C
Average Annual Isokeraunic Level	75 thunderstorm days
Average Annual Rainfall & Period	1400 mm (May to September)
Climate	Varied (From tropical to severe winters)
Relative Humidity	20 – 100%
Seismic Acceleration : Horizontal	0.1 g
Vertical	0.05 g
Snow Incidence and period	150 –300 mm (December to March)
Wind Pressure : Conductors	45 kg/m <sup>2</sup>
Towers, Supports	195 kg/m <sup>2</sup>

### 1.6.2 Special Conditions

The equipments under this tender shall be designed for 2400m and accordingly shall the equipment/components shall be altitude corrected to 2400m.

## 1.7 Electrical Design Parameters

The electrical parameters of the equipments in accordance with relevant IEC and IS standards for 33kV and below are shown in following tables.

### Medium Voltage

Nominal System Voltage	kV	33	11	6.6
Nominal System Frequency	Hz	50	50	50
Maximum System Voltage	kV	36	12	7.2
Rated Impulse withstand voltage (Peak)	kV	170	75	60

## Section V- Schedule of Supply

Rated one minute power frequency withstand voltage (rms)	kV	70	28	20
Rated one second short time current (rms)	kA	16	20	20
Rated short circuit withstand current (peak)	kA	40	50	50
Creepage Distance	(mm/kV)	25	25	25

### Low Voltage

Insulation parameters- Low Voltage

Nominal System Voltage	V	400/230
Nominal System Frequency	Hz	50
Maximum System Voltage	V	424/244 <sup>1</sup>
Rated one minute power frequency withstand voltage (rms)	V	3000
Rated impulse withstand voltage (peak)	kA	7500

Note 1: Phase to Phase / Phase to Neutral

### System Variation

Parameters permissible at 75 °C	Variation
Voltage Regulation of MV System	33,11,6.6 kV
Voltage Regulation of LV System	400/230 V
System Frequency	50 Hz
Parameters permissible at 75 °C	Variation

Note 1: Maintain the System frequency between 49.0-50.5Hz.

#### 1.7.1 De-rating

Since various standards or recommendations enforce validity limits on device characteristics, therefore the values mentioned in this specification are for the normal condition of use i.e. below 1000 m. Beyond these limits, it is necessary to deduce certain values, in other words to de-rate the device. De-rating must be considered;

- For insulation level of external insulation.
- For electrical clearances of two conductive parts measured through air.

#### 1.7.2 Basic Insulation Level (BIL) De-rating According to Altitude

For installation at an altitude higher than 1000 m, the correction method recommended in IEC 60694 is convenient to use for purpose of the determination of withstand test voltages.

### 1.7.3 Electrical Clearance De-rating According to Altitude

If the equipment is specified for operation at an altitude higher than 1000 m, the clearance requirements shall be increased by 1.25% for every 100 m by which the altitude exceeds 1000 m. Requirements are given for phase-to-earth; phase-to-neutral and phase-to-phase clearance.

### 1.8 Spare Parts, Tools and Appliances

The bidder shall attach the spares, special tools and/ or appliances which are recommended.

The Purchaser may order all, none or any of the recommended items. Those ordered shall be delivered not later than the date of receipt of the last shipment of the associated item of plant. The price of the items shall be subject to the same price conditions as the associated item of plant.

All spares shall be interchangeable with the original parts. They shall be treated and packed for long term storage under the climatic conditions of site.

Each item shall be clearly and permanently labeled on the outside of its container with its description and purpose. When several items are packed in one case, a general description of the contents shall be given on the outside of the case. Spare parts shall not be shipped in the same cases as components, which are used for erection. The cases shall be clearly labeled to indicate that they contain spare parts or tools and each tool or appliance shall be clearly marked with its size and purpose.

All case containers or other packages are liable to be opened for inspection and checking on site.

The cost of recommended spares, special tools (other than those specified in the BOQ) will not be taken into consideration when comparing bids.

### 1.9 Electrical Power Supplies

#### a) Power Supplies

Power supplies for plant and equipment shall be:

- i. 400 V, 3 phase, 4-wire, 50 Hz for power.
- ii. 230 V, 1 phase, 50 Hz for lighting, indication, and anti-condensation heaters.

48/110 V DC for relays, essential indication, CB spring charging, controls/ protection, alarms, CB tripping and closing.

#### b) Miniature Circuit Breakers

Means shall be provided for protection and isolation of circuits associated with protection, control and instruments. They shall be of approved type and grouped, as far

as possible, according to their functions. They shall be clearly labeled both on the panels and the associated wiring diagrams.

Miniature circuit breakers shall be of the thermal and magnetic tripping type, and comply with IEC 60898 and IEC 60947-2.

### c) Instruments

All electrical instruments and meters shall comply with IEC 60051 and IEC 61010 and, unless otherwise specified, shall be of industrial grade accuracy. Three-phase power measuring instruments shall be of the three-phase unbalanced load pattern wherever the current and Voltage references permit. Energy meters shall be three phase four wire having maximum demand indicator, RS485 port and optical port.

All indicating and recording instruments shall be flush mounted in dust proof cases complying with IEC 60068 and dimensions to IEC 61554.

The size of all indicating instruments shall be 96 mm square with long scale and instruments supplied from transducers shall have 4-20 mA movements. Running hour meters shall have 6 digit cyclo-meter type indicators.

Instrument dials shall be white with black markings. A red line shall be drawn on each scale to represent rated conditions. Bezels shall have uniform semi-gloss black high-grade finish.

The movements of all electrically actuated instruments shall be of the deadbeat type. Instruments shall be provided with a readily accessible zero adjustment wherever possible.

### d) Terminals

Moulding materials shall be self-extinguishing or resistant to flame propagation, substantially non-hygroscopic and shall not carbonise when tested for tracking. The insulation between any terminal & framework or between adjacent terminals shall withstand a test of 2 kV rms. for one minute. The mouldings shall be mechanically robust to withstand handling while making terminations.

All terminals shall be mounted in accessible positions. Adjacent terminals shall be adequately spaced with respect to each other and to the incoming cable gland plate. Separate terminations shall be provided on each terminal strip for the cores of incoming and outgoing cables including all spare cores.

Terminal blocks for CT and VT secondary leads shall be provided with test links and isolating facilities. Terminals provided for current transformers shall incorporate facilities to enable secondary windings to be short-circuited without disturbing fixed wiring and earthing facilities.

## Section V- Schedule of Supply

Terminations for circuits operating at Voltages greater than 60 V shall be protected by transparent insulating covers marked with the working Voltages.

DC circuit terminals shall be segregated from AC terminals.

Unless otherwise specified, all the terminal blocks except the terminal blocks for CTs shall be suitable for connecting minimum two 2.5 sq.mm copper conductors of the external cables at each connecting point. The terminal blocks for CTs and PTs shall be suitable for connecting minimum of 4.0 sq. mm and 2.5 sq. mm copper conductors respectively.

All spare contacts and terminals of the panel mounted equipment and devices shall be wired to terminal blocks.

The terminal assemblies shall give the required number of ways plus 20% spare with a minimum of 5 terminals. These shall be uniformly distributed on all rows of terminal blocks.

### e) Panel Wiring

All wiring shall be carried out with 1100 V grade, single core, stranded copper conductor wires with FRLS PVC insulation and shall be Vermin, rodent proof. The minimum size of the stranded copper conductor used for panel wiring shall be as follows:

- |    |                                 |                                 |
|----|---------------------------------|---------------------------------|
| a) | All circuits except CT circuits | : 1.5 mm <sup>2</sup> per lead. |
| b) | CT Circuit                      | : 2.5 mm <sup>2</sup> per lead. |

The minimum number of strands per conductor shall be seven. Extra flexible wires shall be used for wiring of devices mounted on moving parts such as swinging panels and doors.

The wiring shall be bound and supported by clamping, roughing or lacing. Spiral wrapping will not be accepted. Wireways shall not be more than 50% full. Adequate slack wire shall be provided to allow for one re-stripping and reconnection at the end of each wire. When screened cables or wires are necessary, an insulating sheath shall be included.

Wiring and supports shall be of fire resistant material.

Wiring shall only be jointed or teed at terminals. Terminals of the clamp type shall not have more than two wires connected.

### f) Wire Colour Code

Wire colours shall be as follows:

Colour	Purpose
Red	R-phase connections in current and Voltage transformer circuit

## Section V- Schedule of Supply

	only
Yellow	Y-phase connections in current and Voltage transformer circuits only
Blue	B-phase connections in current and Voltage transformer circuits only.
Green with Yellow Stripes	Connections to earth
Black	AC neutral connections, earthed or unearthed, connected to the secondary circuits of current and Voltage transformers.
Any other Colours	AC connections other than those above.

Alternatively, where equipment is wired in accordance with a manufacturer's standard diagram, wiring may be carried out in a single colour except that all connections to earth shall be green with yellow stripes.

### g) Terminations and Ferrules

The ends of every wire and every cable tail shall be fitted with numbered ferrules of white with alpha numbers clearly engraved in black.

Moisture and oil resisting insulating material shall be used. The ferrules shall be of the interlocking type and shall grip the insulation firmly.

Wires and terminals associated with tripping circuits shall be distinctively marked.

### h) Electrical Insulation

Insulating materials shall be finished to prevent deterioration of their qualities under the specified working conditions.

Plastics, elastomers, resin-bonded laminates and inorganic materials shall be of suitable quality selected from the grades or types in the appropriate IEC Standard.

All cut or machined surfaces and edges of resin-bonded laminates shall be cleaned and then sealed with an approved Varnish as soon as possible after cutting.

### i) Electronic and Control Equipment

Equipment shall be capable of withstanding randomly phased transient over-voltages of either polarity on the power supply or interruptions of the power supply without damage or impairment to the equipment's subsequent performance. In the case of controls, no mal-operation shall occur.

Where manufacturers require that electronic equipment supplied under this Contract should not be subjected to insulation resistance tests ("Meggering"), suitable warning notices shall be provided and installed in appropriate locations.

No thermionic valves shall be used in the equipment. Wherever possible, integrated circuits shall be used.

It shall be possible to remove/replace card from/to electronic equipment without damage and without interfering with the operation of the rest of the equipment or system. If necessary, consideration should be given to switching off the supplies locally to a card to prevent inadvertent interference to the equipment or system during removing/replacing a card.

### j) Alternating Current Supply Practice

Double-pole switches shall be used to break single-phase ac mains supplies. For multi-phase supplies, each phase shall be switched simultaneously and the neutral should preferably not be switched. If it is switched, it shall be opened after and closed before the phase-lines.

All mains circuits shall be protected only in the phase-lines by MCBs of suitable rating or by other suitably approved protective devices. The neutral shall be connected by a removable link located near the protective devices.

All main transformers shall have an electrostatic screen, which shall be earthed.

### k) Direct Current Supply Practice

Double pole switches shall be used to break dc supplies, one pole for the positive line and one pole for the negative.

DC circuits shall be protected by MCBs of suitable rating installed in both positive and negative lines.

Measures shall be taken to prevent arcing across switches or relay contacts which are required to break inductive circuits (e.g. bypass diodes or capacitors connected across coils).

Power supply bus bars in cubicles shall be shrouded.

The duplicate auxiliary power supply feeders shall be provided in Control panels. Auto-changeover facility in DC DB shall be provided so that in case of failure of one power source, other shall cut in automatically. The protective relays shall not give a trip signal for momentary loss of control Voltage or during changeover of control Voltage.

### l) Batteries

Electronic equipment shall not use local internal batteries unless the approval has been obtained. Where approval is given, batteries used inside equipment shall be of the totally sealed, leak-proof type.

### m) Earthing

## Section V- Schedule of Supply

Provision shall be made for earthing all equipment intended for connection in an ac mains supply.

All structural metal work and metal chassis shall be connected to earth. Earthing conductors shall be at least equal in cross-sectional area to the supply conductors and shall be capable of carrying the fault current for 1 second.

### n) Anti-Condensation Heaters

Any items of electrical equipment which are liable to suffer from internal condensation (due to atmospheric or load variations) shall be fitted with heating devices suitable for electrical operation at 230 Volts ac, 1 phase, 50 Hz of sufficient capacity to raise the internal ambient temperature by 5°C. The electrical apparatus so protected shall be designed so that the maximum permitted rise in temperature is not exceeded if the heaters are energised while the apparatus is in operation. Where fitted, a suitable terminal box and control switch shall be provided and mounted in an accessible position. A thermostat shall be provided in the heater control circuit to cut-off the heater at 45° C.

### o) Interior lighting and Receptacles

The panels shall be provided with a compact fluorescent lamp (CFL) lighting fixture (11 W) rated for 240 V, 1 phase, 50 Hz supply for the interior illumination of the panel during maintenance. Switching of the fitting shall be controlled by the respective panel door switch. All CFL lamps shall be with pin type holder.

The panels shall be provided with a 230 V, 1 phase, 50 Hz, 6 Amps, 3 Pin receptacle with switch. The receptacle with switch shall be mounted inside the panel at a convenient location.

## 1.10 Materials and Finishes

### 1.10.1 General

Unless otherwise provided for in the Contract, all materials, fixtures, fittings, and supplies furnished (hereafter called "materials") shall be new and of standard first grade quality. All assembly and construction work shall be done in a neat and professional manner. Materials shall be free of defects. Materials shall be brought to site only after inspection and issuance of proper dispatch clearance. The dispatch clearance shall be issued within three working days after the inspection from the BPC head office. The local materials like bricks, sand aggregates shall be tested in the local laboratories before bulk supply.

All of the plant, whether temporary or permanent, shall be in accordance with the Contract with respect to character, type, construction, constituent substances, weight, strength, shape, dimensions, etc.

In choosing materials and their finishes, due regard shall be given to the harsh climatic conditions which can occur in the area. Some relaxation of the following provisions

## Section V- Schedule of Supply

may be permitted where equipment is hermetically sealed, but weatherproof materials should be used wherever possible.

All structural members, nuts and bolts shall be galvanised and shall conform to the requirements.

### 1.10.2 Surface Coating and Galvanising

All ferrous metalwork shall be provided with an effective galvanised or corrosion resistant paint treatment applied in accordance with the best trade practice. The paint treatment for each application shall be selected from the 'Paint Procedure' described in subsequent paragraphs.

The formulation and application procedure for the paint shall be as recommended by the manufacturer for the appropriate exposure conditions.

Coatings shall not be applied before vessels and chambers have passed any required pressure or vacuum tests. Precautions shall be taken to prevent corrosion occurring in the period of time between cleaning of the steel and commencing the painting.

Adequate amounts of each type and colour of finish coat as applied to the major equipment items shall be provided for "touch-up" purposes.

The colour of equipment shall be painted with RAL 7032 (exterior) and glossy white (interior).

### 1.10.3 Paint Procedure

(a) For Mild Steel Items Exposed to Weather:

- (i) Blast clean.
- (ii) 1st coat - Inorganic zinc primer to give a dry film build of not less than 75 microns.
- (iii) 2nd coat - Chlorinated Rubber to give a dry film build of not less than 100 microns.
- (iv) 3rd coat - Chlorinated Rubber to give a dry film build of not less than 75 microns.

(b) Mild Steel Items Immersed in Oil :

- (i) Blast clean.
- (ii) 1st and 2nd coats - Epoxy paint treatment system in accordance with coating manufacturer's recommendation for oil immersion.
- (iii) Total dry film build thickness shall not be less than 350 microns.

### 1.10.4 Galvanising

Galvanising shall be applied by the hot dipped process generally in accordance with ASTM A 123-78 for structural steel and ASTM A 153-73 for iron and steel hardware.

For structural steel, galvanising shall average not less than  $0.61 \text{ kg/m}^2$  (no individual specimen shall show less than  $0.55 \text{ kg/m}^2$ ) except for 6.35 mm and heavier materials in

## Section V- Schedule of Supply

which case galvanising shall average not less than  $0.702 \text{ kg/m}^2$  (no individual specimen shall show less than  $0.61 \text{ kg/m}^2$ ).

For iron and steel hardware, galvanising shall be in accordance with Table 1 of ASTM A 153-73.

The zinc coating shall be smooth, clean, of uniform thickness and free from defects. The preparation for galvanising and the galvanising itself shall not adversely affect the mechanical properties of the coated material.

### 1.10.5 Castings

All castings shall be free from blowholes, flaws and cracks as far as is practicable. No welding, filling or plugging of defective parts shall be done under any circumstances. All cast-iron shall be of close-grained quality approved by the Engineer.

### 1.10.6 Welding

All joints shall be bolted joints and welded joints shall not be permitted either during the design stage or the construction stage. However, during erection in case of additional unforeseen requirements by the Employer, if welding needs to be resorted to, the same shall be done with prior approval of the Engineer, and shall conform to BIS specifications. In such a case, the Contractor shall specifically indicate the location and purpose along with the proposed methodology for welding for the Engineers' approval. The welding shall be carried out by a certified welder who have undergone minimum of certificate level training in this trade.

### 1.10.7 Nuts and Bolts

Nuts and bolts for incorporation in the plant shall conform to ISO Metric. Other sizes or threads may be permitted only for threaded parts not to be disturbed once manufacturing is complete. Each bolt shall have rolled threads, one hexagonal nut and two washers. Thread length shall be 50 percent of bolt length or maximum 150 mm.

All steel bolts and screwed rods shall be galvanised including the threaded portions. All associated nuts shall be galvanised with the exception of the threads which shall be oiled. The thickness of zinc coating shall be not less than  $0.45 \text{ kg/sq. metre}$  of surface area.

All bolts, nuts and washers shall be of non-corroding material where they are in contact with non-ferrous parts in conductor clamps and fittings and elsewhere where specifically required by the Purchaser.

### 1.11 Packing and Shipping

1.11.1. **General:** It is expected that the packaging performs a number of functions during transportation, storage and use, including:

- a. Containment of the product to ensure integrity and safety
- b. Protection of the product from physical damage
- c. Convenience of use and ease of handling by users
- d. Compliance to legal and regulatory requirements
- e. Communication of information
- f. Environmental acceptability and ease of disposal and/or recycling

1.11.2 The goods/materials shall not be shipped/ dispatched unless dispatch clearance from Purchaser/Engineer is issued. The dispatch clearance will be issued from the BPCs office after the inspectors submits its inspection report to BPC, within 4 working days after the submission of the report.

1.11.3 Any items liable to be damaged in transit shall be effectively protected and securely fixed in their cases. All cases of over 2 tonnes shall be marked to show where slings should be placed.

1.11.4 All cases shall be clearly identified giving particulars of manufacturer's name and type of equipment. All identification marks on the outside of cases shall be waterproof and permanent. All electrical equipment shall be adequately sealed and desiccating agents used where necessary to prevent damage from condensation. All equipment shall be packed and protected, bearing in mind that it will be shipped to a harsh environment, that a considerable period may elapse between its arrival on site and it's unpacking and that covered storage may not always be possible.

