DECC/EACD/Dzo-Mongar/4341/2024/ 1197

July 16, 2024

ENVIRONMENTAL CLEARANCE

In accordance with Section 34.1 of the Environmental Assessment Act 2000, this Environmental Clearance (EC) is hereby issued to **Bhutan Power Corporation Limited (BPCL)** for the **realignment of 0.628 KM Kilikhar-Kanglung and 0.254 KM Kilikhar-Lhuntse transmission line in State Reserved Forest Land (SRFL) measuring an area of 5.97 acres and construction of access road in SRFL measuring an area of 0.1 acres at Kilikhar under Mongar Gewog in Mongar Dzongkhag** with the following terms and conditions:

I. General

The holder shall:

1. Comply with provisions of the National Environment Protection Act 2007, Environmental Assessment (EA) Act 2000 and Regulation for Environmental Clearance of Projects (RECOP) 2016, Waste Prevention & Management Act of Bhutan 2009 and its Regulation 2012 (Amendment 2016), The Water Act of Bhutan 2011 and its Regulation 2014 and Revised Regulation on the Substances that Deplete the Ozone layer and Hydrofluorocarbons (HFCs) 2021;
2. Ensure that the activity is in line with the Initial Environmental Examination (IEE) report and project document submitted for EC;
3. Ensure that local communities, properties and any religious, cultural, historic and ecologically important sites are not adversely affected by the activity;
4. Restore the damage of any public or private properties caused by the activity;
5. Inform DECC and any other relevant authorities of any unanticipated or unforeseen chance-find of any precious metals or minerals or articles, that have economic, cultural, religious, archeological, and/or ecological importance;
6. Ensure that safety sign boards are posted at strategic locations, including sign boards indicating where the specific safety gadgets are required;
7. Erect a signboard at the take-off point of the main entry of the project area stating the name and contact address;
8. Ensure that the copy of the EC is framed and displayed at the workplace/office.

II. Environmental Standards

The holder shall comply with the Environmental Standards 2020.

III. Import and use of Ozone Depleting Substances (ODS)

The holder shall import and use ODS and the HFCs as per the Revised Regulation on the Substances that Deplete the Ozone layer and HFCs 2021.

IV. Protection and management of water resources

The holder shall:

1. Ensure that the activity does not disrupt the water flow and pollute the water bodies; and

P.O Box No. 141, Telephone (975) 323384/324323/326993

Margdar

2. Ensure that a 30 meters or 100 feet buffer is maintained from the water resources at all times.

V. Waste prevention and management

The holder shall:

1. Manage wastes generated from the activity (construction sites, offices, etc.) with the application of 4R (Reduce, Reuse, Recycle, Responsibility) principle and other environmentally friendly methods of waste management;
2. Ensure that wastes generated from the activity is not mixed with the domestic wastes and dumped separately at pre-identified approved dumpsite;
3. Ensure that import and use of hazardous wastes are strictly prohibited; and
4. Ensure that wastes are properly stored prior to disposal/dispatch.

VI. Management of excavated materials and surface run-off

The holder shall:

1. **Excavated materials generated from the construction of the tower should be used for backfilling the tower pits**
2. Dispose of excavated materials generated during the construction of the approach road only at the pre-identified/approved dump sites;
3. Put appropriate measures for the management of surface run-off to avoid erosion and landslides;
4. Ensure that dust generated from the proposed activities and vehicular movement is adequately suppressed by sprinkling water;
5. Ensure that the vehicles transporting the materials are properly covered to avoid spillages and fugitive emissions along the highways and roads.

VII. Others:

The holder shall:

1. Close off the approach road after the completion of the activity as per the management plan submitted for the EC; and
2. Ensure that adequate measures are taken to reduce noise generated from the plant.

VIII. Monitoring and reporting

The holder shall:

1. Ensure that the effective day-to-day monitoring of the EC terms and conditions are carried out by the environmental unit or designated environment focal person; and
2. Maintain monthly records on wastes generated and its management – stating types (construction and general wastes), quantities, and characteristics and submit to DECC annually.

IX. Implementation plan

The holder shall prepare a detailed implementation plan focusing on the implementation of terms and conditions of this EC and submit to DECC within three (3) months from the date of issue of this EC as per the reporting format attached herewith.

X. Renewal and modification

The holder shall:

1. **Ensure that renewal of this EC is submitted to the DECC at least one (01) to three (3) months prior to its expiry along with a copy of EC, a report on the implementation of its terms and conditions as per the format attached and payment of prescribed**

renewal application fee failing to which the applicant shall be liable for penalty as per the RECOP 2016; and

2. Obtain prior approval from DECC for any modification to the existing proposal/application including, but not limited to, an increase in production capacity, change in location of the project, change in ownership, etc.

Reservation

1. The DECC may stop the activity or impose additional terms and conditions, as may be deemed necessary;
2. That the DECC shall not be liable for any consequences resulting from the failure of the promoter to acquire relevant sectoral clearances (approval/renewal) from the concerned agencies; and
2. The EC shall be subject to periodic review and modifications as per Article 25 of the EA Act 2000, without any liability on the part of the Royal Government.

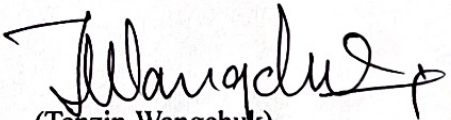

The holder may adopt best practices in executing these terms and conditions to avoid adverse environmental impacts.

Failure to comply with any of the above terms and conditions shall constitute an offense and the proponent shall be liable in accordance with the EA Act 2000 and/or existing environmental laws.

Validity:

This EC is issued with validity from July 16, 2024 until July 15, 2025 only for the realignment of 0.628 KM Kilikhar-Kanglung and 0.254 KM Kilikhar-Lhuntse transmission line in State Reserved Forest Land (SRFL) measuring an area of 5.97 acres and construction of access road in SRFL measuring an area of 0.1 acres.

This EC is issued solely pursuant to the EA Act, 2000 and its Regulations and in no way intends to overrule or alter the provisions of any law or rules in force. The Holder of this EC shall be responsible to adhere to the requirements under other laws and the issuing authority assumes no liability resulting from non-compliance or omission of any laws or rules.
