April 21, 2026

Internal Vacancy Announcement for the position of Head, ESSD Wamrong, ESD Trashigang.

Support Services Division is pleased to announce the vacancy for the post of **Head of Electricity Services-Sub Division (ESSD), Wamrong, ESD Trashigang**. *The revised eligibility criteria are in line with the decision taken during Management Meeting No. 05 held on April 01, 2026.*

The details of the post are as follows:

- I. The Head shall report to the Chief Divisional Manager of the Electricity Service Division (ESD), Trashigang
- II. The Head shall be responsible for all the functions of the office as follows:

A. Duties and Responsibilities:

1. Responsible for the overall administration and control of the ESSD.
2. Provide reliable, adequate and quality power supply to the customers.
3. Operate and maintain distribution network assets and systems.
4. Formulate yearly preventive maintenance plan for the distribution system of ESSD and ensure a smooth implementation for reliability improvement.
5. Safeguard and optimize the usage of resources (viz., human capital, network assets, civil infrastructure, vehicles, etc.) of the company in the delivery of services to customers to achieve the company's objective of economic viability and sustainability in compliance with the established company and statutory rules and regulations.
6. Formulate and implement 5-year network asset reinforcement, augmentation, and expansion plans and the annual budget thereof in response to strategic plans of the company and anticipated electricity load growth/forecast of the area/region under jurisdiction.
7. Undertake accurate and timely metering, billing, collection, and accounting of electricity imports from Transmission substations and sales to customers following established company guidelines and technical standards.
8. Ensure collection efficiency through timely disconnection of services to the defaulters.
9. Implement distribution network automation, digitization, and other innovation projects formulated by the Distribution Department/DCSD/ESD to enhance reliability, quality, and safety of electricity supply to customers.
10. Represent as focal person of BPC in the region and with relevant external stakeholders of the company.
11. Maintain good customer relationships through efficient and reliable delivery of power supply.
12. Provide adequate public awareness on electrical safety awareness to communicate and educate the general public in both urban and rural areas about the safe utilization of electric energy to mitigate/eliminate electricity safety incidents.
13. Actively engage with all relevant internal stakeholders (at all times) to meet the company's articulated objectives/targets, customers' needs, and regulatory compliance.
14. Ensure periodic maintenance of distribution lines & substations as per the O&M manual.
15. Monitor the losses and come up with strategies to reduce them wherever possible.