1.11.5 All wood and other materials used in packing cases shall be insect free. Adequate protection and precautions are to be taken to exclude termites and other vermin, noxious insects, larvae or fungus from the packing materials or plant. All contents are to be clearly marked for easy identification against the packing list.

1.11.6 The Supplier shall protect all steelwork before shipment, to prevent corrosion and/ or damage. Bundles of steel sections shall be properly tied together by an approved method and care shall be taken to ensure that they are robust and that they can be handled easily during shipment.

1.11.8 Packing cases where used, shall be strongly constructed and in no case shall timber less than 25 mm in thickness be used. The contents of packing cases shall be securely bolted or fastened in position with struts or cross battens. Cross battens supporting weight in any direction shall not rely for their support on nails or screws driven lengthwise into the grain of the wood, but shall be supported by cleats secured from inside.

1.11.9 The following information shall be marked on the containers/cartons as well as boxes:

- a) Supplier's name, Project title and Contract reference
- b) Identification number
- c) Net/Gross weight

- d) Purchaser's name with other despatch particulars such as destination.

### 1.12 Labels

- 1.13.1 All equipment shall be provided with labels or name plates, giving a description of the equipment, together with information regarding the rating, nominal voltage, nominal current and the like under which the item of plant in question has been designed to operate. The labels shall be provided on packaging to the Purchaser's approval.
- 1.13.2 Such nameplates or labels are to be of non-corrodible, non-hygroscopic material with lettering of a contrasting colour.
- 1.13.3 Labels on cable drums shall state the cable details, including the length in metres.

### 1.13 Locks

Provision shall be made for padlocking of mechanism boxes, isolators and outdoor switchgear as required by the Specification or as necessary to limit access or the safety of personnel. All padlocks will be provided by the Purchaser.

### 1.14 Supplier Documents and Drawings

#### 1.15.1 General

The Supplier shall be responsible for submission, re-submission and obtaining approval as required of all the documents and drawings listed below (but not limited to), so that there shall be no delay to the work due to the absence of such documents and drawings. Any approval by the Purchaser will not relieve the Supplier of any obligations under the Contract.

Any alterations to the documents and drawings which may be required by the Purchaser for approval shall be made by the Supplier at his own expense. All materials and work involved in their manufacture shall be as indicated in such drawings.

No work shall be done on any part of the Goods, the design or construction of which is dependent on the approval of such drawings or data, until such approval has been given.

#### 1.15.2 Manner of Submission and Approval of Drawings

The Supplier shall submit three prints of each drawing or document (including all the drawings, documents, calculations, manuals required under the Contract) for approval marked 'For Approval'. One copy will be returned to the Supplier marked up with approval or any proposed alterations or conditions. The Supplier shall provide the same number of further prints for any drawings that are altered. The submission of drawings for approval shall be repeated until 'Approved' or 'Approved with conditions' is given by the Purchaser.

Within fifteen working days after receipt by the Purchaser of any drawing or document requiring the Purchaser's approval, the Purchaser shall either return one copy thereof to the Supplier with its approval endorsed thereon or shall notify the Supplier in writing of its disapproval thereof and the reasons therefore and the modifications that the Purchaser proposes.

All drawings, information, design reports, etc shall be neatly type written and be presented as bound documents. The documents presented shall have neatly drawn title pages that clearly show the name of the Purchaser, identify the project name, the contract number, the date, the revision number, etc, and shall be provided with a table of contents.

**Bidder need to submit 1 (One) hard copies of GTP's and drawing for approval after the award of contract.**

### 1.15.3 Manuals

The Supplier shall submit the instruction manual for all the goods supplied under the contract. The Supplier shall follow the requirements as mentioned in the relevant clauses in the Technical Specifications.

## 1.15 Quality Assurance

- 1.16.1 The manufacturer must operate a quality assurance system that complies with ISO 9000. The Supplier shall provide current certification showing the manufacturers' compliance with ISO 9000 or equivalent national standard. The certificate must be issued by an independent, accredited issuing authority.
- 1.16.2 In compliance with the proposed quality assurance system of ISO 9000 or equivalent, Bidder shall submit with Bid the quality assurance plan for manufacturing the Goods. Especially, if the Bidder proposes to form a joint-venture or consortium, such a Bidder shall submit with Bid a quality assurance plan, including explanation how to manage the same quality of Goods by the joint-venture partners.

## 1.16 Tolerance

The variation in quantity to be supplied against confirmed order shall be permissible up to One (1) percent per item per consignee for delivery. However, for the short supply the payment shall be made as per the actual supply and for over supply the payment shall be limited to the ordered quantity.

## 1.17 Dispatch Clearance

- 1.19.1 The Supplier shall submit all final test and inspection reports to Purchaser's representative (inspector) during his stay at the workshop for the inspection. The inspector shall issue a "Dispatch Clearance" to the Supplier when the tests and inspection has successfully completed in compliance with the Technical Specifications.

## Section V- Schedule of Supply

- 1.19.2 The goods have to reach to the delivery warehouse within Twenty (20) days from the date of issuance of dispatch clearance (if the goods are supplied/manufactured from India & Nepal).
- 1.19.3 The goods have to reach to the delivery warehouse within Forty Five (45) days from the date of issuance of dispatch clearance (if the goods are supplied/manufactured from Third Countries).

### Section – 2 Technical Requirements -Electrical

The following electrical technical requirements shall also apply to the equipment supplied under this Contract.

#### 2.1 Electrical Supplies for Auxiliary Plant

The equipment provided under this Contract shall be capable of operating reliably at voltages down to 80% of the nominal voltage except where otherwise specified.

#### 2.2 Electric Motors

- 2.2.1 All motors shall be in accordance with IEC 60034 and 60072 unless otherwise specified, shall be of the totally enclosed fan cooled type, suitable for continuous operation and direct on-line starting.
- 2.2.2 They shall be suitable in all respects for service in a damp tropical climate. Main conductor and slot insulation shall be non-hygroscopic and in accordance with Class F as per IEC 60085.
- 2.2.3 Motors to be located outdoor shall be entirely suitable for operation under the climatic conditions at site.
- 2.2.4 Motors shall be capable of operating continuously at rated output at any frequency between 48 and 51 Hz and at any voltage within ten percent of the nominal value. Motors shall be designed to be operated for a period of not less than five minutes at a voltage of 25% below the nominal value and at normal frequency without injurious overheating. If required by the purchaser, the supplier shall demonstrate that the motors comply with this requirement.
- 2.2.5 The starting current at full voltage shall not exceed six times the rated full load current.
- 2.2.6 All bearings shall be fitted with oil or grease lubricators. Vertical shaft motors shall have approved thrust bearings.
- 2.2.7 All terminals shall be of the stud type of adequate size for the particular duty, marked in accordance with an approved standard and enclosed in a weatherproof box.

## Section V- Schedule of Supply

- 2.2.8 All terminal boxes shall be fitted with an approved sealing chamber, conduit entry or adapter plate, as required, together with the necessary fittings to suit the type of cable specified.

### 2.3 Starters and Contactors

- 2.3.1 Where starters are to be provided under this Contract, each motor shall be equipped with two or three pole control gear as appropriate and suitable, unless otherwise specified, for direct starting by the switching of full line voltage on to a standing motor. All starters should preferably be supplied by one manufacturer.
- 2.3.2 Contactors are to be of robust design and are to comply with IEC 60947-4. They shall operate without undue noise or vibration.
- 2.3.3 Contactors shall be mounted in ventilated metal cubicles. Unless otherwise approved, the metal surface of the cubicle walls adjacent to the contactors shall be protected by fireproof insulating material. Where two or more contactors are contained in the same cubicle, they shall be separated by barriers of fireproof insulating material. The cubicles shall be complete with all locks, cable sealing boxes, busbars, internal wiring, terminal boards and accessories. All bare copper connections shall be taped and all secondary wiring is to be so arranged and protected as to prevent it being damaged due to arcing.
- 2.3.4 Starters shall be of the electrically held-in type with integral "start" and "stop" push buttons mounted externally on the door, with integral interlocked isolators. Where required, auxiliary switches shall be included for the operation of "red" and "green" indicating lights in remote instrument panels.
- 2.3.5 All motor contactors and their associated apparatus must be designed to operate for a period of not less than 5 minutes at a voltage of 25% below the nominal value and at normal frequency without injurious overheating.
- 2.3.6 For circuits controlling motors of 15 kW and above, transformer operated overload and phase failure relays shall be provided. For controlling motors of less than 15 kW, thermal overload trips shall be acceptable.

### 2.4 Electronic and Control Equipment

#### 2.4.1 Component Ratings

Components and materials shall not be subjected to voltages; currents, temperature stresses, or any other condition outside the operational values given in the manufacturer's published data, over the range of temperature variations and climatic conditions indicated elsewhere.

Where circuits use components, which operate under unusual conditions, the Bidder shall produce documentary evidence that the life, stability and characteristics of the components used will be satisfactory.

## Section V- Schedule of Supply

Components which in their normal function may have full supply voltage applied shall be capable of withstanding continuous energisation.

### 2.4.2 Component Tolerances and Aging

The design of the circuits used shall be such that initial tolerances and also cyclic and non-cyclic changes in component values and parameters which may occur during the operational life of the equipment are either inconsequential or are compensated for. Such compensation shall not necessitate the use of adjustable controls without the prior approval of the purchaser.

Standard components only shall be used and any individual selection necessary to obtain particular parameters shall be subject to the approval of the purchaser. The combined effects of all tolerances, within a single component and between components, shall be allowed for by taking all tolerances in all worst case combinations produced by environmental and operating conditions. Other statistical assumptions that only certain combinations of tolerances will occur shall not be made, unless the relevant parameters involved are invariably interdependent.

### 2.4.3 Protection

All circuits shall be protected so that in the event of a component fault, no damage occurs to any interconnecting wiring and any other damage that does occur is confined as closely as possible to the fault.

Protective devices shall be so arranged that the risk of fire within the equipment be minimised. The greatest possible protection shall be provided, consistent with reliability and the ability to withstand operational conditions.

Power supply units' with/without stabilisers shall be protected with voltage trip and overload current circuits with an auto recovery feature.

If any protective device, such as MCB, is incorporated in the output circuits of a current-limited power supply unit, the available current under short circuit conditions shall be sufficient to operate them. MCBs shall be in the 'non-common side of the circuit.

Indication of trip of MCBs shall be clearly displaced by monitoring of trip. Circuits shall be grouped so that, following the operation of a protective device, no false operation shall occur as a result of an MCB trips.

The design, location and connections of MCB shall be such that they do not present a danger to the operator when it is in service.

### 2.4.4 Interference

#### a) Self-generated Interference

Equipment shall not generate any type of interference at a level which could be detrimental to the performance of any other equipment or which could cause annoyance or discomfort to personnel.

The earthing and cabling arrangements shall be such that detrimental interference is not generated.

#### b) External Interference

## Section V- Schedule of Supply

In the presence of interference expected in power station and substation environments, the design of the equipment shall be such that no damage occurs and performance is maintained to the requirements of the individual specifications.

### c) Spark Quenching

Spark quenching devices shall be fitted wherever necessary to ensure continued satisfactory operation of contacts and prevent mal-operation of electronic devices.

### d) Noise and Vibration

The acoustical noise levels and/or vibration produced by the equipment in operation shall be as low as is reasonably practicable for the type of equipment concerned and shall be agreed with the purchaser.

## 2.4.5 Setting-Up and Maintenance Facilities

All equipment shall be provided with sufficient easily accessible test points to facilitate setting-up and fault location together with maintenance aids such as extension boards, jumper leads and special maintenance tools.

Pin or terminal numbering of all cards in all crates shall be consistently uniform throughout. Power supplies shall use the same pin positions on all cards in an equipment or system.

## 2.4.6 Loose Equipment

Special connecting leads extension boards and any special item required for calibration or maintenance purposes, together with the mating half of all necessary connectors shall be supplied.

## 2.4.7 Printed Circuit Boards

Printed circuit boards shall be epoxy glass fabric boards to comply with IEC - 60321 suitable for use in hot humid climates. Printed circuit boards may be single-sided, double-sided or multi-layer.

Printed boards shall, in general, comply with IEC 60326. They shall not bow perceptibly when they are mounted in their shelves or racks. Means shall be provided to prevent boards being plugged into the wrong sockets and the plugging in/out action shall be arranged in a positive manner.

An approved protective coat shall be applied to the printed circuit side of the board to protect against tracking, tarnishing and general deterioration due to moisture and deposition of dust. The coating shall not have any adverse reaction with any other material or components used and shall be suitable for use under tropical conditions. When boards are repaired in the field it shall be possible to apply (or 'touch up') such a finish by simple convenient means.

## 2.4.8 Component Identification

## Section V- Schedule of Supply

- a. A component reference number shall be marked adjacent to each component. Where this is impossible, components shall be identifiable from the layout drawings provided.
- b. The following shall be marked in all instances:

### MCBs

The rating and the circuit identification of each MCB shall be marked adjacent to the MCB base.

### Control, Protection and Indication Devices

The function of each control, protection and indication device shall be marked. The caption and its arrangement shall be subject to the approval of the purchaser.

### Preset Controls

The circuit reference and if possible, the function shall be marked adjacent to each preset control in a position where it will be clearly visible while the adjustment is being made.

### Connectors

The diagram reference number shall be marked on or adjacent to each connector.

Test points shall be individually marked with the diagram reference number.

The polarity of any polarised devices (e.g. diodes) shall be marked.

## **Section – 3 Technical Requirements - Mechanical**

The following mechanical general technical requirements shall apply to equipment supplied under this Contract.

### **3.1 Pipe Supports**

- 3.1.1 The whole of the pipework and accessories included in this Contract shall be supported and mounted in an approved manner. All necessary saddles, structural steelwork, foundation bolts, fixing bolts and all other attachments shall be supplied.
- 3.1.2 The number and positions of all intermediate flexible supports between anchor points shall be determined by the weights to be carried and by the steelwork available for the purpose and will be subject to the approval of the purchaser.

### **3.2 Valves**

## Section V- Schedule of Supply

3.2.1 Valves shall be arranged so that the hand wheel moves in a clockwise direction to close the valve. The face of each hand wheel shall be clearly marked with the words "open" and "shut" and be provided with an arrow to indicate direction for opening and shutting. As far as possible valves shall not be fitted in an inverted position.

3.2.2 It shall be possible to remove and replace, or recondition in situ, the seats and to remove the gates. Valves of 50-mm nominal bore and above shall be provided with valve position indicators showing the amount by which the valve is open or closed in relation to its full travel.

3.2.3 All valve hand wheels shall be fitted with nameplates.

3.2.4 Suitable means shall be provided to protect the operating mechanisms of all valves against mechanical damage and dust or dirt. Adequate provision shall be made for the lubrication of the mechanism and guides and this shall preferably be of the pressure type.

3.2.5 Where it will be necessary to lock valves in the open or closed position, they shall be provided with a non-detachable locking arrangement.

### 3.3 Oil Level Indicators

3.3.1 Unless otherwise approved, oil level indicators of approved design shall be fitted to all oil containers other than hermetically sealed items.

3.3.2 The indicators shall show the level at all temperatures 'likely to be experienced in service, be marked with the normal level at 20°C clearly visible from normal access levels and be easily dismantled for cleaning.

### 3.4 Pressure Gauges

3.4.1 All pressure gauges shall be fitted with stopcocks immediately adjacent to each gauge and all pressure gauge piping shall be fitted with an isolating valve at each point of connection to the main system. Where pressure gauges are mounted on panels, the stopcocks shall be suitable for the connection of a test gauge.

3.4.2 Where a difference in level exists between the situation of the gauge and the point at which pressure is to be measured, appropriate compensation shall be made in the dial reading and the dial must be marked with the amount of compensation applied. Where the compensation would amount to two percent or less of the total movement indicated under normal conditions, it may be ignored.

3.4.3 All pressure gauges where practicable shall be mounted on panels in locations approved by the Purchaser. Stopcocks of gauges must be readily accessible. All pressure gauges shall be clearly identified by means of separate labels of approved type and lettering.

## Section V- Schedule of Supply

---

3.4.4 All high pressure gauge piping shall be of rustless steel but other pressure gauge piping may be of copper tube or other material approved by the purchaser.

### 3.5 Thermometer Pockets

3.5.1 Thermometer pockets and instruments connections of an approved pattern are to be fitted in such a position as may be determined to suit the operation and testing of the plant to the approval of the purchaser. Where necessary, the pocket shall be of approved material suitable for the required service.

3.5.2 All thermometer pockets shall comply with the requirements of BS 2765 or equivalent Indian standard.

**LOT 1 (Machineries)****1.0 General****1.1 Scope**

This section covers the Supply for following Machineries and Tools which includes the preferred make, quantity, technical specifications and delivery and unloading at BPC store of GIS, Jigmeling, Gelephu.

**2.0 HT Coil Winding machine- Semi-Automatic**

- a. **Scope:** The scope of this machine are supply, *installation and commissioning* at the store of GIS, Jigmeling, Gelephu.
- b. **Preferred Make.:** Synthesis/ Whitelegg/Uday Enterprises or equivalent
- c. **Quantity required.:** 2 sets.
- d. **Technical Specifications:**

Sl. No	Particulars	Specification
1	<b>COMPONENT</b>	
	Coil Diameter	Not less than 450 mm
	Coil Length	Not less than 400 mm
	Wire Size	At least 0.1 mm to 3.6 mm of <b>Cu</b> (Copper)
	Conductor type	Copper / Aluminium (Bare / DPC)
	Coil Weight	50 Kgs. (Including mandrel)
	Component Loading Height	900mm
	No. of Turns	Programmable
2	<b>HEAD STOCK</b>	
	Distance between centers	Not less than 600mm
	Winding Spindle Speed	Not less than 350 RPM
	Spindle Motor	AC Induction Motor
3	<b>TAIL STOCK</b>	
	Tail Stock	Sliding Type , Manually operated
	Axial movement of the Tail Stock center	280mm
4	<b>TENSION CONTROL</b>	
	Wire Tensioner	Standard wire Tensioner (0.1 to 0.5mm) & Self-Compensating Tensioner (0.5 to 2.0mm) and Staggered pulley tensioner for DPC wire (Optional)
5	<b>TRAVERSE</b>	
	Traverse Stroke Length	Not less than 400mm
	<b>INSULATION PAPER</b>	
	Insulation Paper Width	Not less than 450mm
	Insulation Paper Thickness	0.1mm – Plain paper

## Section V- Schedule of Supply

6		0.3mm – Edge folded paper
	No. of Paper Feeders	2 No's for plain paper / Edge folded paper
	Paper Feeder Mounting	Cone type for Plain Paper
	Plain roller with both sides flange for End fill Paper	
	Inner dia of Paper spool	Not less than 75mm Plastic Sleeve for Plain roller With sleeve for Edge folded paper
	Outer dia of paper spool	Not less than 400mm (both Plain & Edge folded paper)
7	<b>PAPER FEEDER</b>	
	Feed mechanism	Rubberized roller drive through Geared motor
	Paper Length feeding	Automatically calculated as per coil build.
8	<b>PAPER CUTTER</b>	
	Cutter Mechanism	Rolling shear with circular blade drive through Geared Motor.
9	<b>CONTROLLER</b>	PLC based controller (Siemens/Fuji)
10	<b>UTILITIES</b>	
	Power Supply	230V AC, Single Phase, 50Hz
	Power Consumption	2 kW Approx.
	Dimensions	1300 x 1300 x 1500 (LxWxH) Approx. with accessories
	Weight	900 Kgs. (Approx.)

*Figure 1: to be used only as sample picture*

### 3.0 Transformer Oil filter machine

- a. **Scope:** The scope of this machine are supply, *installation and commissioning* at the store of GIS, Jigmeling, Gelephu.
- b. **Preferred Make.:** AR Engineering (SATARA)/ Kristorr or equivalent
- c. **Quantity required.:** 1 set.
- d. **Technical Specifications:**

Sl. No	Particulars	Specification
1	Flow of oil (Litre/Hour)	Not less than 600 LPH
2	Material	Mild Steel/ Carbon steel
3	Power source	Electric (3-Ph, 415 V AC, 50Hz)
4	Neutralization Value	<0.1 mg of KOH/gram.
5	Moisture content	50-100PPM to <5PPM
6	Gas content	Up to < 0.05% by volume
7	Maintenance	Plants with minimum and easy maintenance
8	Operation	low operating to high vacuum filtration with rotary oil seal pumps

**The components used in the oil filtration equipment should include:**

- a. Degassing Chamber (Double Stage Degasification)
- b. Heaters
- c. Coarse Filter (Consumable)
- d. Fine Filter (Consumable)
- e. Magnetic Strainer (Washable)
- f. Ionic Reaction Column (Consumable)
- g. Vacuum system with roots booster (for ultra-high vacuum)
- h. Control Panel
- i. Option for trolley mounted or skid mounted machines.

*Figure 2: to be used only as sample picture*

**4.0 Band saw machine**

- a. **Scope:** The scope of this machine are supply, *installation and commissioning* at the store of GIS, Jigmeling, Gelephu.
- b. **Preferred Make.:** Bhavya machine tools/Multicut Machine Tools or equivalent
- c. **Quantity required.:** 1 set.
- d. **Technical Specifications:**

Sl. No	Particulars	Specification
1	Round Cutting	Not less than 280mm
2	Square Cutting	Not less than 280 x 280mm
3	Blade Size	Not less than 2800 X 27 X 0.9mm
4	Blade Speed	27,45,69m-min.
5	Power	415V-50Hz-3Phase
6	Motor output : Saw blade	Not less than 2. 2kw
7	Motor output : Hydraulic	Not less than 0. 55kw
8	Tank capacity: Coolant	Not less than 0. 55kw
9	Tank capacity: Hydraulic oil	Not less than 45ltrs.
10	Tank capacity: Coolant	Not less than 35ltrs.
11	Vise control	Hydraulic
12	Feeding mode	Manual

*Figure 3: To be used only as sample picture.*

**5.0 Arc welding machine**

- a. **Preferred Make.:** ESAB/LINCOLN/MILLER or equivalent
- b. **Quantity required.:** 3 sets.

c. **Technical Specifications:**

Sl. No	Particulars	Specification
1	Mains Supply V/Ph, Hz	400 $\pm$ 15% / 3, 50
2	Input Power , KVA	16
3	Permitted Load at 60% Duty Cycle, A	400
4	Permitted Load at 100% Duty Cycle, A	310
5	Power Factor	0.9
6	Efficiency at Maximum Current, %	85
7	Current Range, A	60-400
8	Open Circuit Voltage (OCV), V	75
9	VRD Voltage, V	<35
10	Dimensions L X W X H, mm (approx.)	512 X 255 X 400
11	Weight, Kg (approx.)	24.5
12	Enclosure Class	IP21S
13	Insulation Class	H
14	Cooling	Forced air
15	Hot Start	Adjustable
16	Arc Force	Adjustable

**Should include following accessories in set:**

1. Electrode holder of 600 amps
2. Heavy duty earth clamp 600 amps minimum
3. Copper Welding cables 70 sq. mm
4. Welding apron (medium) 3 nos.
5. Welding hand gloves (3 pairs)

*Figure 4: To be used only as sample picture*

#### 6.0 MIG welding machine

- a. Preferred Make.: ESAB/LINCOLN/MILLER or equivalent
- b. Quantity required.: 1 set.
- c. Technical Specifications:

Sl. No	Particulars	Specification
1	Mains Supply, V/Ph, Hz	400 $\pm$ 15% / 3, 50
2	Input current (Max), A	23
3	Output range, A	60-300
4	Output Voltage, V	14-32
5	Open Circuit Voltage (OCV), V	70
6	Permitted Load at 60% Duty Cycle, A	300
7	Permitted Load at 100% Duty Cycle, A	240
8	Power Factor (Max)	0.9
9	Efficiency Maximum , %	85
10	Dimensions L X W X H, mm	650X320X550
11	Weight, Kg	45
12	Power Source cooling	Forced air
13	Digital display	Voltage, Current

14	Insulation Class	F
15	IP	21S
16	Standard	IEC 60974 -1
17	Dimensions, l x w x h, mm (approx.)	516 x 214 x 357
18	Weight, Kg(approx.)	9.5
	Wire Feeder Specification	
17	Wire Feed Speed, m/min (Wire Dia, mm)	2.5 -30 (0.8)
18	Wire Dia MS/SS / (Al/FC), mm	0.8-1.2
19	Interconnection Length, m	5

*Figure 5: To be used only as sample picture.*

**7.0 Oxygen- acetylene gas cutting torch and welding kit set**

**a. Quantity required.:** 2 sets.

**b. Technical Specifications:**

Sl. No	Particulars/ Description
1	Should include portable oxy-acetylene brazing welder tool set with two T-grade hose (color coded), goggles, regulator gauges (color coded), cutting tips, heating nozzle, welding nozzle storage case, tip cleaners and spark lighter.
2	The oxygen and acetylene welding kit should be able to cut up to 6" and weld or braze up to 1/2" with appropriate tips
3	Cutting torch and welding kit should be of high quality strong materials with heavy duty construction, durable and sturdy for use
4	The set should include oxygen regulator, and acetylene regulator
5	The welder tool set should come with readable and legible dual scale 2-inch gauges and a large brass handle designed for smooth, accurate adjustments and torch handle with built-in check valves, welding and cutting torches, cutting tips, heating and welding nozzle.
6	Should include portable oxy brazing welder hoses (T-grade, not less than 4 meters each), goggles, tip cleaners and spark lighter
7	Should include heavy duty moulded storage case packing and a spanner for easy carrying and transport
8	Should be ideal for many occasions such as welding, soldering, brazing, rivet cutting, hard-facing and metal heating process

*Figure 6: To be used only as sample picture*

## 8.0 High Pressure Washer

a. **Preferred Make.:** BOSCH/KARCHER/NILFISK or equivalent

b. **Quantity required.:** 1 set.

c. **Technical Specifications:**

Sl. No	Particulars	Specification
1	<b>Current type (V/Hz)</b>	230 / 50
2	<b>Pressure (bar/MPa)</b>	Not less than 20 - max. 140 / 2 - max. 14
3	<b>Flow rate (l/h)</b>	Not less than max. 500
4	<b>Max. inlet temperature (°C)</b>	max. 40
5	<b>Connection load (kW)</b>	Not less than 2.1
6	<b>Area performance (m²/h)</b>	40
7	<b>Current type (V/Hz)</b>	230 / 50

### Additional technical data:

- High performance cleaning for the most-stubborn dirt.
- Lighter weight for easier use.
- Powerful **2100-watt** induction motor for better performance.
- Variable fan jet nozzle for general cleaning.
- Rotary nozzle for cleaning ingrained dirt.
- High pressure detergent nozzle for fast soap application.
- High performance cleaning from a lighter, easy to use product.

### Should include following accessories

- 1) Washer gun,
- 2) Variable Fan Jet
- 3) Rotary Nozzle
- 4) High-pressure detergent Nozzle
- 5) Standard Lance
- 6) 8m P U High-Pressure Hose
- 7) Water Filter

*Figure 7: To be used only as sample picture*

**9.0 Wet and Dry Vacuum cleaner with Tach filter cleaning system**

- a. Preferred Make.: BOSCH/KARCHER/NILFISK or equivalent
- b. Quantity required.: 1 set.
- c. Technical Specifications:

Sl. No	Particulars	Specifications
1	Current type (Ph/V/Hz)	1 / 220 / 240 / 50 / 60
2	Air flow rate (l/s)	Not less than 74
3	Vacuum (mbar/kPa)	Not less than 254 / 25,4
4	Container capacity (l)	Not less than 40
5	Container material	plastic
6	Rated input power / Amps (W)	Not less than 1380
7	Standard nominal width	Not less than ID / 35
8	Sound pressure level (dB(A))	Not more than 68
9	Usage	Wet and Dry cleaning

**Standard Accessories to be included:**

1. Suction hose, 4 m
2. Filter bag, fleece

3. Wet and dry floor nozzle, 360 mm
4. Crevice nozzle
5. Power tool connection adaptor
6. Automatic switch-off at max. filling quantity
7. Automatic on/off switch for power tools
8. Antistatic preparation
9. Flat pleated filter, PES
10. Filter cleaning, Tact filter cleaning system
11. Sturdy bumper
12. Safety class, I
13. Steering roller stop.

***Figure 8: To be used only as sample picture.***

### 10.0 Heavy Duty Soldering Iron

- a. Preferred Make.: HAKKO/ AMERICAN BEAUTY or equivalent
- b. Quantity required.: 4 sets.

c. Technical Specifications:

Sl. No	Particulars	Specifications
1	Chisel Point tip	Flat bits minimum of 2 inch (Copper)
2	Input voltage	220-220 V
3	Power	Not less than 200 Watts
4	Temperature range	450-600°C
5	Soldering iron Length	About 32cm
6	Chisel Point tip	Not less than 20mm
7	Cable length	About 120cm
8	Uses	Electronic maintenance production
9	Handle	Wooden

**Standard Accessories to be included:**

1. 1 x 200W Soldering iron heavy duty chisel

*Figure 9: To be used only as sample picture*

## LOT 2: Tools

### 11.0 General

#### 1.1 Scope of supply

This section covers the requirements for the Preferred make, Quantity, Technical specifications and delivery and unloading at BPC stores of Transformer repair and manufacturing equipment.

### 12.0 Heavy Duty Double Ended Bench and Pedestal Grinder

- a. Preferred Make.: Bosch/ Toshiba/Dewalt/Makita/Black & Decker or equivalent
- b. Quantity required.: 2 sets.
- c. Technical Specifications:

Sl. No	Particulars	Specification
1	Grinding wheel diameter	Not less than 200 mm
2	Rated input power	Not less than 600 W
3	Grinding wheel width	25 mm
4	No-load speed	3,600 rpm
5	Grinding wheel bore	32 mm
6	Grit	24, 60

Figure 10: To be used only as sample picture

**13.0 1/2" DR. Air Impact Wrench Set**

- a. **Preferred Make.:** Toptul/Gedore/ STANLEY or equivalent
- b. **Quantity required.:** 1 set.
- c. **Technical Specifications:**

Sl. No	Nos. (contents)	Specification/Description
1	1	1/2" Dr. Standard Anvil Super Duty Impact Wrench (not less than 600ft-lb / 813Nm)
2	12	1/2" Dr. 6PT Flank Impact Sockets (10, 11, 12, 13, 14, 17, 18, 19, 20, 21, 22, 24 mm)
3	3	1/2" Dr. 6PT Flank Pro-Series Thin Wall Deep Impact Sockets With Plastic Sleeves (17, 19, 21 mm)
4	1	1/2" Dr. Impact Extension Bar - 5" (L)
5	1	1/2" Dr. Impact Universal Joint

**Figure 11: To be used only as sample picture.**

**14.0 1/2" DR. Air Ratchet Wrench**

- a. Preferred Make.: Toptul/Gedore/STANLEY or equivalent
- b. Quantity required.: 1 set.

**c. Technical Specifications:**

Sl. No	Particulars	Specification
1	Max. Torque	Not less than 70 ft-lb / 95 Nm
2	Free Speed	Not less than 160 RPM
3	Air Pressure	90 PSI / 6.2 BAR
4	Air Consumption	3.92 CFM
5	Air Inlet	1/4" PT
6	Min. Air Hose	5/16" I.D.
7	Overall Length	Not less than 10-1/2" / 266 mm
8	Net Weight	Not less than 2.64 lbs / 1.2 kgs

*Figure 12: To be used only as sample picture.*

**15.0 Angle Grinder**

- a. Preferred Make.: BOSCH/STANLEY or equivalent
- b. Quantity required.: 3 sets.

**c. Technical Specifications:**

Sl. No	Particulars	Specification
1	Rated input power	Not less than 2000 W
2	No-load speed	6500 rpm
3	Disc diameter	Not less than 180 mm
4	Grinding spindle thread	M 14
5	Switch	2-way

*Figure 13: To be used only as sample picture.*

**16.0 Hand operated palette trolley**

- a. Preferred Make.: LMI/SWIFT/UTKAL or equivalent
- b. Quantity required.: 2 sets.

**c. Technical Specifications:**

Sl. No	Particulars	Specification
1	Lift Capacity	minimum 2500 Kg
2	Fork Length	not less than 1150 mm
3	Width Overall Fork	not less than 550 mm
4	Lower Fork Height	not less than 80 mm
5	Max Lifting Height	not less than 200 mm
6	Steering Wheel	not less than 200 x 50 mm
7	Roller Small	not less than 80x70 mm

*Figure 14: To be used only as sample picture*

**17.0 Hand operated palette trolley**

a. Preferred Make.: LMI/SWIFT/UTKAL or equivalent

b. Quantity required.: 2 sets.

c. Technical Specifications:

Sl. No	Particulars	Specification
1	Lift Capacity	minimum 4000 Kg
2	Fork Length	not less than 1150 mm
3	Width Overall Fork	not less than 550 mm
4	Lower Fork Height	not less than 80 mm
5	Max Lifting Height	not less than 200 mm
6	Steering Wheel	not less than 200 x 50 mm
7	Roller Small	not less than 80x70 mm

*Figure 15: To be used only as sample picture*

## Section V- Schedule of Supply

### 18.0 Master tool set (150 pcs)

- a. **Preferred Make.:** Stanley/Dewalt/Black and Decker/Gedore or equivalent  
b. **Quantity required.:** 2 sets.

c. **Technical Specifications:**

Tools to be included in the tool set

Sl. No	Nos. (contents)	Specification/Description
1	10	Drive 6 point inch sockets 5/32, 3/16, 7/32, 1/4, 9/32, 5/16, 11/32, 3/8, 7/16, 1 1/2
2	10	1/4, Dr 6 point metric sockets : 4, 5, 6, 7, 8, 9, 10, 11, 12, 13mm
3	6	1/4" Dr deep 6 point metric sockets : 4, 5, 6, 7, 8, 9mm
4	3	3/8", Dr Phillips bit sockets : 1, 2, 3
5	9	3/8, Dr 6 point inch sockets : 3/8, 7/16, 1/2, 9/16, 5/8, 11/16, 3/4, 13/16, 7/8
6	6	3/8, Drive deep 6 point metric sockets : 10, 11, 12, 13, 14, 15mm
7	2	3/8, Dr extension bar - locking : 3, 6
8	2	3/8, Dr spark plug metric sockets : 16, 21mm
9	6	1/2, Drive deep 6 point metric sockets : 10, 12, 13, 14, 17, 19mm
10	8	3/8, Drive 6 point Torx sockets : E8, E10, E11, E12, E14, E16, E18, E20
11	11	3/8, Drive 6 point metric sockets : 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19mm
12	4	1/2, Drive impact 6 point metric sockets : 17, 19, 21, 23 mm
13	4	1/2, Drive 12 point inch sockets : 15/16, 1, 1-1/16, 1-1/4
14	7	1/2, Drive 12 point metric sockets : 20, 21, 22, 24, 27, 30, 32mm
15	6	3/8, Drive hex bit sockets : 3, 4, 5, 6, 8, 10mm
16	3	3/8, Drive Pozidrive bit sockets : #1, #2, #3
17	12	Full polish long panel combination wrenches : 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19mm
18	3	double box reversal metric ratcheting wrenches : 8x9, 12x13, 17x19mm
19	7	1/4, Drive Torx (hole) bit : T-10, T-15, T-20, T-25, T-27, T-30, T-40
20	10	Hex key : 1.5, 2.0, 2.5, 3.0, 4, 5, 6, 7, 8, 10mm
21	1	1/4, Drive pear head ratchet with comfort grip
22	1	1/4, Drive extension bar 100mm
23	1	1/4, spinner handler
24	6	1/2, Drive deep 6 point metric sockets : 10, 12, 13, 14, 17, 19mm
25	2	1/2, Drive extension bar : 5, 10 (125, 150mm)
26	3	3/8, Drive slotted bit sockets : 4.0, 5.5, 6.5mm
27	7	3/8, Drive Torx bit sockets : T-20, T-30, T-40, T-45, T-50, T-55, T-60
28	1	1/4, Drive Universal Joint
29	1	1/4, Drive adapter
30	1	3/8, Drive Universal Joint

## Section V- Schedule of Supply

31	1	1/2, Drive pear head ratchet with comfort grip
32	1	3/8 Drive pear head ratchet with comfort grip
33	1	1/2, Drive Universal Joint

*Figure 16: To be used only as sample picture*

### Standard Accessories to be included:

- a) Compact Case for easy transport and storage.
- b) Meet or exceed applicable ANSI and DIN standards. Double nickel chromium alloy coated tip reduces corrosion.
- c) Locking mechanism retains sockets to make work safer and more productive.
- d) Patented gripping designed to outperform conventional drive configuration.
- e) Reduces the chance of rounding fastener corners and extends fastener life enables to turn worn or rounded fasteners.

## Section V- Schedule of Supply

### 19.0 Master tool set (132 pcs)

- a. **Preferred Make.:** Stanley/Dewalt/Black and Decker/Gedore or equivalent  
b. **Quantity required.:** 2 sets.

c. **Technical Specifications:**

Tools to be included in the tool set

Sl. No	Nos. (contents)	Specification/Description
1	1	1/2" Drive Pear Head Ratchet Handle.
2	1	1/2" Drive Flex Handle: 375mm.
3	3	1/2" Drive Extension Bars: 75, 125 & 250mm.
4	1	1/2" Drive Universal Joint.
5	15	1/2" Drive 12 Point Imperial Sockets: 3/8, 7/16, 1/2, 9/16, 5/8, 11/16, 3/4, 13/16, 7/8, 15/16, 1, 1-1/16, 1-1/8, 1-3/16 & 1-1/4".
6	18	1/2" Drive 12 Point Metric Sockets: 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 27, 30 & 32mm.
7	2	1/2" Drive 6 Point Spark Plug Sockets: 5/8 & 13/16".
8	1	1/4" Drive Pear Head Ratchet Handle.
9	2	1/4" Drive Extension Bars: 50 & 150mm.
10	1	1/4" Drive Universal Joint.
11	1	1/4" Drive Bit Holder.
12	1	1/4" Drive Spinner Handle.
13	7	1/4" Drive 6 Point Imperial Sockets: 3/16, 7/32, 1/4, 9/32, 5/16, 11/32, 3/8".
14	9	1/4" Drive 6 Point Metric Sockets: 4, 4.5, 5, 5.5, 6, 7, 8, 9 & 10mm.
15	7	Imperial Combination Spanners: 3/8, 7/16, 1/2, 9/16, 5/8, 11/16 & 3/4".
16	12	Metric Combination Spanners: 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18 & 19mm.
17	33	Assorted 1/4" Drive Bits - 25mm.
18	9	Hex Key Set, Long Ball Type: 1.5, 2, 2.35, 3, 4, 5, 6, 8 & 10.
19	1	300mm Chrome Adjustable Wrench.
20	1	178mm Combination Pliers.
21	1	152mm Diagonal Cutting Pliers.
22	1	152mm Long Nose Pliers.
23	2	Phillips Screwdrivers: PH1x100 & PH2x150mm.
24	2	Slotted Screwdrivers: 5x100 & 6x150mm.

*Figure 17: To be used only as sample picture*

- a) Compact Case for easy transport and storage.
- b) Meet or exceed applicable ANSI and DIN standards. Double nickel chromium alloy coated tip reduces corrosion.
- c) Locking mechanism retains sockets to make work safer and more productive.
- d) Patented gripping designed to outperform conventional drive configuration.
- e) Reduces the chance of rounding fastener corners and extends fastener life enables to turn worn or rounded fasteners.

## 20.0 2-Speed Magnetic Drill Press

- a. **Preferred Make.:** Dewalt/ Bosch/Stanley/Makita/Black & Decker or equivalent
- b. **Quantity required.:** 1 set.

### c. Technical Specifications:

Sl. No	Particulars	Specification
1	<b>Power</b>	Not less than 1200W
2	<b>Chuck capacity</b>	16 mm (5/8")
3	<b>Magnetic clamping force</b>	Minimum 9,300N (950kg)
4	<b>Drill Capacity</b>	Not less than Steel: 50 mm (2")
5	<b>No load speed (rpm)</b>	Not less than 250 / 450

6	Net Weight	Not less than 15 kg
---	------------	---------------------

**Standard Accessories to be included**

1. Integral oil feed steady.
2. Safety chain.
3. Quick Change Keyed Chuck.
4. Kit box, etc.

*Figure 18: To be used only as sample picture*

**21.0 Manual A3 paper cutter**

- a. Preferred Make.: N. S. Enterprises/ Engineering Drawing Equipment or equivalent
- b. Quantity required.: 1 No.

**c. Technical Specifications:**

Sl. No	Particulars/ Description
1	The body of the cutter should be made from heavy duty steel
2	The cutter should include razor sharp, hardened steel blade, heavy duty, extra-long metal handle and adjustable side gauge
3	The A3 paper cutter should be able to easily cut through 400 sheets of 80g paper.
4	Should have grids in inches/cm

## Section V- Schedule of Supply

5	The A3 paper cutter includes a locking mechanism for two handed operation.
6	The A3 paper cutter includes a razor sharp hardened steel blade that is designed to easily handle all your cutting needs

*Figure 19: To be used only as sample picture*

### 22.0 Rotary Hammer with SDS plus

- a. Preferred Make.: Dewalt/ Bosch/Stanley/Makita/Black & Decker or equivalent
- b. Quantity required: 1 Set.

#### c. Technical Specifications:

Sl. No	Particulars	Specifications
1	Rated Input power	800W
2	Impact energy	Not less than 2.7J
3	Impact rate at rated speed	0-4,000bpm
4	Rated speed	0-900 rpm
5	Weight	Not less than 2.7 kg
6	Voltage	240 V
	Drilling range	
7	Drilling dia. concrete, hammer drill bits	4-26 mm
8	Opt. appl. range concrete, hammer drill bits	8-16 mm
9	Drilling diameter in concrete with core	68 mm

Section V- Schedule of Supply

	cutters	
10	Max. drilling diameter in metal	13 mm
11	Max. drilling diameter in wood	30 mm

*Figure 20: To be used only as sample picture*

**Lot 3-Testing Equipment****1.0 General****1.1 Scope of supply**

This section covers the supply for following Testing equipment which includes the preferred make, quantity, technical specifications and also the supply of Spares and consumables which are all to be delivered and unloaded at BPC store of GIS, Jigmeling, Gelephu.

**2.0 Digital Clamp on Multi-meter**

a. Preferred Make.: Hioki (*Hioki 3280-10*)/Megger/Kyoritsu or equivalent

b. Quantity required.: 5 sets.

c. Technical Specifications:

Sl. No	Particulars	Specification
1	AC Current range	41.99 to 1000 A, 3 ranges (50 to 60 Hz, Average rectified), Basic accuracy: $\pm 1.5\%$ rdg. $\pm 5$ dgt.
2	DC Voltage range	419.9 mV to 600 V, 5 ranges, Basic accuracy: $\pm 1.0\%$ rdg. $\pm 3$ dgt.
3	AC Voltage range	4.199 V to 600 V, 4 ranges (45 to 500 Hz, Average rectified), Basic accuracy: $\pm 1.8\%$ rdg. $\pm 7$ dgt.
4	Resistance range	419.9 $\Omega$ to 41.99 M $\Omega$ , 6 ranges, Basic accuracy: $\pm 2\%$ rdg. $\pm 4$ dgt.
5	Other functions	Continuity: Buzzer sounds at 50 $\Omega$ $\pm 40$ $\Omega$ or less, Data hold, Auto power save, Drop-proof from height of 1 meter
6	Display	LCD, max. 4199 dgt., Display refresh rate: 400 ms
7	Environmental protection	IP40 dustproof and waterproof
8	Power supply	Coin type lithium battery (CR2032) $\times 1$ , Continuous use 120 hours
9	Core jaw dia.	$\phi$ 33 mm (1.30 in)
10	Dimensions and mass	57 mm (2.24 in) W $\times$ 175 mm (6.89 in) H $\times$ 16 mm (0.63 in) D, 100 g (3.5 oz)
11	Accessories	CARRYING CASE 9398 $\times 1$ , TEST LEAD L9208 $\times 1$ , Coin type lithium battery (CR2032) $\times 1$ , Instruction manual $\times 1$

*Figure 1: To be used only as sample picture*

### 3.0 Transformer oil test kit

- a. **Preferred Make.:** Megger (*OTS100AF*)/ The Motwane Manufacturing Company Private Limited/UDEYRAJ ELECTRICALS PVT.LTD/KharkovEnergoPribor Ltd(*KEP*) or equivalent
- b. **Quantity required.:** 1 set.
- c. **Technical Specifications:**

Sl. No	Particulars	Specification
1	Test Voltage	0 to 100 kV rms maximum (50 kV - 0 - 50 kV)
2	Voltage rise time	0.5 kV/s, 2.0 kV/s or 3 kV/s depending on selected test standard
3	Voltage rise time accuracy	better than 5%
4	Voltage resolution and accuracy	0.1 kV $\pm 1\%$ $\pm 2$ digits
5	Vessels	400 ml (standard), 150 ml (option) Thermoplastic polyamide chamber provides precision electrode alignment, adjustment wheels lock electrodes in position
6	Temperature sensor resolution	1 °C
7	Power Supply	Line voltage 85 to 265 VAC, Line frequency 50/60 Hz

## Section V- Schedule of Supply

8	Batteries (optional)	Lead Acid 2 x 12 V 4 Ah, or NiMH 24 V 2 Ah
9	Line frequency	48 / 63 Hz
10	Internal printer	Dot matrix impact printer with graphical output Paper 57.5 mm wide, weight 52 gm per roll Epson black ribbon cassette ERC-09B Protection Safety interlock on test chamber Discharge barrier on polycarbonate test chamber cover
11	Display	320 x 240 QVGA color display with backlight
12	Operating temperature	0 °C to +50 °C
13	Storage temperature	-30 °C to +65 °C
14	Humidity	80% RH at 40 °C operation 95% RH at 40 °C storage Altitude 1000 m
15	Language	English
16	Safety	Designed in accordance with IEC61010 EMC Light industrial IEC 61326-1 Class B, CISPR 22, CISPR 16-1 and CISPR 16-2 18

*Figure 2: To be used only as sample picture*

#### 4.0 HV test set

- a. **Scope:** The scope of this machine are supply, *installation and commissioning* at the store of GIS, Jigmeling, Gelephu.
- b. **Preferred Make.:** Megger (*HPA 130 DC*) /UDEYRAJ ELECTRICALS PVT.LTD/KharkovEnergoPribor Ltd(KEP) or equivalent
- c. **Quantity required.:** 1 set.
- d. **Technical Specifications:**

Sl. No	Particulars	Specification
1	Power consumption	5 kVA
2	Power consumption short-time	7.5 kVA
3	Input voltage	230 V / 50 ... 60 Hz
4	Output voltage	0 ... 130 kV DC
5	Measuring range	0 ... 100 kV <sub>RMS</sub> AC 0 ... 150 kV DC
6	Precision	2,5 %
7	Output current	0 ... 50 mA <sub>RMS</sub> continous, 75 mA <sub>RMS</sub> short circuit current (1 h)
8	Measuring range	0 ... 1 / 0 ... 10 / 0 ... 100 mA <sub>RMS</sub> AC 0 ... 0.1 / 0 ... 1 / 0 ... 10 / 0 ... 100 mA DC
9	Precision	2,5 %
10	PD at rated voltage	< 1 pC

#### Additional technical data:

- High power AC test set
- Ideal for testing of HV-components such as switchgear, bus-bars etc.
- Suitable for sensitive PD measurements
- Built-in overcurrent protection
- Two-piece design.

*Figure 3: To be used only as sample picture.*

**5.0 Insulation Resistant tester**

- a. **Preferred Make.:** Megger (*MIT 1025*)/Hioki/UDEYRAJ ELECTRICALS PVT.LTD or equivalent
- b. **Quantity required.:** 1 set.
- c. **Technical Specifications:**

Sl. No	Particulars	Specification															
1	A.C. voltage (auto-ranging)	90-264 V rms, 47- 63 Hz 100 VA															
2	Test voltage	500 V, 1000 V, 2500 V, 5000 V, 10000 V															
3	Lock test voltage	100 VL to 1 kV in 10 V steps, 1 kV to 5 kV in 25 V steps, 5 kV to 15 kV in 25 V steps															
4	Test voltage accuracy	+4%, -0%, ±10 V nominal test, voltage at 1 GΩ load (0°C to 30°C)															
5	Resistance range	10 kΩ to 15 TΩ @ 5 kV, 10 kΩ to 20 TΩ @ 10 kV.															
6	Accuracy	<table><tr><td>10 kV</td><td>5000 V</td><td>2500 V</td><td>1000 V</td><td>500 V</td></tr></table> ±5% from 1MΩ to <table><tr><td>2 TΩ</td><td>1 TΩ</td><td>500 GΩ</td><td>200 GΩ</td><td>100 GΩ</td></tr></table> ±20% from 1MΩ to <table><tr><td>20TΩ</td><td>10 TΩ</td><td>5 TΩ</td><td>2 TΩ</td><td>1 TΩ</td></tr></table>	10 kV	5000 V	2500 V	1000 V	500 V	2 TΩ	1 TΩ	500 GΩ	200 GΩ	100 GΩ	20TΩ	10 TΩ	5 TΩ	2 TΩ	1 TΩ

9	Capacitor charge	<5 s/μF at 3 mA to 10 kV															
10	Capacitor discharge	<250 ms/μF to discharge from 10000 V to 50 V															
11	Battery life	4.5 hours (typical) continuous testing at 10 kV with a 100 MΩ load															
12	Capacitance range	10 nF to 25 μF															
13	Capacitance measurement accuracy	±10% ±5 nF															
14	Current range	0.01 nA to 6 mA															
15	Current accuracy	±5% ±0.2 nA at all voltages (20 °C)															
16	Interference	3 mA from 960 V to 10 kV															
17	Voltmeter range	30 V to 660 V a.c. or d.c., 45Hz – 65Hz															

18	Voltmeter accuracy	$\pm 3\%$ , $\pm 3$ V
----	--------------------	-----------------------

**Additional technical data:**

- Insulation resistance up to 20 T $\Omega$  @ 10kV.
- Measures capacitance of test object (with test voltages over 5000 V)
- IR, Timed IR, DAR, PI, DD, SV and Ramp diagnostic tests
- High current – 3 mA short circuit current
- High noise immunity – 3 mA (5 kV and 10 kV) 6 mA (15 kV) of noise rejection
- Li-ion battery – up to 6 hrs continuous testing @ 5 kV with a 100M load, battery meets IEC 213
- Large LCD display with backlight
- Dedicated voltmeter function (30 V to 660 V)
- Advanced memory, on screen recall and real time clock for date / time stamped results
- Download of on-board results via USB interface
- Recorded temperature (measured by independent instruments) can be save with test result.
- Power DB Lite asset management software
- Safety rated at CAT IV 600 V (maintained to 3000 m altitude)

*Figure 4: To be used only as sample picture.*

## 6.0 DVDF test set

- a. **Scope:** The scope of this machine are supply, *installation and commissioning* at the store of GIS, Jigmeling, Gelephu.
- b. **Preferred Make.:** Ajit electronics co./ Rectifiers and Electronics or equivalent
- c. **Quantity required.:** 1 set.
- d. **Technical Specifications:**

Sl. No	Particulars	Specification
1	Input voltage	415V 3 phase 4 wire, AC 50Hz
2	Output voltage	0-1300V minimum, 3 phase , 125 Hz (+3%) continuously variable.
3	Output Frequency	125Hz +/- 3 %
4	Capacity	Not less than 15kVA
5	Metering	Digital: Frequency meter, 3 phase Voltmeter, 3 phase Ammeter ( should be able to measure all the phases independently)
6	Duty Cycle	50 %
7	Trip	Selectable in 4 steps. Cuts off output
8	Timer	Digital countdown timer
9	Output Control	Manual by motorized continuously variable auto transformer
10	Indicators	'R-Y-B', READY, TRIP
11	Cooling	AN
12	Construction	Two units, one MG Set mounted on bed, open execution and second control unit. M.S. angle frame work with sheet steel cabinet for control unit, painted in power coat. Both generating unit and the drive motor should be mounted on a common metallic frame and properly aligned and balanced as per the standard.

### Additional technical details:

#### A. General

This test setup is generally used to perform induced voltage test on the transformers. This set up should consist of the USED motor and generator combination to develop the required voltage and frequency. Both generating unit and the drive motor are mounted on a common metallic frame.

### Generating Unit

**Capacity :** Suitable to test the distribution transformers.

The input and output are terminated on the suitable terminals on the unit.

Preferred Make : KIRLOSKAR / CROMPTON / AEC / SIEMENS / NGEF (OR EQUIVALENT)

### Driving Unit

**Input :** 415 V three phase, 50 Hz through the DOL /Star Delta starter.

**RPM :** 1440 OR ANY SUITABLE SPEED (OR EQUIVALENT)

The input supply terminals are terminated on the suitable terminals on the unit.

Preferred Make : KIRLOSKAR / CROMPTON / AEC / SIEMENS / NGEF (OR EQUIVALENT)

*Figure 8: To be used only as sample picture*

### B. Control Panel Unit

This unit is should be housed in sheet metal wall mounting type, seven tank process powder coated cabinet.

The control panel should consist of the following :

- Rotary switch for power ON /OFF.
- A contactor controlled push button or rotary switch for o/p ON/OFF.
- 3.5-digit digital ammeter with CT and an ammeter selector switch to indicate the output current 01 No.
- 3.5-digit digital voltmeter with selector switch to indicate the output voltage 1 No.
- A digital frequency meter to indicate input or output frequency.
- A DOL / Star Delta starter suitable for the driving motor to be provided.
- Push button of ELCOM Preferred Make to start and stop the driving motor.

## Section V- Schedule of Supply

- Input and output indicators to be provided.
- Fuse Protection in Input and output to be provided.

### **Dimmerstat Unit:**

- Input: 415 V AC 50 Hz three phase.
- Output: 0 470 V AC variable.
- Output current: Depending upon kVA Rating of the transformer under test.

## Section VI. General Conditions of Contract (GCC)

1. Definitions		
1.1	In this Contract, unless the contract otherwise requires, the term:	
	(a)	"The Contract" means any lawful agreement entered into between the Purchaser and the Supplier, as recorded in the Contract Agreement signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.
	(b)	"Contract Documents" means the documents listed in the Agreement, including any amendments thereto.
	(c)	"The Contract Price" means the price payable to the Supplier as specified in the Contract Agreement, subject to such additions and adjustments thereto or deductions there from as may be made pursuant to the Contract.
	(d)	"The Goods" means all the equipment, machinery, and/or other materials, which the Supplier is required to supply to the Purchaser under the Contract.
	(e)	"The Services" means those services ancillary to the supply of the Goods, such as transportation and Insurance, provision of technical assistance, training, and other such obligations of the Supplier covered under the Contract.
	(f)	"The Purchaser" means the entity purchasing the Goods and Related Services, as specified in the SCC.
	(h)	"The Supplier" means the individual or firm supplying the Goods and Services under the Contract.
	(i)	"Day" means calendar day.
	(j)	"Delivery" means the transfer of the Goods from the Supplier to the Purchaser in accordance with the terms and conditions set forth in the Contract Documents.
	(k)	"SCC" means Special Conditions of Contract.
	(l)	"Subcontractor" means any natural person, private or government entity, or a combination thereof, including its legal successors and permitted assigns, to whom any part of the Goods to be supplied or execution of any part of the Related Services is subcontracted by the Supplier.
	(m)	"Incoterms" means a series of international sales terms, published by the International Chamber of Commerce (ICC) in Paris, France.

2.	<b>Use of Contract Documents and Information</b>
2.1	The Supplier shall not, without the Purchaser's prior written consent, disclose the Contract, or any provision thereof, or any specification, drawings, pattern, sample or information furnished by or on behalf of the Purchaser in connection therewith, to any person other than a person employed by the Supplier in the Performance of the Contract. Disclosure to any such employed person shall be made in confidence and shall extend only so far as may be necessary for purposes of such performance.
2.2	The supplier shall not, without the Purchaser's prior written consent, make use of any document or information specified in GCC Clause 2.1 above, except for purposes of performing the Contract.
2.3	Any document, other than the Contract itself, specified in GCC Clause 2.1 above, shall remain the property of the Purchaser and shall be returned (in all copies) to the Purchaser, on completion of the Supplier's performance under the Contract, if so required by the Purchaser.
3.	<b>Change Orders</b>
3.1	The Purchaser may at any time, by a written notice to the Supplier, make changes within the general scope of the Contract in any one or more of the following:
	(a) Decrease or increase in quantity within the delivery period.
	(b) Drawings, designs or specifications, where Goods to be furnished under the Contract are to be specifically manufactured for the Purchaser; or
	(c) The method of shipment or packing; or
	(d) The place of delivery.
	(e) The Related Services to be provided by the Supplier.
3.2	If any such change causes an increase or decreases in the cost of, or the time required for, the Supplier's performance of any provisions under the Contract, an equitable adjustment shall be made in the Contract Price or in the Delivery/Completion Schedule, or both, and the Contract shall accordingly be amended. Any claims by the Supplier for adjustment under this Clause must be asserted within Twenty-eight (28) days from date of the Supplier's receipt of the Purchaser's change order.
3.3	Prices to be charged by the Supplier for any Related Services that might be needed but which were no included in the Contract shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the Supplier for similar services.
3.4	The Supplier shall not perform changes in accordance with GCC Clause 3.1 above until the Purchaser has authorized a change order in writing on the basis of the estimate provided by the Supplier as described in GCC Clause 3.2 above.

3.5	Changes mutually agreed upon as a Change shall constitute a part of the work under this Contract, and the provisions and conditions of the Contract shall apply to the said change.
<b>4.</b>	<b>Contract Amendments</b>
4.1	Subject to Clause 3, no variation in or modification of the contract shall be made except by written amendment agreed and signed by the parties.
<b>5.</b>	<b>Subcontracting</b>
5.1	The Supplier shall not subcontract all or any part of the Contract without first obtaining the Purchaser's approval in writing of the subcontracting.
5.2	The supplier guarantees that any and all subcontractors of the Supplier to performance of any part of the work under the Contract will comply fully with the terms of the Contract applicable to such part of the work under the Contract and shall not relieve the Supplier of any of its obligations, duties, responsibilities or liabilities under the Contract.
<b>6.</b>	<b>Country of Origin</b>
6.1	All Goods supplied under the Contract shall have their origin in eligible countries if these eligible countries are specified in the Special Conditions of Contract. For purposes of this Clause, "origin" shall be considered to be the place where the Goods were mined, grown or produced. Goods are produced when, through manufacturing, processing or substantial and major assembling of components, a commercially recognized new product results that is substantially different in basic characteristics or in purpose or utility from its components.
<b>7.</b>	<b>Inspection and Tests</b>
7.1	The Purchaser or its representative shall have the right to inspect and /or to test the Goods to confirm their conformity to the Specifications. At its own expense and at no cost to the Purchaser, the Supplier shall carry out all such tests and/or inspections of the Goods and Related Services as specified in Section V, Schedule of Supply. The Purchaser shall notify the Supplier in writing of the identity of representatives nominated for these purposes.
7.2	The inspections and tests may be conducted on the premises of the Supplier or its subcontractor(s), at point of delivery, and/or at the Goods' final destination, or in a place in Bhutan as specified in SCC. Where conducted on the premises of the Supplier or its subcontractor(s), all reasonable facilities and assistance, including access to drawings and production data, shall be furnished to the inspectors at no charge to the Purchaser. The supplier shall also furnish copies of relevant reference IS documents or other relevant standards and test certificates for electrical equipment if specified in Section V, Schedule of Supply.

7.3	As specified in SCC, whenever the Supplier is ready to carry out any such test and inspection, it shall give reasonable advance notice, including the place and time, to the Purchaser. The Supplier shall obtain from any relevant third party or manufacturer any necessary permission or consent to enable the Purchaser or its designated representative to attend the test and/or inspection.
7.4	The Purchaser shall reject any Goods or any part thereof that fail to conform to the Specifications. The Supplier shall either rectify or replace such rejected Goods or parts thereof or make all alterations necessary to meet the Specifications at no cost to the Purchaser, and shall repeat the test and/or inspection, at no cost to the Purchaser, upon giving a notice pursuant to Clause 7.3 above.
7.5	The Purchaser's right to inspect, test and, where necessary, reject the Goods after the Goods' arrival in the Bhutan shall in no way be limited or waived by reason of the Goods' having previously been inspected, tested and passed by the Purchaser or its representatives prior to the Goods' shipment from the country of origin.
7.6	The Supplier shall ensure that all the materials are ready during the time of inspection. In case the materials are to be re-inspected due to reasons which are attributable to the supplier, the same shall be done at the cost of the supplier.
7.7	Nothing in this Clause 7 shall in any way release the Supplier from any Warranty or other obligations under the Contract.
<b>8. Packing and Documents</b>	
8.1	The Supplier shall provide such packing of the Goods as is required to prevent their damage or deterioration during transit to their final destination, as per the Contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing case size and weights shall take into consideration, where appropriate, the remoteness of the Goods' final destination and the absence of heavy handling facilities at all points in transit.
8.2	The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the Contract, including additional requirements, if any, specified in Section V, Schedule of Supply and in any subsequent instructions ordered by the Purchaser.
<b>9. Delivery and Documents</b>	
9.1	Delivery of the Goods shall be made by the Supplier in accordance with the Section V, Schedule of Supply. The details of shipping and/or other documents to be furnished by the Supplier are specified in the SCC.
9.2	Unless inconsistent with any provision of the Contract or otherwise specified in the SCC, the meaning of any trade term and the rights and obligations of parties there under shall be as prescribed by Incoterms.

9.3	The terms EXW,CIP, CIF, DDP, and other trade terms used to describe the obligations of the parties shall be governed by the rules prescribed in the current edition of Incoterms specified in the SCC and published by the International Chamber of Commerce, Paris..	
10. Indemnity against infringement of Intellectual Property Rights		
10.1	The Supplier shall, subject to the Purchaser's compliance with GCC Sub-Clause 10.2, indemnify and hold harmless the Purchaser and its employee(s) or representative(s) from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs and expenses of any nature, including attorney's fees and expenses, which the Purchaser may suffer as a result of any infringement or alleged infringement of any patent, utility model, registered design, trademark, copyright or other intellectual property right registered or otherwise existing at the date of the Contract by reason of:	
	(a)	The installation of the Goods by the Supplier or the use of the Goods in Bhutan; and
	(b)	The sale in any country of the products produced by the Goods.
	Such indemnity shall not cover any use of the Goods or any part thereof other than for the purpose indicated by or reasonably to be inferred from the Contract, neither any infringement resulting from the use of the Goods or any part thereof, or any products produced thereby in association or combination with any other equipment, plant or materials not supplied by the Supplier, pursuant to the Contract.	
10.2	If any proceedings are brought or any claim is made against the Purchaser arising out of the matters referred to in GCC Sub-Clause 10.1, the Purchaser shall promptly give the Supplier notice thereof, and the Supplier may at its own expense conduct such proceedings or claim and any negotiations for the settlement of any such proceedings or claim.	
10.3	The Purchaser may, at the Supplier's request, afford all available assistance to the Supplier in conducting such proceedings or claim, and shall be reimbursed by the Supplier for all reasonable expenses incurred in so doing.	
10.4	The Purchaser shall indemnify and hold harmless the Supplier and its employees, officers and Subcontractors from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs and expenses of any nature, including attorney's fees and expenses, which the Supplier may suffer as a result of any infringement or alleged infringement of any patent, utility model, registered design, trademark, copyright or other intellectual property right registered or otherwise existing at the date of the Contract arising out of or in connection with any design, data, drawing, specification or other documents or materials provided or designed by or on behalf of the Purchaser.	
11. Performance Security		
11.1	The Supplier shall within fifteen (15) working days of notification of contract	

	award , provide Performance Security in the amount and currency specified in the SCC.
11.2	<p>The proceeds of the Performance Security shall be payable to the Purchaser as compensation from the Supplier's failure to complete its obligations under the Contract. The Performance Security is a security taken by the purchaser for due performance of the Contract and shall be forfeited if the Supplier fails without any legal excuse, to perform any promises that form the whole or part of a Contract or any agreement without need of establishing any loss incurred by the Purchaser.</p> <p>The Supplier shall cause the validity period of the Performance Security to be extended for such period(s) as the contract performance may be extended pursuant to GCC Clause 16.2.</p>
11.3	The Performance Security shall be denominated in a currency (ies) of the Contract, or in a freely convertible currency acceptable to the Purchaser and shall be in one of the following forms:
	(a) Unconditional bank guarantee issued by a reputable financial institution acceptable to the Purchaser, in the form provided for in the Contract or in any other form acceptable to the Purchaser; or
	(b) Banker's Cheque/Cash Warrant; or
	(c) Demand Draft.
11.4	If the institution issuing the Performance Security furnished by the Bidder is located outside the Purchaser's country, the Performance Security shall be counter guaranteed by a correspondent financial institutions located in the Purchaser's country to make it enforceable.
11.5	The Performance Security shall be discharged by the Purchaser and returned to the Supplier not later than thirty (30) days following the date of completion of the Supplier's performance obligations or any pending contractual issues arising under the Contract, or any warranty obligations, unless specified otherwise in the SCC.
<b>12. Insurance</b>	
12.1	All Goods supplied under the Contract shall be fully insured in the currency of Contract against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery, in accordance with the applicable Incoterms or in the manner specified in the SCC.
<b>13. Warranty</b>	
13.1	The Supplier warrants to the Purchaser that the Goods supplied under the Contract will comply strictly with Contract and shall be free from defects arising from any act or omission of the Supplier or arising from design, materials, and workmanship under normal use in the conditions prevailing in the country of final destinations.
13.2	Unless otherwise specified in the SCC, the warranty shall remain valid for twelve (12) months after the Goods, or any portion thereof, as the case may be, have been

## Section VI- General Conditions of Contract

	delivered to and accepted at the final destination indicated in SCC.
13.3	The Purchaser shall notify the Supplier in writing stating the nature of any such defects together with all available evidence thereof, promptly following the discovery thereof. The Purchaser shall afford all reasonable opportunity for the Supplier to inspect such defects.
13.4	Upon receipt of such notice, the Supplier shall, within the period specified in the SCC repair or replace the defective Goods or parts thereof, at no cost to the Purchaser.
13.5	If the Supplier, having been notified, fails to remedy the defect(s) within the period specified in SCC, the Purchaser may proceed to take within a reasonable period such remedial action as may be necessary, at the Supplier's risk and expense and without prejudice to any other rights or remedies, which the Purchaser may have against the Supplier under the Contract.
<b>14. Payment</b>	
14.1	The method and conditions of payment to be made to the Supplier under the Contract shall be as specified in the SCC.
14.2	The Supplier's request(s) for payment shall be made to the Purchaser in writing accompanied by an invoice describing, as appropriate, the Goods delivered and services performed, and by documents submitted pursuant to GCC Clause 9 and upon fulfilment of other obligations stipulated in the Contract.
14.3	Payment shall be made by the Purchaser, but in no case later than 30 (thirty) days after submission of invoice or request for payment by the Supplier and the Purchaser has accepted it.
14.4	The currency or currencies in which payment is made to the Supplier under the Contract will be made in the currency or currencies specified in SCC.
<b>15. Contract Prices</b>	
15.1	The Contract Price shall be as specified in the Contract Agreement subject to any additions and adjustments thereto or deductions there from as may be made pursuant to the Contract.
15.2	Prices charged by the Supplier for Goods delivered and Services performed under the Contract shall not vary from the prices quoted by the Supplier in its bid, which the exception of any change in price resulting from a Change Order issued in accordance with GCC Clause 3, or if applicable, adjustments authorized in accordance with the price adjustment provisions specified in the SCC.
<b>16. Contract Execution Schedule and Extensions in the Supplier's Performance</b>	
16.1	Delivery of the Goods shall be made by the Supplier in accordance with the

	Contract Execution Schedule, pursuant to SCC.	
16.2	The Supplier may claim extension of the time limits as set forth in the Contract Execution Schedule in case of:	
	(a)	Change in the Goods ordered by the Purchaser pursuant to GCC Clause 3;
	(b)	Delay of any materials, drawings or services, which are to be provided by the Purchaser; services provided by the Purchaser shall be interpreted to include all approvals by the Purchaser under the Contract;
	(c)	Force Majeure pursuant to GCC Clause 23; and
	(d)	Delay in performance of work caused by change order or amendment(s) issued by the Purchaser.
16.3	The Supplier shall demonstrate to the Purchaser's satisfaction that it has used its best endeavours or overcome such causes for delay, and the parties will mutually agree upon remedies to mitigate or overcome such causes for delay.	
16.4	Notwithstanding GCC Clause 16.2 above, the Supplier shall not be entitled to an extension of time for completion unless the Supplier, at the time of such circumstances arising, has notified the Purchaser in writing within 10 (Ten) days of any delay that it may claim as caused by circumstances pursuant to GCC Clause 16.2 above; and upon request of the Purchaser, the Supplier shall substantiate that the delay is due to the circumstances referred to by the Supplier.	
17. Liquidated Damages		
17.1	Subject to GCC Clause 16, if the Supplier fails to deliver any or all of the Goods or to perform the Services within the period(s) specified in the Contract, the Purchaser may without prejudice to its other remedies under the Contract, deduct from the Contract Price, as liquidated damages, a sum equivalent to the percentage specified in the SCC of the delivered price of the delayed goods or unperformed services for each week or part thereof of delay until actual delivery or performance, up to a maximum deduction of the percentage specified in the SCC. Once the maximum is reached, the Purchaser may consider termination of the Contract pursuant to GCC Clause 18, Termination for Default.	
18. Termination for Default		
18.1	The Purchaser may, without prejudice to any other remedy for breach of Contract, by written notice of default sent to the Supplier, terminate the Contract in whole or in part:	
	(a)	If the Supplier fails to deliver any or all of the Goods within the Contract delivery period(s) specified in the Contract, or any extension thereof granted by the Purchaser, pursuant to GCC Clause 16 without the need of waiting

## Section VI- General Conditions of Contract

		maximum deduction of percentage specified in GCC Clause 17.1 after serving 10 (ten) days notice in writing; or
	(b)	If the Supplier, in either of the above circumstances, does not cure its failure within a period of 10 (ten) days (or such longer period as the Purchaser may authorize in writing) after receipt of a notice of default from the Purchaser specifying the nature of the default(s); and
	(c)	If the supplier fails to perform any other obligation(s) under the Contract.
18.2	Subject to Clause 18.1 above, when the Contract is terminated for default, the Purchaser shall forfeit the Performance Security and deduct from the contract price, as liquidated damages, a sum equivalent to the percentage specified in the SCC of the delayed delivered price of the goods accepted by the Purchaser.	
<b>19. Termination for insolvency</b>		
19.1	The Purchaser may at any time terminate the Contract by giving written notice to the Supplier, without compensation to the Supplier, if the Supplier becomes bankrupt or otherwise insolvent. Notwithstanding the above, such termination will not prejudice or affect any right of action or remedy, which has accrued or will accrue thereafter to the Purchaser.	
<b>20. Termination for Convenience</b>		
20.1	The Purchaser may, by written notice sent to the Supplier, terminate the Contract, in whole or in part, at any time for its convenience. The notice of termination shall specify that termination is for the Purchaser's convenience, the extent to which performance of work under the Contract is terminated, and the date upon which such termination becomes effective.	
20.2	The Goods that are complete and ready for shipment within 30 (thirty) days after the Supplier's receipt of notice of termination shall be purchased by the Purchaser at the Contract prices and on the other Contract terms. For the remaining Goods, the Purchaser may elect:	
	(a)	To have any portion thereof completed and delivered at the contract prices and as per the Contract terms; and/or
	(b)	To cancel the remainder and pay to the Supplier an agreed amount for partially completed Goods and for materials and part previously procured by the Supplier.
<b>21. Resolution of Disputes</b>		
21.1	The Purchaser and the Supplier shall make every effort to resolve amicably by direct informal negotiation any disagreement or dispute arising between them under or in connection with the Contract.	
21.2	If, after 30 (thirty) days from the commencement of such informal negotiations, the Purchaser and the Supplier have been unable to resolve amicably a Contract dispute,	

	either party may require that the dispute be referred for resolution by arbitration as described in Clause 21.3.
21.3	If the dispute is to be settled by arbitration, the Purchaser and the Supplier shall be entitled to appoint one member each, and third arbitrator will be appointed by both of them by mutual consent. If either the Purchaser or the Supplier fails to appoint a representative, or both of them cannot agree on the appointment of a third member within thirty (30) days from the date of agreement to refer the matter for arbitration, then the case will be referred to the proper court in Bhutan for adjudication. The award shall be final and binding on the parties if not appealed within 10 (Ten) working days. If the disputes are settled by Arbitration, the cost of Arbitration shall be borne by both parties equally.
21.4	The arbitrations proceedings shall be conducted in accordance with the rules of procedures specified in SCC.
<b>22.</b>	<b>Applicable Law</b>
22.1	The Contract shall be governed by and interpreted in accordance with the laws of the Bhutan.
<b>23.</b>	<b>Force Majeure</b>
23.1	The Supplier shall not be liable for forfeiture of its Performance Security, liquidated damages or termination for default if and to the extent that it's delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure. Such delay may be excused as provided in GCC Clause 16, and the period of such delay may be added to the time of performance of the obligation delayed.
23.2	For purposes of this Clause, "Force Majeure" means an event or situation beyond the control of the Supplier that is not foreseeable, unavoidable, and its origin is not due to negligence or lack of care or other malfeasance on the part of the Supplier. Such events may include, but not be limited to, acts of the Purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions, strikes, riot, and freight embargoes.
23.2	If a Force Majeure situation arises, the Supplier shall notify the Purchaser in writing of such condition and the cause thereof within 10 (ten) days. Unless otherwise directed by the Purchaser in writing, the Supplier shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.
<b>24.</b>	<b>Assignment</b>
24.1	The Supplier shall not assign, in whole or in part, its obligations to perform under the Contract, except with the Purchaser's prior written consent.

<b>25. Contract Language</b>	
25.1	The Contract, as well as all correspondence and documents relating to the Contract exchanged by the Supplier and the Purchaser, shall be written in the language specified in the SCC. Supporting documents and printed literature that are part of the Contract may be in another language provided they are accompanied by an accurate translation of the relevant passages in the language specified in the SCC, in which case, for purposes of interpretation of the Contract, the translation shall govern.
25.2	The Supplier shall bear all costs of translation to the governing language and all risks of the accuracy of such translation, for documents provided by the Supplier.
<b>26. Taxes and Duties</b>	
26.1	The Supplier shall bear and pay all applicable taxes, stamp duties, license fees and other similar levies imposed both outside and inside Bhutan, as specified in SCC.
<b>27. Waiver</b>	
27.1	Failure of either party to insist upon strict performance by the other party of any provision of the Contract shall in no way be deemed or construed to effect in any way the right of that party to require such performance.
<b>28. Limitation of Liability</b>	
28.1	Except in cases of gross negligence or willful misconduct:
(a)	Neither party shall be liable to the other party, whether in contract, tort or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the Supplier to pay liquidated damages to the Purchaser; and
(b)	The aggregate liability of the Supplier to the Purchaser, whether under the Contract, in tort or otherwise, shall not exceed the total Contract Price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment, or to any obligation of the Supplier to indemnify the Purchaser with respect to patent infringement.
<b>29. Export Restriction</b>	
29.1	Notwithstanding any obligation under the Contract to complete all export formalities, any export restrictions attributable to the Purchaser, to Bhutan, or to the use of the products/Goods, systems or services to be supplied, which arise from trade regulations from a country supplying those products/Goods, systems or services, and which substantially impede the Supplier from meeting its obligations under the Contract, shall release the Supplier from the obligation to provide deliveries or services, always provided, however, that the Supplier can demonstrate to the satisfaction of the Purchaser that it has completed all formalities in a timely manner, including applying for permits, authorizations and licenses necessary for the export of

the products/Goods, systems or services under the terms of the Contract. Termination of the Contract on this basis shall be for the Purchaser's convenience pursuant to Clause 20.

**Section VII. Special Conditions of Contract (SCC)**

The following Special Conditions of Contract (SCC) shall supplement the General Conditions of Contract (GCC). Whenever there is a conflict, the provisions herein shall prevail over those in the General Conditions of Contract (GCC).

**1. Definitions**

GCC 1.1 (f) *The Purchaser is: Central Maintenance Division Project Office, Bhutan Power Corporation Limited, Yarden Lam, Post Box No. 580, Thimphu, Bhutan.*

*The consignee is:  
The Manager, Regional Store Division, Regional Stores Division, Bhutan Power Corporation Limited, Gelephu, Bhutan.*

**2. Inspection and Test**

GCC 7.1 The inspections and tests shall be: *Not Applicable*

GCC 7.2 Inspections and tests shall be conducted at: *Manufacturer's premises.*

GCC 7.3 All materials shall be inspected and tested as specified in the relevant IEC or BS or IS standards. The supplier must notify the purchaser in writing (and by fax to be confirmed with a mailed copy) within twenty (20) days in advance once the goods are ready for dispatch. This should be notified to purchaser at the following address:

*Attention: Project Director*

*Address: Central Maintenance Division Project Office*

*Bhutan Power Corporation Limited*

*Thimphu: Bhutan*

*Telephone: +975-2-330684/325095*

*E-mail address: [herukazangpo@bpc.bt](mailto:herukazangpo@bpc.bt)*

*Copy to : [mahendrasubedi@bpc.bt](mailto:mahendrasubedi@bpc.bt)*

The period indicated is for deputing an inspector and has no connection with the stipulated delivery schedule. If the delay in the delivery of all or part of materials has been caused due to delay beyond the maximum allowable period in nominating inspectors by the purchaser after the inspection call has been received in writing by the purchaser, the delivery period shall be extended by the period equivalent to such delay in sending inspectors by the purchaser for the whole or part of the materials.

GCC 7.5 To ensure that the goods are delivered in good condition, suppliers/supplier's representatives need to be present for the joint inspection of the goods at the BPC warehouse and sign the joint inspection report.

**3. Packing and Documents**

GCC 8.2 The supplier shall pack all the Goods as is required to prevent damage or deterioration in transit to the final destination. The packing should be sufficient to withstand rough handling and exposure to extreme temperatures, salt and precipitation during transit and/or storage as per GCC Clause 8.

<b>4. Delivery and Documents</b>	
GCC 9.1	<p>a. The good need to be delivered at the designated place as specified in Section V, Schedule of Supply. Further, the shipment should be completed within 21 (twenty one) days after inspection/dispatch clearance if the delivery is made from India and within 60 (sixty) days if the delivery is made from Third countries. However, the overall schedule for delivery of the material at the place of delivery as per contract stipulations shall be met and any delay in meeting the schedule will be dealt with as per contract stipulation including but not limited to Liquidated Damages.</p> <p>b. Details of Shipping and other Documents to be furnished by the Supplier after the delivery of goods are:</p> <p>(i) Copies of the Supplier's invoice showing Goods description, quantity, unit price, and total amount;</p> <p>(ii) Suppliers Good Issues Note (Challan);</p> <p>(iii) Copy of import declaration form (B-Form) in Bhutan;</p> <p>(iv) Original tax paid receipt in Bhutan.</p> <p>(v) Manufacturer's or Supplier's warranty certificate;</p> <p>(vi) Packing List;</p> <p>(vii) Inspection report/Test Certificate;</p>
GCC 9.2	The meaning of the trade terms shall be as prescribed by Incoterms 2010, read in conjunction with any specific explanation of the tender.
GCC 9.3	The version of Incoterms shall be: 2010, read in conjunction with any specific explanation of the tender.
<b>5. Performance Security</b>	
GCC 11.1	The amount of Performance Security shall be: 10% of the contract value.
GCC 11.5	Discharge of Performance Security shall take place: As indicated in GCC Sub-Clause 11.5
<b>6. Insurance</b>	
GCC 12.1	The insurance coverage shall be as specified in the Incoterms 2010.
<b>7. Warranty</b>	
GCC 13.2	<p>The period of validity of the Warranty shall be: Twelve (12) months from the date of acceptance of goods at the place of destination, Regional Store Division, Gelephu, PSD, BPC, Gelephu, Bhutan.</p> <p><i>As a proof of performance warranty, the supplier have to deposit 10% of the supplied value in the form of Bank Guarantee acceptable to the Purchaser which shall be valid for a period not less than twelve (12) months after delivery of last consignment.</i></p> <p style="text-align: center;">Or</p> <p><i>As a proof of performance warranty, the purchaser will not release the 10% retention money to cover the defects liability period which shall be minimum of twelve months after the delivery of the last consignment. However, the payment for the retention amount shall be made provided the Supplier presents request for payment accompanied by a Retention Security in the form of Bank Guarantee issued by a reputable financial institution acceptable to the purchaser for an amount equal</i></p>

	<p><i>to the amount of retention payment and the validity of the Bank Guarantee shall be not less than twelve (12) months after the delivery of last consignment.</i></p> <p><i>If the Financial institution issuing the performance warranty bank guarantee/retention security bank guarantee furnished by the Bidder is located outside the Purchaser's country, the bank guarantee shall be counter guaranteed by a correspondent financial institution located in the Purchaser's country to make it enforceable.</i></p>
<b>8. Payment</b>	
GCC 14.1	<p>Payments shall be made in equivalent Ngultrum to the currency quoted amount but the payment shall be made through proper banking channels and the responsibilities of payment transfer and transfer charges lie on the Suppliers.</p> <p>Undertaking letter from routing of payment through the Banks (if the payment is not through Letter of Credit) shall not be issued.</p> <p>a. Advance Payment: Maximum of ten percent (10%) of the Contract Price as advance payment shall be paid after the signing of the Contract. Payment shall be made provided the Supplier presents a request for payment accompanied by an Advance Payment Security in the form of Bank Guarantee issued by a reputable financial institution acceptable to the purchaser for an amount equal to the amount of the advance payment, and shall be valid until the goods are delivered.</p> <p>b. On Acceptance: Eighty percent (80%) of the Contract Price of the goods received shall be paid within Thirty (30) days of receipt of the goods upon the submission of a claim supported by the Acceptance Certificate issued by the Purchaser.</p> <p>c. Retention Payment: Ten percent (10%) of the Contract Price will be payable after the expiry of defects liability period (for a period not exceeding twelve months after the delivery of all materials). However, payment shall be made provided the Supplier presents a request for payment accompanied by a Retention Security in the form of Bank Guarantee issued by a reputable financial institution acceptable to the purchaser for an amount equal to the amount of retention payment and shall be valid for a period not less than twelve (12) months after delivery of all materials.</p> <p>If the Financial institution issuing the advance payment bank guarantee/retention security bank guarantee furnished by the Bidder is located outside the Purchaser's country, the bank guarantee shall be counter guaranteed by a correspondent financial institution located in the Purchaser's country to make it enforceable.</p>
<b>9. Contract Prices</b>	
GCC 15.2	<p>The prices charged for the Goods supplied and the related Services performed shall not be adjustable.</p>
<b>10. Contract Execution Schedule and Extension in the Supplier's Performance</b>	
GCC 16.1	<p>The contract shall be executed as per Contract Execution Schedule given below:</p> <p>a) <i>The commencement of the contract period shall be assumed from the date of</i></p>

*signing of the contract agreement if an agreement is executed; otherwise the notification of award is an acceptance and shall constitute a contract between the parties.*

<b>Days</b>	<b>Activity</b>	<b>Remarks</b>

*b) The Supplier shall be responsible for supplying three (3) copies of correct drawings to BPC for approval in the template provided in Section V, Schedule of Supply. Any errors or omission shall be to the Suppliers account and delays caused due to the need to rectify unclear/unacceptable drawings shall not be justification for time extension. BPC will take fifteen (15) working days for the drawing approval from the receipt date.*

*c) The Supplier shall submit a detailed program covering the manufacturing, testing and delivery of the materials and equipment within the time stated in the bid documents. The program shall be in the form of bar chart. The Supplier shall submit progress reports detailing progress and explaining any variations if any.*

#### **11. Liquidated Damages**

GCC 17.1 The liquidated damages shall be: 1 % per week.

GCC 17.1 The maximum amount of liquidated damages shall be: 10 % of the contract value.

#### **12. Resolution of Disputes**

GCC 21.2 The rules of procedure for arbitration proceedings pursuant to GCC Sub-Clause 21.2 shall be as per the Alternative Dispute Resolution Act of Bhutan 2013.

#### **13. Taxes and Duties**

GCC 26.1 Pursuant to GCC 26.1

a. Price quoted shall be inclusive of all taxes (both inside and outside the purchaser's country) and Purchaser shall not be responsible and liable for the reimbursement/payment of taxes and duties. Further, for the clarity of applicable taxes, the Bidders may check with Department of Revenue and Custom, Ministry of Finance, Thimphu Bhutan / for exact Tax Rates in Bhutan for goods offered from India/Third Countries that are payable in Bhutan;

b. The manufacturer(s) in Bhutan are to pay the taxes in accordance with the rules of the Government without any liability to the Purchaser. Purchaser shall not be responsible for reimbursement/processing exemptions/payments of taxes, duties, levies, royalties etc. for raw materials; and

c. Tax Deducted at Source (TDS) shall be deducted as per the regulations of Ministry of Finance, RGoB, Bhutan.

### Contract Agreement

THIS CONTRACT AGREEMENT made on the \_\_\_\_\_ [insert number] day of \_\_\_\_\_ [insert month], [insert year],

BETWEEN

\_\_\_\_\_ [insert complete name of Purchaser] of Bhutan Power Corporation and having its principal place of business at \_\_\_\_\_ [insert address of Purchaser] (hereinafter "the Purchaser") of the one part and

\_\_\_\_\_ [insert name of Supplier], a corporation incorporated under the laws of \_\_\_\_\_ [insert: country of Supplier] and having its principal place of business at \_\_\_\_\_ [insert address of Supplier] (hereinafter "the Supplier") of the other part.

WHEREAS the Purchaser is desirous that certain goods be provided by the Supplier, viz.,

\_\_\_\_\_ [insert Brief Description of Goods, as identified in the Bid Form and Price Schedule] (hereinafter "the Goods") and has accepted a Bid by the Supplier for the provision of those Goods in the sum of \_\_\_\_\_ [insert Contract Price in Words and Figures] (hereinafter "the Contract Price").

NOW THIS CONTRACT AGREEMENT WITNESSETH AS FOLLOWS:

1. In this Agreement words and expression shall have the same meaning as are respectively assigned to them in the Conditions of Contract referred to.
2. The following documents shall constitute the Contract between the Purchaser and the Supplier, and each shall be read and construed as an integral part of the Contract:
  - a) This Contract Agreement;
  - b) Minutes of Contract Negotiation Meeting;
  - c) Special Conditions of Contract;
  - d) General Conditions of Contract;
  - e) Technical Requirements;
  - f) The Supplier's Bid and original Price Schedule;
  - g) The Purchaser's Notification of Award;
  - h) Integrity Pact;
  - i) VPMS Acceptance Form
3. This Contract shall prevail over all other Contract documents. In the event of any discrepancy or inconsistency within the Contract documents, then the documents shall prevail in the order listed above.

## Section VIII- Contract Forms

4. In consideration of the payments to be made by the Purchaser to the Supplier as hereinafter mentioned, the Supplier hereby covenants with the Purchaser to provide the Goods and to remedy defects therein in conformity in all respects with the provisions of the Contract.
5. The Purchaser hereby covenants to pay the Supplier, in consideration of the provision of the Goods and the remedying of defects therein, the Contract Price or such other sum as may become payable under the provisions of the Contract, at the times and in the manner prescribed by the Contract.

IN WITNESS WHEREOF, the parties hereto have caused this Contract Agreement to be executed in accordance with the laws of Bhutan on the day, month and year indicated above

For and on behalf of the Purchaser:

Signed: \_\_\_\_\_ *[insert signature]*

In the capacity of \_\_\_\_\_ *[insert title or other appropriate designation]*

In the presence of \_\_\_\_\_ *[insert signature]*

\_\_\_\_\_ *[insert identification of official witness]*

For and on behalf of the Supplier

Signed: \_\_\_\_\_ *[insert signature of authorized representative(s) of the Supplier]*

In the capacity of \_\_\_\_\_ *[insert title or other appropriate designation]*

In the presence of \_\_\_\_\_ *[insert signature]*

\_\_\_\_\_ *[insert identification of official witness]*

### Performance Security

*[The bank, as requested by the successful Bidder, shall fill in this form in accordance with the instructions indicated]*

Date: \_\_\_\_\_ *[insert date (as day, month, and year) of Bid submission]*  
IFB No. and title: \_\_\_\_\_ *[insert no. and title of bidding process]*

Bank's Branch or Office: \_\_\_\_\_ *[insert complete name of Guarantor]*

Beneficiary: \_\_\_\_\_ *[insert complete name of Purchaser]*

**PERFORMANCE GUARANTEE No.:** \_\_\_\_\_  
*[insert Performance Guarantee number]*

We have been informed that \_\_\_\_\_ *[insert complete name of Supplier]*  
(hereinafter called "the Supplier") has entered into Contract No. \_\_\_\_\_ *[insert number]*  
dated \_\_\_\_\_ *[insert day and month], [insert year]* with you, for the supply of

\_\_\_\_\_ *[description of Goods and related Services]* (hereinafter called "the Contract").

Furthermore, we understand that, according to the conditions of the Contract, a Performance Guarantee is required.

At the request of the Supplier, we hereby irrevocably undertake to pay you any sum(s) not exceeding \_\_\_\_\_ *[insert amount(s)<sup>1</sup> in figures and words]* upon receipt by us of your first demand in writing declaring the Supplier to be in default under the Contract, without cavil or argument, or you needing to prove or to show grounds or reasons for your demand or the sum specified therein.

This Guarantee shall expire no later than the \_\_\_\_\_ *[insert number]* day of \_\_\_\_\_ *[insert month] [insert year]*,<sup>2</sup> and any demand for payment under it must be received by us at this office on or before that date. We agree to a one-time extension of this Guarantee for a period not to exceed *[six months] [one year]*, in response to the Purchaser's written request for such extension, such request to be presented to us before the expiry of the Guarantee.

\_\_\_\_\_  
*[Signatures of authorized representatives of the bank]*

<sup>1</sup> The Bank shall insert the amount(s) specified in the SCC and denominated, as specified in the SCC, either in the currency(ies) of the Contract or a freely convertible currency acceptable to the Purchaser.

<sup>2</sup> Date established in accordance with General Conditions of Contract ("GCC"). The Purchaser should note that in the event of an extension of the time to perform the Contract, the Purchaser would need to request an extension of this Guarantee from the Bank. Such request must be in writing and must be made prior to the expiration date established in the Guarantee.

### Bank Guarantee for Advance Payment

*[The bank, as requested by the successful Bidder, shall fill in this form in accordance with the instructions indicated.]*

Date: \_\_\_\_\_ *[insert date (as day, month, and year) of Bid submission]*  
IFB No. and title: \_\_\_\_\_ *[insert number and title of bidding process]*

*[bank's letterhead]*

Beneficiary: \_\_\_\_\_ *[insert legal name and address of Purchaser]*

**ADVANCE PAYMENT GUARANTEE No.:** \_\_\_\_\_  
*[insert Advance Payment Guarantee no.]*

We, \_\_\_\_\_ *[insert legal name and address of bank]*, have been informed that \_\_\_\_\_ *[insert complete name and address of Supplier]* (hereinafter called "the Supplier") has entered into Contract No. \_\_\_\_\_ *[insert number]* dated \_\_\_\_\_ *[insert date of Contract]* with you, for the supply of \_\_\_\_\_ *[insert types of Goods to be delivered]* (hereinafter called "the Contract").

Furthermore, we understand that, according to the conditions of the Contract, an advance payment is to be made against an advance payment guarantee.

At the request of the Supplier, we hereby irrevocably undertake to pay you any sum or sums not exceeding in total an amount of \_\_\_\_\_ *[insert amount(s)<sup>3</sup> in figures and words]* upon receipt by us of your first demand in writing declaring that the Supplier is in breach of its obligation under the Contract because the Supplier used the advance payment for purposes other than toward delivery of the Goods.

It is a condition for any claim and payment under this Guarantee to be made that the advance payment referred to above must have been received by the Supplier in its account \_\_\_\_\_ *[insert number and domicile of the account]*

This Guarantee shall remain valid and in full effect from the date of the advance payment received by the Supplier under the Contract until \_\_\_\_\_ *[insert date<sup>4</sup>]*. We agree to a one-time extension of this Guarantee for a period not to exceed \_\_\_\_\_ *[six months][one year]*, in response to the Purchaser's written request for such extension, such request to be presented to us before the expiry of the Guarantee.

\_\_\_\_\_  
*[signature(s) of authorized representative(s) of the bank]*

<sup>3</sup> The bank shall insert the amount(s) specified in the SCC and denominated, as specified in the SCC, either in the currency(ies) of the Contract or a freely convertible currency acceptable to the Purchaser.

<sup>4</sup> Insert the Delivery date stipulated in the Contract Delivery Schedule. The Purchaser should note that in the event of an extension of the time to perform the Contract, the Purchaser would need to request an extension of this Guarantee from the bank. Such request must be in writing and must be made prior to the expiration date established in the Guarantee

#### Section IV- Bidding Forms

- (f) If our Bid is accepted, we commit to provide a Performance Security in accordance with ITB (insert Clause 48 and GCC Clause 11) for the due performance of the Contract;
- (g) We are not participating, as Bidders, in more than one Bid in this bidding process, other than any alternative offers submitted in accordance with ITB (insert Clause 15);
- (h) We, including any subcontractors or suppliers for any part of the Contract, have nationality from eligible countries, viz:..... *[insert the nationality of the Bidder, including that of all parties that comprise the Bidder if the Bidder is a JV/C/A, and the nationality each subcontractor and supplier]*
- (i) We have no conflict of interest pursuant to ITB (Insert Sub-Clause 3.2);
- (j) Our firm, its affiliates or subsidiaries - including any subcontractors or suppliers for any part of the contract - has not been declared ineligible by the Purchaser under the laws or official regulations of Bhutan, in accordance with ITB (insert Sub-Clause 4.1);
- (k) The following commissions, gratuities or fees have been paid or are to be paid with respect to the bidding process or execution of the Contract:.....  
*[insert complete name of each Recipient, its full address, the reason for which each commission or gratuity was paid and the amount and currency of each such commission or gratuity]*

Name of Recipient	Address	Reason	Amount
_____	_____	_____	_____
_____	_____	_____	_____

(If none has been paid or is to be paid, indicate "none.")

- (l) We understand that this Bid, together with your written acceptance thereof included in your notification of award, shall constitute a binding contract between us, until a formal contract is prepared and executed.
- (m) We understand that you are not bound to accept the lowest evaluated Bid or any other Bid that you may receive.

Signed: .....*[insert signature of person whose name and capacity are shown]*

In the capacity of ..... *[insert legal capacity of person signing the Bid Form]*

Name: .....*[insert complete name of person signing the Bid Form]*

Duly authorized to sign the bid for and on behalf of: ..... *[insert complete name of Bidder]*

Dated on ..... day of ....., .....*[insert date of signing]*

### **DEVIATION SCHEDULE**

The bidder shall specify below, in detail, all deviations from and exceptions to the Bid Document. Any entry shall be referenced to the Bid Document Clause No. To which they refer.

The Bidder shall be deemed to be compliant with the content and intent of the Bid Document except in respect of deviations and exception listed in this Schedule.

No deviation from and exception to the Bid Document shall be made subsequently to the Contract without the written approval of the Employer.

Clause No.	Details of Deviation/ Exception	Reasons for Deviation/ Exception

Declaration: This page and attached.....Pages of deviation from the Bid Document is a complete record of such deviation.

In case of NO DEVIATION is mentioned here and deviation of clauses/specification is mentioned elsewhere, then it will be taken as a deviation.

**Bid Security (Bank Guarantee)**

*[The Bank shall fill in this Bank Guarantee Form in accordance with the instructions indicated.]*

*[insert Bank's Name, and Address of Issuing Branch or Office]*

**Beneficiary:** \_\_\_\_\_ *[Name and Address of Purchaser]*

**Date:** \_\_\_\_\_

**BID GUARANTEE No.:** \_\_\_\_\_

We have been informed that \_\_\_\_\_ *[insert name of the Bidder]* (hereinafter called "the Bidder") has submitted to you its Bid dated \_\_\_\_\_ (hereinafter called "the Bid") for the execution of *[insert name of Tender]* under Invitation for Bids No. \_\_\_\_\_ *[insert IFB number]* ("the IFB").

Furthermore, we understand that, according to your conditions, Bids must be supported by a Bid Guarantee.

At the request of the Bidder, we \_\_\_\_\_ *[insert name of Bank]* hereby irrevocably undertake to pay you any sum or sums not exceeding in total an amount of \_\_\_\_\_ *[insert amount in figures]* (*[insert amount in words]*) upon receipt by us of your first demand in writing accompanied by a written statement stating that the Bidder is in breach of its obligation(s) under the Bid conditions, because the Bidder:

- (a) has withdrawn its Bid during the period of Bid validity specified by the Bidder in the Form of Bid; or
- (b) having been notified of the acceptance of its Bid by the Purchaser during the period of Bid validity, (i) fails or refuses to execute the Contract ; or (ii) fails or refuses to furnish the Performance Security, if required, in accordance with the Instructions to Bidders.

This guarantee will expire: (a) if the Bidder is the successful Bidder, upon our receipt of copies of the contract signed by the Bidder and the Performance Security issued to you upon the instruction of the Bidder; or (b) if the Bidder is not the successful Bidder, upon the earlier of (i) our receipt of a copy of your notification to the Bidder of the name of the successful Bidder; or (ii) Thirty days after the expiration of the Bidder's Bid.

Consequently, any demand for payment under this guarantee must be received by us at this office on or before that date.

\_\_\_\_\_  
*[signature of authorized representative of the bank]*

### **Manufacturer's Authorization**

*[The Bidder shall require the Manufacturer to fill in this Form in accordance with the instructions indicated. This letter of authorization should be on the letterhead of the Manufacturer and be signed by a person with the proper authority to sign documents that are binding on the Manufacturer. The Bidder shall include it in its bid, if so indicated in the **BDS**.]*

Date: \_\_\_\_\_ *[insert date of Bid Submission]*

Invitation for Bid No.: \_\_\_\_\_ *[insert IFB number]*

Alternative No.: \_\_\_\_\_ *[insert identification No if this is a Bid for an alternative]*

To: \_\_\_\_\_ *[insert complete name of the Purchaser]*

#### **WHEREAS**

We \_\_\_\_\_ *[insert complete name of the Manufacturer]*, who are official manufacturers of *[insert type of Goods manufactured]*, having factories \_\_\_\_\_ at *[insert full address(es) of the Manufacturer's factory/ies]*, do hereby authorize \_\_\_\_\_ *[insert complete name of Bidder]* to submit a Bid in relation to the Invitation for Bids indicated above, the purpose of which is to provide the following Goods, manufactured by us, namely \_\_\_\_\_ *[insert name and/or brief description of the Goods]*, and subsequently to negotiate and sign the Contract.

We hereby extend our full guarantee and warranty in accordance with the General Conditions of Contract, with respect to the Goods offered by the above firm.

Signed: \_\_\_\_\_ *[insert signature(s) of authorized representative(s) of the Manufacturer]*

Name: \_\_\_\_\_ *[insert complete name(s) of the authorized representative(s) of the Manufacturer]*

Title: \_\_\_\_\_ *[insert title(s) of the authorized representative(s) of the Manufacturer]*

Duly authorized to sign this Authorization for and on behalf of  
*[insert complete name of the Bidder]*

Dated on the \_\_\_\_\_ *[insert number]* day of \_\_\_\_\_ *[insert month]*, \_\_\_\_\_ *[insert year]*

## **INTEGRITY PACT**

### **1 General:**

Whereas *Heruka Zangpo, Project Director, Central Maintenance Division Project Office* representing the *Bhutan Power Corporation Limited*, Royal Government of Bhutan, hereinafter referred to as the “**Employer**” on one part, and ..... representing ..... hereinafter referred to as the “**Bidder**” on the other part hereby execute this agreement as follows:

This agreement shall be a part of the standard bidding document, which shall be signed by both the parties at the time of purchase of bidding documents and submitted along with the tender document. This IP is applicable only to “**large**” scale works, goods and services, the threshold of which will be announced by the government from time to time. The signing of the IP shall not apply to framework contracting such as annual office supplies etc.

### **2 Objectives:**

Whereas, the Employer and the Bidder agree to enter into this agreement, hereinafter referred to as IP, to avoid all forms of corruption or deceptive practice by following a system that is fair, transparent and free from any influence/unprejudiced dealings in the **bidding process**<sup>1</sup> and **contract administration**<sup>2</sup>, with a view to:

- 2.1 Enabling the Employer to obtain the desired contract at a reasonable and competitive price in conformity to the defined specifications of the works or goods or services; and
- 2.2 Enabling bidders to abstain from bribing or any corrupt practice in order to secure the contract by providing assurance to them that their competitors will also refrain from bribing and other corrupt practices.

### **3. Scope:**

The validity of this IP shall cover the bidding process and contract administration period.

### **4. Commitments of the Employer:**

The Employer Commits itself to the following:-

- 4.1 The Employer hereby undertakes that no officials of the Employer, connected directly or indirectly with the contract, will demand, take a promise for or accept, directly or through intermediaries, any bribe, consideration, gift, reward, favor or any material or immaterial benefit or any other advantage from the Bidder, either for themselves or for any person.

<sup>1</sup> Bidding process, for the purpose of this IP, shall mean the procedures covering tendering process starting from bid preparation, bid submission, bid processing, and bid evaluation.

<sup>2</sup> Contract administration, for the purpose of this IP, shall mean contract award, contract implementation, unauthorized sub-contracting and contract handing/taking over.

organization or third party related to the contract in exchange for an advantage in the bidding process and contract administration.

- 4.2 The Employer further confirms that its officials shall not favor any prospective bidder in any form that could afford an undue advantage to that particular bidder in the bidding process and contract administration and will treat all Bidders alike.
- 4.3 Officials of the Employer, who may have observed or noticed or have reasonable suspicion shall report to the head of the employing agency or an appropriate government office any violation or attempted violation of clauses 4.1 and 4.2.
- 4.4 Following report on violation of clauses 4.1 and 4.2 by official (s), through any source, necessary disciplinary proceedings, or any other action as deemed fit, including criminal proceedings shall be initiated by the Employer and such a person shall be debarred from further dealings related to the bidding process and contract administration.

## **5. Commitments of Bidders**

The Bidder commits himself/herself to take all measures necessary to prevent corrupt practices, unfair means and illegal activities during any stage of the bidding process and contract administration in order to secure the contract or in furtherance to secure it and in particular commits himself/herself to the following :-

- 5.1 The Bidder shall not offer, directly or through intermediaries, any bribe, gift, consideration, reward, favor, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the Employer, connected directly or indirectly with the bidding process and contract administration, or to any person, organization or third party related to the contract in exchange for any advantage in the bidding process and contract administration.
- 5.2 The Bidder shall not collude with other parties interested in the contract to manipulate in whatsoever form or manner, the bidding process and contract administration.
- 5.3 If the bidder(s) have observed or noticed or have reasonable suspicion that the provisions of the IP have been violated by the procuring agency or other bidders, the bidder shall report such violations to the head of the procuring agency.

## **6. Sanctions for Violation:**

The breach of any of the aforesaid provisions shall result in administrative charges or penal actions as per the relevant rules and laws.

- 6.1 The breach of the IP or commission of any offence (forgery, providing false information, mis-representation, providing false/fake documents, bid rigging, bid steering or coercion) by the Bidder, or any one employed by him, or acting on his/her behalf (whether with or

## Section IV- Bidding Forms

without the knowledge of the Bidder), shall be dealt with as per the terms and conditions of the contract and other provisions of the relevant laws, including De-barment Rules.

- 6.2 The breach of the IP or commission of any offence by the officials of the procuring agency shall be dealt with as per the rules and laws of the land in vogue.

### 7. Monitoring and Administration:

- 7.1 The respective procuring agency shall be responsible for administration and monitoring of the IP as per the relevant laws.
- 7.2 The bidder shall have the right to appeal as per the arbitration mechanism contained in the relevant rules.

We, hereby declare that we have read and understood the clauses of this agreement and shall abide by it.

The parties hereby sign this Integrity Pact at \_\_\_\_\_ on \_\_\_\_\_.

**VPMS Acceptance Form**

*[The Bidder shall fill in this form in accordance with the instructions indicated. No alterations to its format shall be permitted and no substitutions shall be accepted.]*

WHEREAS MESSRS (Insert the name of bidder ) \_\_\_\_\_ -- \_\_\_\_\_  
(hereinafter called "the Bidder") License No. \_\_\_\_\_ having our registered  
office at \_\_\_\_\_ has submitted its bid dated \_\_\_\_\_.

We hereby agree to abide by the Vendor Performance Management System of BPC or do affirm  
as follows.

1. We have read and understood all provisions set in the Vendor Performance Management System (VPMS) and we have no reservations to the VPMS document included in the Bidding Documents.
2. We agree to abide by all the provision of VPMS.
3. If our bid is accepted, we agree to be assessed as per the vendor rating methodology adopted by Bhutan Power Corporation Limited.
4. Depending on our performance, we accept the rating of Vendor Performance Index issued and any action taken by Bhutan Power Corporation Limited pursuant to the VPMS.
5. We shall be liable for any breach of this undertaking and non- compliance to the provisions of VPMS.

Refer Sub-clause 1.11 of Section I of Schedule V for packaging details

**LOT 3: Testing Equipment**

**Item 1: Digital Clamp on Multi-meter**

**Preferred Brand: Hioki, Megger, Kyoritsu or equivalent**

Sl. No.	Parameters	Units	Bidders To Fill up
			Digital Clamp on Multi-meter
1	AC Current range	A/Hz	
2	DC Voltage range	V	
3	AC Voltage range	A/Hz	
4	Resistance range	$\Omega/M\Omega$	
5	Power supply	Battery type/hours	
6	Core jaw dia.	mm of Dia	
7	Dimensions and mass	mm/kg	
8	Components in the set (accessories)		

**Footnote: The model number and make is required**

Refer Section II ITB 20.2 of Bid Data Sheet

Refer Sub-clause 1.11 of Section I of Schedule V for packaging details

**LOT 3: Testing Equipment****Item 2: Transformer oil test kit**

Preferred Brand: Megger, The Motwane Manufacturing Company Private Limited, UDEYRAJ ELECTRICALS  
PVT.LTD, KharkovEnergoPribor Ltd(KEP) or equivalent

SL. No.	Parameters	Units	Bidders To Fill up	
			Transformer oil test kit	
1	Test Voltage	kV		
2	Voltage rise time	kV/s		
3	Voltage rise time accuracy	%		
4	Voltage resolution and accuracy	kV		
5	Vessels	mL		
6	Temperature sensor resolution	°C		
7	Power Supply	V/Ph, Hz		
8	Batteries (optional)	V/Ah		
9	Line frequency	Hz		
10	Internal printer	Type		
11	Display	Type		
12	Operating temperature	°C		
13	Storage temperature	°C		

**Footnote: The model number and make is required**

Refer Section II ITB 20.2 of Bid Data Sheet

Refer Sub-clause 1.11 of Section I of Schedule V for packaging details

**LOT 3: Testing Equipment****Item 3: HV test set****Preferred Brand: Megger , UDEYRAJ ELECTRICALS PVT.LTD, KharkovEnergoPribor Ltd(KEP) or equivalent**

SL. No.-	Parameters	Units	Bidders To Fill up	
			HV test set	
1	Power consumption	kVA		
2	Power consumption short-time	kVA		
3	Input voltage	V/Ph, Hz		
4	Output voltage	kV DC		
5	Measuring range	kV <sub>RMS</sub> AC/ kV DC		
6	Precision	%		
7	Output current	mA <sub>RMS</sub>		
8	Measuring range	mA <sub>RMS</sub>		
9	Precision	%		

***Footnote: The model number and make is required***

Refer S ection II ITB 20.2 of Bid Data Sheet

Refer S ub-clause 1.11 of Section I of Schedule V for packaging details

**LOT 3: Testing Equipment****Item 4: Insulation Resistant tester****Preferred Brand: Megger, Hioki, UDEYRAJ ELECTRICALS PVT.LTD or equivalent**

Sl. No.	Parameters	Units	Bidders To Fill up	
			Insulation Resistant tester	
1	A.C. voltage (auto-ranging)	V rms, Hz, VA		
2	Test voltage	V		
3	Lock test voltage	V		
4	Test voltage accuracy	%		
5	Resistance range	k $\Omega$		
6	Accuracy	kV/ $\Omega$		
7	Short circuit / charge current	mA		
8	Insulation test alarm	k $\Omega$		
9	Capacitor charge	s/ $\mu$ F		
10	Capacitor discharge	ms/ $\mu$ F		
11	Battery life	Hrs		
12	Capacitance range	nF		
13	Capacitance measurement accuracy	nF		
14	Current range	mA		
15	Current accuracy	%		
16	Volmeter range	V		
17	Volmeter accuracy	%		

**Footnote: The model number and make is required**

Refer Section II ITB 20.2 of Bid Data Sheet

Refer Sub-clause 1.11 of Section I of Schedule V for packaging details

**LOT 3: Testing Equipment**

**Item 5: DVDF test set**

**Preferred Brand: Ajit electronics co., Rectifiers and Electronics or equivalent**

SL. No.	Parameters	Units	Bidders To Fill up
			DVDF test set
1	Input voltage	V/Ph, Hz	
2	Output voltage	V/Ph, Hz	
3	Output Frequency	Hz	
4	Capacity	kVA	
5	Metering	phase	
6	Duty Cycle	%	
7	Trip	Steps	
8	Timer	Type	
9	Output Control	Type	
10	Indicators	Type	
11	Cooling	Type	
12	Construction (Components in the set)	Units/Nos.	

**Footnote: The model number and make is required**

Refer Section II ITB 20.2 of Bid Data Sheet

# PRICE SCHEDULE

**Lot 1 - Machineries**

Sl. No.	Description of Machineries	Preferred Brands	Unit	Qty	Offered Country of Origin and Brand	Unit Price DDP (Nu.)	Total Price DDP (Nu.)
1	Supply, installation and commissioning of HT Coil Winding machine (Semi-Automatic , Coil Diameter: Not less than 450 mm , Coil length: Not less than 400 mm, Wire size : At least 0.1 mm to 3.6 mm of Cu (Copper), Controller : PLC based control (Siemens/Fuji.)	Preferred brand/Equivalent (Synthesis/ Whiteegg/Uday Enterprises)	SET	2			
2	Supply, installation and commissioning of Transformer Oil filter machine (Flow of oil (liter/Hour): 600 LPH, Neutralization Value: <0.1 mg of KOH/gram, Moisture content: 50-100PPM to <5PPM, Gas content: Up to < 0.05% by volume.)	Preferred brand/Equivalent (AR Engineering SATARA/Kristori)	SET	1			
3	Supply, installation and commissioning of Band saw machine (Round Cutting: 280mm, Square Cutting: 280 x 280mm, Blade Size: 2800 X 27 X 0.9mm, Blade Speed: 27.45.69m-min.)	Preferred brand/Equivalent (Bhavya machine tools/Multicut Machine Tools)	SET	1			
Supply and Delivery of the following items:							
4	Arc welding machine (Mains Supply V/Ph, Hz: 400 ±15% / 3, 50, Input Power (Max), KVA: 16, Permitted Load at 60% Duty Cycle, A: 400, Permitted Load at 100% Duty Cycle, A: 310, Current Range, A: 60-400)	Preferred brand/Equivalent (ESAB/LINCOLN/MILLER)	SET	3			
5	MIG welding machine (Mains Supply, V/Ph, Hz: 400 ±15% / 3, 50, Input current (Max), A: 23, Output range, A: 60-300, Output Voltage, V: 14-32, Permitted Load at 60% Duty Cycle, A: 300, Permitted Load at 100% Duty Cycle, A: 240)	Preferred brand/Equivalent (ESAB/LINCOLN/MILLER)	SET	1			
6	Oxygen- Acetylene gas cutting torch and welding kit set (Set including portable oxy-acetylene brazing welder tool set with two T-grade hose (color coded), goggles, regulator gauges (color coded), cutting tips, heating nozzle, welding nozzle storage case, tip cleaners and spark lighter)		SET	2			
7	High Pressure Washer (Powerful 2100-watt induction motor, Current type (V/Hz): 230 / 50, Pressure (bar/MPa): Not less than 20 - max. 140 / 2 - max. 14, Flow rate (l/h): Not less than max. 500, Max. inlet temperature (°C): max. 40, Connection load (kW): Not less than 2.1, Powerful 2100-watt induction motor )	Preferred brand/Equivalent (BOSCH/KARCHER/NILFISK)	SET	1			
8	Wet and Dry Vacuum cleaner with Tach filter cleaning system (Current type (Ph/V/Hz): 1 / 220 / 240 / 50 / 60, Air flow rate (l/s) : Not less than 7.4, Vacuum (mbar/kPa): Not less than 254 / 25.4, Container capacity (l): Not less than 40, Rated input power/ Amps (W): Not less than 1380)	Preferred brand/Equivalent (BOSCH/KARCHER/NILFISK)	SET	1			
9	Heavy Duty Soldering Iron (Chisel Point tip: Flat bits minimum of 2 inch (Copper), Power: Not less than 200 Watts, Input voltage: 220-220 V)	Preferred brand/Equivalent (HAKKO/ AMERICAN BEAUTY)	SET	4			
<b>TOTAL</b>							

**Lot 2 - Tools**

SL. No.	Description of Tools	Preferred Brands	Unit	Qty	Offered Country of Origin and Brand	Unit Price DDP (Nu.)	Total Price DDP (Nu.)
1	<b>Heavy Duty Double Ended Bench and Pedestal Grinder</b> (Grinding wheel diameter: Not less than 200 mm, Rated input power: Not less than 600 W, Grinding wheel width: 25 mm, No-load speed: 3,600 rpm, Grinding wheel bore: 32 mm, Grit: 24, 60 )	Preferred brand/Equivalent (Bosch/Toshiba/Dewalt/Makita/Black & Decker)	SET	2			
2	<b>1/2" DR. Air Impact Wrench Set</b> (Details of sets and accessories included in the detailed technical specification)	Preferred brand/Equivalent (Topful/ Gedore/ STANLEY)	SET	1			
3	<b>1/2" DR. Air Ratchet Wrench</b> (Max. Torque: Not less than 70 ft-lb / 95 Nm, Free Speed: Not less than 160 RPM, Air Pressure: 90 PSI / 6.2 BAR, Air Consumption: 3.92 CFM, Air Inlet: 1/4" PT, Min. Air Hose: 5/16" ID)	Preferred brand/Equivalent (Topful/ Gedore/ STANLEY)	SET	1			
4	<b>Angle Grinder</b> (Rated input power: Not less than 2000 W, No-load speed: 6500 rpm, Disc diameter: Not less than 180 mm, Grinding spindle thread: M 14)	Preferred brand/Equivalent (BOSCH/STANLEY)	SET	3			
5	<b>Hand operated pallet trolley</b> (Lift Capacity: minimum 2500 Kg, Fork Length: not less than 1150 mm, Width Overall Fork: not less than 550 mm, Lower Fork Height: not less than 80 mm, Max Lifting Height: not less than 200 mm)	Preferred brand/Equivalent (LM/ SWIFT/UTKAL)	SET	2			
6	<b>Hand operated pallet trolley</b> (Lift Capacity: minimum 4000 Kg, Fork Length: not less than 1150 mm, Width Overall Fork: not less than 550 mm, Lower Fork Height: not less than 80 mm, Max Lifting Height: not less than 200 mm)	Preferred brand/Equivalent (LM/ SWIFT/UTKAL)	SET	2			
7	<b>Master tool set (150 pcs)</b> (The Master Set has a tool kit with a variety of carefully chosen tools, 150 in count. Very portable and easy to carry around work places. ) (Details of sets and accessories included in the detailed technical specification)	Preferred brand/Equivalent (Stanley/Dewalt/Black and Decker/ Gedore or equivalent)	SET	2			
8	<b>Master tool set (132 pcs)</b> (The Master Set has a tool kit with a variety of carefully chosen tools, 132 in count. Very portable and easy to carry around work places. ) (Details of sets and accessories included in the detailed technical specification)	Preferred brand/Equivalent (Stanley/Dewalt/Black and Decker/ Gedore or equivalent)	SET	2			
9	<b>2-Speed Magnetic Drill Press</b> (Power : Not less than 1200W, Chuck capacity: 16 mm (5/8"), Magnetic clamping force : Minimum 9,300N (950kg), Drill Capacity: Not less than Steel: 50 mm (2"), No load speed (rpm): Not less than 250 / 450)	Preferred brand/Equivalent (Bosch/Toshiba/Dewalt/Makita/Black & Decker)	SET	1			
10	<b>Manual A3 paper cutter</b> (The A3 paper cutter should be able to easily cut through 400 sheets of 80g paper and includes a locking mechanism for two handed operation)	Preferred brand/Equivalent (N. S. Enterprises/ Engineering Drawing Equipment )	Nos	1			
11	<b>Rotary Hammer with SDS plus</b> (Rated Input power : 800W, Impact energy: Not less than 2.7J, Impact rate at rated speed: 0-4,000bpm, Rated speed: 0-900 rpm)	Preferred brand (Bosch/Toshiba/Dewalt/Makita/Black & Decker)	SET	1			
<b>TOTAL</b>							

### Lot 3 - Testing Equipments

SL. No.	Description of Equipments	Preferred Brands	Unit	Qty	Offered Country of Origin and Brand	Unit Price DDP (Nu.)	Total Price DDP (Nu.)
1	<b>Digital Clamp on Multi-meter</b> (Measures AC current : 41.99 to 1000 A, AC voltage: 4.199 V to 600 V, DC voltage: 419.9 mV to 600 V, Resistance: 419.9 $\Omega$ to 41.99 M $\Omega$ , Continuity: Buzzer sounds at 50 $\Omega$ $\pm$ 40 $\Omega$ or less)	Preferred brand/Equivalent (Hioki/Megger/Kyoritsu)	SET	5			
2	<b>Transformer oil test kit</b> (Fully automatic insulating oil dielectric breakdown testing, Test voltage: 0 to 100 kV rms maximum (50 kV - 0 - 50 kV), Voltage rise time accuracy : better than 5%, Voltage resolution and accuracy: 0.1 kV $\pm$ 1% $\pm$ 2 digits, Vessels: 400 ml (standard), 150 ml (option), Temperature sensor resolution: 1°C, Internal printer: Dot matrix impact printer with graphical output Paper 57.5 mm wide, weight 52 gm per roll Epson black ribbon cassette)	Preferred brand/Equivalent (Megger/The Motwane Manufacturing Company Private Limited/UDERAJ ELECTRICALS PVT.LTD/KharkovEnergoPribor Ltd(KEP))	SET	1			
3	<b>HV test set</b> (Continuous testing with AC voltages up to 100 kVrms at 5 kV/A, sensitive PD measurements, Built-in overcurrent protection, DC testing up to 130 kV with optional rectifier)	Preferred brand/Equivalent (Megger/UDERAJ ELECTRICALS PVT.LTDKharkovEnergoPribor Ltd(KEP))	SET	1			
4	<b>Insulation Resistant tester</b> (Insulation resistance up to 20 T $\Omega$ @ 10kV, A.C. voltage (auto-ranging): 90-264 V rms, 47- 63 Hz 100 VA, Test voltage: 500 V, 1000 V, 2500 V, 5000 V, 10000 V)	Preferred brand/Equivalent (Megger/Hioki/UDERAJ ELECTRICALS PVT.LTD)	SET	2			
5	<b>Supply, installation and commissioning of DVDF test set</b> (Motor Generator Unit: This set up consists of a motor and generator combination to develop the required voltage and frequency. Control Panel Unit: The excitation of generator is governed through variac to control the output voltage. The necessary protection provided for all items against overload/single phasing)	Preferred brand/Equivalent (Rectifiers and Electronics /Ajit electronics co.)	SET	1			
<b>TOTAL</b>							

**Footnote:** If there are any mismatch in brand and specifications, the detailed technical specifications will supersede the brief description stipulated in this page.

**Lot 4 - Spares and consumables**

Sl No.	Material Description (Specifications)	Unit	Quantity	Offered Country of Origin and Brand	Unit Price at Delivery Port (DDP) (Nu)	Total Price at Delivery Port (DDP) (Nu)
1	Transformer Bushing (1.1kV, 250A (As per IEC 60137))	SET	100			
2	Transformer Bushing (1.1kV, 600A (As per IEC 60137))	SET	100			
3	Transformer Bushing (33kV, 250A (As per IEC 60137))	SET	50			
4	Transformer Bushing (11kV, 250A (As per IEC 60137))	NO	50			
5	Transformer Breather (Breather with Silica Gel (1"))	NO	20			
6	Transformer Breather (Breather with Silica Gel (1/2"))	NO	80			
7	Transformer Breather (Breather with Silica Gel (3/4"))	NO	50			
8	Transformer Bushing Stud Set (HT) (Dia: 16mm (11kV, 250amps))	NO	30			
9	Transformer Bushing Stud Set (LT) (Dia: 30mm (1.1kV, 630amps))	NO	70			
10	Transformer Bushing Stud Set (LT) (Dia: 20mm (1.1kV, 630amps))	NO	70			
11	Arching horn for 11kv (11kV)	NO	230			
12	Arching horn for 33kv (33kV)	NO	230			
13	Oil level Indicator Glass (Hard Plastic Transparent PVC Sheet (1mm*1000mm*1000mm))	KG	20			
14	Rust Removing Spray (WD 40 500ml )	NO	20			
15	Soldering Wire (14SWG)	KG	20			
16	Bakelite Tube (Dia:8mm & Length 1000mm)	NO	50			
17	Bakelite Tube (Dia:10mm & Length 1000mm)	NO	50			
18	Bakelite Tube (Dia:12mm & Length 1000mm)	NO	50			
19	Ampere Tape (1", 30 m length)	NO	50			
20	Ampere Tape (3/4", 30 m length)	NO	50			
21	Cotton Tape (3/4", 30 m length)	NO	150			
22	Cotton Tape (1", 30 m length)	NO	150			
23	Rough Cotton Tape (Thickness: 1mm, Width: 2" & Length: 10m)	NO	100			
24	Glass Fibre Tape (3/4" * 85m)	NO	20			
25	Transparent Industrial Tape (Width: 1" & Length: 85m)	NO	250			
26	Gate Valve ((Meter Valve) 1")	NO	10			
27	Gate Valve ((Meter Valve) 1/2")	NO	40			
28	Gate Valve ((Meter Valve) 3/4")	NO	40			
29	Gate Valve ((Meter Valve) 2")	NO	5			
30	GI Cap (3/4")	NO	10			
31	GI Cap (1/2")	NO	60			
32	GI Seal Plug (1")	NO	60			
33	GI Seal Plug (1/2")	NO	50			
34	GI Seal Plug (3/4")	NO	50			
35	Teflon tape (Thread Seal Tape, 30 m length)	NO	20			
36	Condensator paper (2mils (.05mm) * 300mm)	NO	50			
37	Condensator paper (5mils(.1mm) * 300mm)	NO	50			
38	Border Strip paper (Thickness:0.5mm, Width: 1" & Length: 100m)	NO	100			
39	Electrical insulating Paper (5mil B-5-1 M)	KG	40			
40	Border Strip paper (4 mm x 8 mmX 100cm)	NO	20			
41	Galvanised Nuts and Bolt ( assorted sizes of 5kg each) (M6X 1.5X 35mm to M12 6X 1.5X 35mm )	KG	30			

42	Round Oil Seal rubber washer (1.1kV)(Inner Diameter: 12mm, Outer Diameter: 24mm, Height: 16mm))	NO	400				
43	Round Oil Seal rubber washer (11kV (Inner Diameter: 12mm, Outer Diameter: 30mm, Height: 20mm))	NO	500				
44	MS Thread bar (M12 X 1.5 M)	NO	10				
45	MS Thread bar (M10 X 1.5 M)	NO	10				
46	Tap Changer ((11/0.230kV) OFF Circuit, 5 position tap changer)	NO	15				
47	Tap Changer ((11/0.415kV) OFF Circuit, 5 position tap changer)	NO	40				
48	Tap Changer ((33/0.415kV) OFF Circuit, 5 position tap changer)	NO	30				
49	Tap Changer ((33/0.230kV) OFF Circuit, 5 position tap changer)	NO	15				
50	Fibre Sleeve ( Sizes : 1mm-4mm (Length: 1000mm))	NO	2000				
51	Fibre Sleeve ( Sizes : 6mm & 8mm (Length: 1000mm))	NO	700				
52	Heat Sinking Tube (Sizes: 8mm, 6mm, 4mm, 2mm, 3mm, 1mm)	NO	200				
53	Insulated Cu Cable Lugs and splicer (Sizes : 1sqmm) (Types: Butt Ring, Spade Bullet, Fork, Spade, Quick Splice Terminals Connectors)) Set should include: minimum of quantity 20 nos for each type	SET	4				
54	Insulated Cu Cable Lugs and splicer (Sizes : 2sqmm) (Types: Butt Ring, Spade Bullet, Fork, Spade, Quick Splice Terminals Connectors)) Set should include: minimum of quantity 20 nos for each type, total quantity 100	SET	4				
55	Insulated Cu Cable Lugs and splicer (Sizes : 3sqmm) (Types: Butt Ring, Spade Bullet, Fork, Spade, Quick Splice Terminals Connectors)) Set should include: minimum of quantity 20 nos for each type, total quantity 100	SET	4				
56	Insulated Cu Cable Lugs and splicer (Sizes : 4sqmm) (Types: Butt Ring, Spade Bullet, Fork, Spade, Quick Splice Terminals Connectors)) Set should include: minimum of quantity 20 nos for each type, total quantity 100	SET	4				
57	Insulated Cu Cable Lugs and splicer (Sizes : 5sq mm) (Types: Butt Ring, Spade Bullet, Fork, Spade, Quick Splice Terminals Connectors))Set should include: minimum of quantity 20 nos for each type, total quantity 100	SET	4				
58	Insulated Cu Cable Lugs and splicer (Sizes : 6sqmm ( Ring type))	NO	20				
59	Insulated Cu Cable Lugs and splicer (Sizes : 10sqmm ( Ring type))	NO	20				
60	Insulated Cu Cable Lugs and splicer (Sizes : 16sqmm ( Ring type))	NO	20				
61	Insulated Cu Cable Lugs and splicer (Sizes : 25sq mm ( Ring type))	KG	100				
62	Pre-span Paper (Thickness: 1mm, Length: 1500mm & Breath: 1000mm)	KG	70				
63	Pre-span Paper (Thickness: 2mm, Length: 1500mm & Breath: 1000mm)	KG	150				
64	Pre-span Paper (Thickness: 3mm, Length: 1500mm & Breath: 1000mm)	KG	120				
65	Pre-span Paper (Thickness: 4mm, Length: 1500mm & Breath: 1000mm)	KG	20				
66	Pre-span Plastic (Thickness: 0.3mm)	NO	400				
67	Cape Tube Paper (Thickness: 1mm, Inner Diameter: 6mm, Outer Dia: 8mm, Length: 1000mm)	NO	400				
68	Cape Tube Paper (Thickness: 2mm, Inner Diameter: 12mm, Outer Dia: 16mm, Length: 1000mm)	NO	400				
69	Cape Tube Paper (Thickness: 2mm, Inner Diameter: 18mm, Outer Dia: 22mm, Length: 1000mm)	NO	400				
70	Cape Tube Paper (Thickness: 2mm, Inner Diameter: 24mm, Outer Dia: 28mm, Length: 1000mm)	NO	400				

71	Cepe Tube Paper (Thickness: 2mm, Inner Diameter: 30mm, Outer Dia: 34mm, Length: 1000mm)	NO	400			
72	Cork sheet (Length: 3', Breath: 2' & Thickness: 6mm)	EA	100			
73	Black Rubber Gasket (10MM*10MM)	M	250			
74	Steel Wire Brush (Size: 5 row (with handle))	EA	10			
75	Duco Thinner (1 Litre Container)	L	60			
76	Smoke grey paint (5 litre Container)	L	90			
77	Dendrite (1 Litre Container)	L	70			
78	Fevicol (1 Litre Container)	L	200			
79	MS welding rod (3.2 mm, 3mm)	KG	10			
80	MS welding rod (4.2 mm, 4mm)	KG	10			
81	Copper Welding rod (E-206)	KG	2			
82	Brass Brazing rod (3.2mm)	KG	2			
83	MS Brazing rod (2mm)	KG	10			
84	MS Brazing Rod (2.6mm)	KG	10			
85	Hack saw blade (1" Double)	NO	10			
86	HSS Tool Bits ((6 x6x64))	NO	5			
87	HSS Tools Bits (8x8x7 mm)	NO	5			
88	MS Sheet (2500x2mm)	SHT	2			
89	MS sheet (2500 x1250 x3 mm)	SHT	2			
90	MS Solid bar (25mm dia)	M	2			
91	Solid Teak Wood (Teak)	FT3	20			
92	Plywood ((Thickness: <20mm, Length: 8' & Breath: 4'))	NO	10			
93	PVC Insulated Cu wire (1solid strand (Dummy) (6sqmm))	M	200			
94	Cable tie ((4", 5", 6", 8"))	NO	4000			
95	Helmet (White)	NO	15			
96	Dhoti Rag (Old Rags)	KG	800			
97	Vacuum Pump Oil (IG 68 (ISO VG 220))	L	50			
98	Booster Pump Oil (MD 504)	L	20			
<b>TOTAL</b>
